TERRIFIC FIGHTING

(Continued from page one.)

alone captured 41,605 officers and men. Cannoning continues on the Somme front and on the right bank of the Meuse. Naucy, the statement added, has again been bombarded by air squadrons.
British Loss Heavy
Berlin, via wireless to Sayville, L. I., Nov. 7.—Heavy losses have been sustained by French and British forces in the past few days of their powerful offensive, the war office stated today. Australian troops suffered especially on Sunday, as did French attacking forces, which charged time after time across fields covered with their own dead.
In the group of Crown Prince Rupprecht, the statement said, "although the English visibly intended to continue their heavy attacks yesterday, they only succeeded east of Court L'Abbaye in leaving their trenches and were forced immediately to return.
The English losses of dead November 5 were especially considerable in the Australian divisions, and the French delivered their last attacks across ground covered with dead.
The attacks were resumed against

MINOR LEAGUE WILL DO SOME TALKING

Magnates On Way to New Orleans--Will Demand Better Treatment

By H. C. Hamilton (United Press staff correspondent)
New York, Nov. 7.—Bent on doing several things to the national agreement, primed with suggestions of many sorts, broken in pocketbook, but not in spirit, the minor league baseball magnates of the country begin today to step into the limelight. They are on their way to New Orleans, where a week from today they will open their annual meeting.
The minor leagues have been in a bad way for a long time and many a bush town mogul has been spending his nights without sleep trying to figure out a plan whereby baseball can be made to pay in the smaller cities of the country. Nearly every one of them has planned some sort of a suggestion and the air at New Orleans is going to be full of them.
Re-districting plans are part of the rumors flying around regarding possible re-organization of the small circuits. These reorganizations as planned call for splits in present circuits that are almost unbelievable. Drastic measures will be suggested and there are some magnates who believe at least a part of them will be adopted.
The minors feel they have not been getting the right sort of treatment and they want some change in the national agreement. Alton Dave Fultz has a bone to pick with the magnates, and some new demands already are in possession of the national board for submission at the New Orleans meeting.
The minors—some of them—want representation on the national commission and this is another question that will get lots of attention.
ed by us and as a reprisal the town of Rheims was shelled, the statement said.

No Change in Balkans
Berlin, via wireless to Sayville, L. I., Nov. 7.—A small bridgehead on the left bank of the Stocobud has been stormed and taken, and a number of prisoners captured by Prince Leopold's armies, the war office announced today. The Germans suffered no losses. The Balkan front showed no change.

Rumanian Loss Great
London, Nov. 7.—Rumanian losses on the Dobrudja front in the Jial valley fighting have exceeded a division and a half, wireless dispatches from Bucharest stated today.

A German army division consists of about 23,000 officers and men of virtually all fighting classes.

Rumanians Advance
Bucharest, Nov. 7.—Rumanian armies on the Dobrudja front have advanced along the whole line, the war office announced this afternoon.

An Eveslax Eden.
(After the National Geographic Magazine)
Athos, a Greek peninsula jutting out into the Aegean sea, is a stronghold secure against feminists, suffragettes, suffragettes and ladies militant. To put it more plainly, an ancient law forbids any female creature to set foot on the soil of the sacred mount. As one might suspect, of course, in a world inhabited by descendants of Eve, that law has been broken. There are legends of inquisitive empresses who were miraculously prevented at the door from defiling certain monasteries by their intrusions. There are other legends of monasteries subjected to fasting, humility and purification by reason of some such uninvited guest.

Even the furred and feathered colonists of Mount Athos are supposed to leave their harems at home. Neither cow nor hen wakens the echoes of the monastic community, and the monks' kitchens are supplied with milk, butter and eggs from their distant farms on the mainland. The dispiriting effects of celibacy are nowhere so visible as among the army of tomatoes that haunt the cloisters.
After extensive experiments British manufacturers have found that paper can be economically made from a grass that grows freely in Burma.

Rheims Again Shelled
Berlin, via wireless to Sayville, L. I., Nov. 7.—German artillery has again been forced to shell Rheims, the war office announced today.
Fire of French batteries stationed south of Rheims which have played on villages behind our front, was answered

All Run Down and Worn Out From Kidney Trouble

Some time ago I had a severe attack of kidney trouble in condition was such that I was up and down. I was not able to work more than half of the time. I seemed all worn out, had no appetite and could not rest at night. I tried several different remedies all with no results. I wrote Dr. Kilmer & Co. and they sent me a small sample, which seemed to give me relief. I then purchased more Swamp-Root and continued to take it until restored to good health. I have been strong and healthy for the last twelve years. I cheerfully recommend Dr. Kilmer's Swamp-Root to others who have kidney trouble.

