URIC ACID---GOING---GOING---GONE

"Anuric" Will Not Fail to Stop Your Backache.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dizziness and many other serious disturbances. Doctor Pierce, of Buffalo, New York, advocates that every one should drink plenty of pure water between meals. Every day should exercise in the outdoor air sufficiently to sweat profusely, and from time to time stimulate the kidney action by means of "Anuric." This preparation has been thoroughly tried out at his Sanitarium, in the same way as his "Favorite Prescription" for weak women and "Golden Medical

University Notes

Donald Matthews, son of Prof. James T. Matthews of the mathematics department and one of the most popular men attending the university, has been compelled to leave school on account of a nervous breakdown due to overwork. Hoping to regain his health and resume his studies next year, Mr. Matthews will retire to the virgin forests for several months. It is on the Willamette Collegiate that his absence will be felt most keenly for his consistent work and pronounced humorous tendencies were valuable to the interests of the expanding student body newspaper.
After much discussion the newly organized literary societies at the university have chosen their official names for their permanent organizations. Chestnutmeath, the name of the woman's society means proud of learning and Christophilian, the men's society stands for that which is good. Both names are classic in origin being preferred to the suggested Indian names which were advanced by some new members of the organizations. A combined intersociety committee of four is now working on mottoes, colors and great problems of systemization.
Ushering the first number of the Salem public library course this winter will be a violin concert on "Il Trovatore" with Dr. Frank Wilbur (chance of the music department interpreting the story and music. In view of the unique combination much interest in the offering is being taken by the student body.
Owing to the epidemic of measles at Chemawa, the Y. M. Y. W. C. A. Bible classes at that institution which are conducted each week by university students, have been temporarily discontinued.
Leaving the field of political discussion for a few hours, the members of the Websterian society expect to go to war this evening, forensically speaking at least. "Our Relations with Great Britain" is to be Leland Austria's subject and Gustav Leining is scheduled to follow with a discussion of "War and the Survival of the Fittest." Selections from the Willamette quartet consisting of Gustav Anderson, Alpheus Gillette, Karl Chapter and Harry Bowers are announced as the star attraction between halves. "The Story of the Irish Rebellion" by Sylvester Burleigh precedes a debate between James Ewing and Adolph Spiess to see "Is War Justifiable?" Last the program be centered too much on foreign affairs, Edward Bolt is destined to invade the field of domestic strife on "How to Bring up Father."
Determined to leave no loophole in the enthusiasm preliminary to Saturday's game between Pacific university and Willamette, Nell King Steeves has formulated big plans for as noisy a demonstration as the noisiest on record Friday evening. According to custom the freshmen are even now assembling as big a pile of inflammable stuffs as

is to be found in the city which assures that a big fire is one of the realities. Prominent faculty members, Captain Flegel of the team and other university live wires are due to serve the stimulants in song, story and rhyme preparatory to pulverizing Pacific the next day. The occasion also promises to be of interest as the newly organized university band will foot its initial strains for music or noise, probably for bot.

Miss Ruth Green who has been in charge of the Y. W. C. A. mission work this year has been obliged to resign on account of excessive scholastic work. Miss Carolyn Sterling is now in charge of that department.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache Away with Small Trial Bottle of Old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.
Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.
Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

Monthly Meeting of Medical Association

The monthly meeting of Polk-Yamhill-Marion Medical society held last evening at Marion hotel was in many respects the most interesting one held for several months, not only on account of the distinguished visitors who read papers, but from the various subjects discussed.
Dr. R. C. Yenny, president of the state association read a paper on "Health and Industrial Insurance" which was followed by a general discussion. The subject is of special importance to physicians as a general health and industrial insurance law would materially affect their work. Dr. C. J. McCusker, secretary of the state association, also of Portland, led in the discussion of the subject.
Dr. D. B. Miles was called on to discuss the general infantile paralysis situation. While there is a general opinion that this disease is prevalent in unsanitary homes, the doctor said that his experience in Salem was to the effect that the sanitary conditions of the home had nothing to do with it, at least judging from the homes in the city where cases were under observation.
Dinner was served at 7 o'clock at the Marion hotel, 30 physicians from the three counties being present. Among those from a distance were: Dr. Weaver of Hubbard; Dr. Matthis, of Monmouth; Dr. Woods, of Amity; Dr. R. C. Yenny, of Portland, and Dr. C. J. McCusker, of Portland.

Have a Clear Complexion and Clean Skin

There is one sure, safe way to avoid a blotchy, pimply skin. A good or bad complexion comes from within. If you want a clear complexion, a clean skin—rosy cheeks and good health, your blood must be pure and the poisonous matter must be carried off.

Dr. Edwards' Olive Tablets

assist nature to remove all poisonous matter in the system. They act on the liver and bowels like calomel yet have no dangerous after-effects. They are reliable—safe and cannot harm—are used by women folks everywhere.

Constipation is nearly always the cause of all ailments of women. The intestines must be made to do their work as nature intended—in a normal way.

Have color in your cheeks. Take one or two tablets nightly and note the pleasing results. All druggists—16c and 25c

Reports from Every State

All Agree that Lydia E. Pinkham's Vegetable Compound Wonderfully Relieves Woman's Suffering.

From all parts of this country the clearest evidence is constantly coming to the office of the Lydia E. Pinkham Medicine Co. of Lynn, Mass., proving the wonderful power shown by Lydia E. Pinkham's Vegetable Compound in controlling ills peculiar to women. Here are letters from Vermont, Arkansas and New Jersey:

It Cured Me!

Roxbury, Vt.—"A year ago last December I was taken with a female trouble and doctored for it but did not get any help until I took Lydia E. Pinkham's Vegetable Compound. My back troubled me a good deal and these troubles lasted so long that I grew terribly poor and I felt a great deal easier lying down. No one knows what I suffered. I did not dare consult another doctor. I was so afraid he would say I had got to have an operation. I can truly say that Lydia E. Pinkham's Vegetable Compound was a god-send to me for after suffering about eight months this wonderful medicine cured me."—Mrs. NELLIE E. FRENCH.

Her Best Friend.

Wechawken, N. J.—"I must call you my best friend for what your remedies have done for me. I am 60, and am passing through the change of life and for some time I felt bad but since I took Lydia E. Pinkham's Vegetable Compound I feel fine and will recommend it to every woman who suffers as I did."—Mrs. KATHIE LEONHARDT, 419 7th St., Wechawken, N. J.

Had Awful Pains in Side.

Branch, Ark.—"Every month I suffered with cramping pains and I had awful pains in my left side. I was very irregular. I had a tired feeling all the time and did not sleep good at night. I took Lydia E. Pinkham's Vegetable Compound and in three months I was well."—Mrs. MAE GATTIS, Branch, Ark.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