MRS. R. CROSSLEY, Antlers, Okla.
Personally appeared before me this 1st day of March, 1915, Mrs. R. Crossley, who subscribed the above statement and made oath that the same is true in substance and in fact.
Ed. Brown, Notary Public, in and for Pushmataha Co., Okla.
Letter to Dr. Kilmer & Co., Binghamton, N. Y.
Prove What Swamp-Root Will Do For You.
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Salem Daily Capital Journal. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Saloniki Sees Live Reproduction of American Painting, "Spirit of 1776"

"SPIRIT OF 1916" IN GREECE.

As the three men shown in the picture paraded the streets of Saloniki, where they were photographed, the reminded some Americanized Greeks of the American painting, "The Spirit of 1776," and the picture was dubbed, "The Spirit of Greece in 1916." Strictly speaking, however, these men are not Greeks at all, but Macedonian Turks and wandering mendicant musicians, wandering from town to town in the disturbed country. Men such as these have caused much trouble in Saloniki and the surrounding country by their lawlessness, and their activities will probably be restricted severely when Greece begins active operations against the Bulgars and Turks.

Watt Shipp's Defeat Salem Alleys' Team

In the bowling match held last night on the club alleys the Watt Shipp team captured two games from the Salem alleys team by a total score of 2016 to 2484 which gives a team average of 168 to 196. Harrington of the Salem Alleys rolled high game with a score of 223 while Patton, also of the Salem alleys, took high average with 197.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hartz Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Catarrh Cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

BETTING CHANGES IN FAVOR OF WILSON

Gets to Even Money in New York and Wilson Favorite in West

By Perry Arnold.

(United Press staff correspondent.)
New York, Nov. 7.—The flood of ballots which will sweep either Wilson or Hughes into the presidency March 4 began rising early today.
While publicly sponsors for the republican and democratic organizations declare entire confidence in the vote, privately they are very much at sea. In no previous election has there been such complete lack of indication of which way the straws blow. The "silent vote" has been more silent than ever before. Since the campaign opened about August 19 there have been half a dozen different "trends" to public sentiment, overlapping at times. Today both sides were claiming the benefit of such a current.

The most unusual eleventh hour development in connection with the election was in the betting. Wall street prides itself on having always picked a winner. Up until midnight the odds have favored Hughes. But today they opened with less advantage to the republican nominee almost at even money. At the Waldorf, Tex. Rickard, discarded for the nonce the role of right promoter to act as betting commissioner, couldn't place money except at even odds. More republican cash was in evidence than democratic. It was estimated that at least \$7,000,000 will change hands on the verdict of the voters today, probably the largest sum that has ever been wagered on a presidential election.
But if the odds here were slightly in favor of Hughes, messages from certain mid-west cities indicated a complete reversal. In Cleveland, for instance, betting commissioners here said Wilson couldn't place money except at even odds. The American people may expect first complete city returns from two or three small hamlets in Massachusetts, which have had the proud distinction of being first to be mentioned in half a dozen elections.

In the pivotal state of New York, first returns are expected from Buffalo, where voting machines are expected to give the result immediately after the polls close at 5 o'clock.

An Improvised Light.
If your electric lights are cut off suddenly, a very good light can be made in the following manner: Melt a tablespoonful of lard and pour it in the top of a baking powder can. Put in four strands of ordinary white wrapping twine, allowing one end to stand up for about one-half inch above the edge of the can. Tight the end the same as a candle.

The Leaves' Color.
Many people are under the impression that the leaves of the trees and creepers turn red or yellow or purple or brown under the action of frost, but the truth is that frost has nothing to do with the change. The leaves in September and October begin to change long before we have frost. It is merely the ripening of the leaves, just as

THE FIRST RETURNS

(Continued from page one.)

into Chicago this afternoon from all sections of the state indicate that the woman vote in Illinois would approximate 550,000 and would probably be the controlling factor in the disposition of the state's electoral vote.
The women voted a separate ballot, Illinois suffrage being limited to president and state and county officers not provided by the state constitution.

New York, Nov. 7.—The first Iowa regiment at Brownsville, voted Wilson 114; Hughes, 88, the democratic national committee announced.

Rochester, N. Y., Nov. 7.—Early returns show that Wilson is running ahead of his ticket in Rochester. Four districts give Hughes 855, Wilson 540.

Montana's Big Vote
Helena, Mont., Nov. 7.—It was estimated this afternoon that Montana would poll 175,000 votes. The balloting in western Montana is the heaviest in years. Snow in Battle kept many at home. The farmers in eastern Montana are voting strongly.

Portland Bets \$100,000
Portland, Or., Nov. 7.—Betting commissioners estimated today that \$100,000 would change hands in Portland tonight when the result of the presidential election becomes known. Odds are even.

Portland Votes Early
Portland, Or., Nov. 7.—Less than three hours after the polls opened in Portland today one third of the total registration had been voted in the residence districts. In the business section the balloting was lighter, but election officials expected a heavy vote late this afternoon.

Seattle Voters Waiting
Seattle, Wash., Nov. 7.—Voters were waiting for a chance to cast their votes in 27 city precincts when the polls opened at 8 o'clock and there was an unusually heavy early hour vote cast before 9 a. m.

To Banish Moths.
The present is the time to watch for moths and right through to end of autumn. Get a good supply of naphthalene, in lumps at a good chemist's, and put this among your clothes. Do not stink it and never mind the smell. If you do this the moths will not settle and lay their eggs. This is the real danger, as the moth itself does not destroy the article. The young when developing from the eggs laid in fabrics do the damage.

Spraying of pulverized coal into the fire boxes of steamship boilers by a new method produces such intense heat that the ashes literally are melted and run down out of the way.

The discovery by a London scientist that oxidizing the surface of glass lessens its reflecting power has led to the invention of lenses which transmit more light than normally.

TO THE POLICYHOLDERS OF THE PRUDENTIAL INSURANCE COMPANY OF AMERICA
Notice is hereby given that a meeting of the policyholders of The Prudential Insurance Company of America will be held at the Home Office of said Company in the City of Newark, New Jersey, on Monday, the fourth day of December, 1916, at twelve o'clock noon, for the purpose of selecting fifteen persons to be voted for by the policyholders' Trustees as members of the Board of Directors at the annual election of Directors of the Company to be held on the eighth day of January, 1917.

HOSTETTER'S STOMACH BITTERS

GEORGE S. DOWNING CROSSES THE DIVIDE

Venerable Pioneer Passes Away at Early Hour This Morning

George S. Downing, Oregon pioneer of 1853, died this morning at 6:45 o'clock at his home, 1983 State street, after an illness of four weeks. He celebrated his 80th birthday just one week ago today.

He is survived by his wife and four children: William H. Downing, of Sublimity; R. E. Downing and Walter Downing, of Salem, and Mrs. Jantha Shelbreds, of Marshfield.

The funeral services will be held Thursday afternoon at 3 o'clock from the parlors of Rigdon & Richardson, conducted by the Rev. F. T. Porter of the First Christian church. The body will be laid away in the Salem mausoleum.

The honorary pallbearers will be all the justices of the supreme court, Judge William Galloway, Judge Percy R. Kelly and the Hon. John A. Carson. The active pallbearers are S. T. Richardson, John H. McNary, A. O. Condit, George G. Bingham, Carey E. Martin and L. H. McMahon. As a mark of respect, the circuit court will adjourn Thursday morning at 9 o'clock.

George S. Downing, pioneer, soldier, lawyer and former superintendent of the Oregon state penitentiary, was born in Pennsylvania on October 28, 1836. His father was descended from one of the old colonial Virginia families, of Scotch-Irish ancestors.

He was reared and educated in Davis county, Illinois, and left his home in April of 1853 to join a wagon train for the far northwest, arriving in Marion county in September of 1853. John Downing, a brother, had preceded him and had settled in the Waldo Hills in 1847.

Upon the call of the governor of the state in 1854 for volunteers to assist in putting down an Indian uprising, Mr. Downing was the second to enlist.

In 1857 he was married to Miss Missouri A. Evans, a native of Missouri, and to them was born three children. Eight years later Mrs. Downing died. In 1857 he married Mrs. Mary Smith and to them was born two children.

During the greater part of his residence in Marion county from 1864 to 1880, Mr. Downing served as justice of the peace and in 1882 was admitted to the bar, later forming a partnership with S. T. Richardson.

In March of 1888, he was appointed by Governor Penney superintendent of the state penitentiary and his management of this institution reflected great credit on his advanced ideas. When he entered on his duties, there was general dissatisfaction among the convicts but a better spirit prevailed after Mr. Downing had introduced his liberal ideas.

Mr. Downing was a member of the Masonic fraternity and had served as grand master of his lodge. For eight years, he was chief marshal of the state agricultural society. His ranch of 572 acres is located near Sublimity in the Waldo Hills district.

He estimated this afternoon that Montana would poll 175,000 votes. The balloting in western Montana is the heaviest in years. Snow in Battle kept many at home. The farmers in eastern Montana are voting strongly.
