QUALITY AND SERVICE

Why Dry Goods Prices Are Advancing

This is a daily question. Prices of most commodities are advancing, many to the highest prices in years. While dry goods figures have advanced, they are not as high as compared with groceries, drugs, shoes, hardware and furniture. The chief cause of dry goods advances is the present price of raw cotton, indications point to a very short crop with prices two and a half times higher than 2 years ago. Cost of dyestuffs and bleaching and finishing is far higher and every item including labor has greatly increased, the enormous demand from every section at home and abroad is so large as to greatly exceed the supply. The manufacturers of auto tires are using a tremendous amount of cotton, and the supply of cotton goods are scarce, stocks are small; there are hardly enough to go around, and none can tell how much higher prices will go.

Our prices are being held down to the lowest level possible. You'll get your money's worth at Meyers, just the same.

ALLIES MAKE GAINS ON SOMME FRONT

Another Rumanian Advance Made In Dobrudja Region

Paris, Nov. 8.—Positions captured at Ablaincourt and Presnoir yesterday were subjected to heavy artillery bombardment by the Germans last night, the war office reported today. In the Orient, the attack said, Bulgarians were repulsed in three desperate attacks on Serbian positions in the bend of the Cerna. They finally fled to their own trenches, leaving many dead on the field.

Admt Allied Gains. Berlin, via Sayville, L. I., Nov. 8.—The war office statement today admitted French and British claims of yesterday that the entente allies had captured the villages of Ablaincourt and Presnoir and mentioned counter attacks delivered against these places last night without success.

Rumanians Advance. Bucharest, Nov. 8.—Another Rumanian advance has been made by the Rumanian Dobrudja armies, the war office announced this afternoon. In the Pruhova valley there was constant artillery and enemy infantry attacks which were repulsed.

Shell American Steamer. London, Nov. 8.—S. O. S. calls were sent out by the American steamer Columbian, out of Brest, about 7 o'clock yesterday evening, it was learned today. The call said the Columbian had been attacked by two submarines, one of which shelled her.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Color, Gloss and Youthfulness with Grandma's Recipe of Sage and Sulphur

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Boy of Three Years Killed In Portland

Portland, Ore., Nov. 8.—The three-year-old son of Mr. and Mrs. Frank A. Kuehnel, 1508 East Nineteenth street, was accidentally shot and killed about 4:15 p. m. yesterday while his mother was gone to the polls to vote. The lad was playing with William Campbell, aged seven years, of 734 Cantilla avenue, and the police were unable to determine which of the children held the rifle when the shot was fired, although the coroner expressed the belief that the child could not have held the weapon himself.

Mrs. Kuehnel found her son lying on the floor, dead, with a bullet wound between the eyes, when she returned home. The Campbell lad, who had been with her son when she left, had fled and had not been found.

By the dead baby's side lay Mr. Kuehnel's .25-caliber rifle, with which the shot had been fired. Mr. Kuehnel, who is proprietor of the Sellwood Garage, had left the rifle loaded, with the safety lock on. It is presumed that the children got out the weapon and loosed the safety while playing with it. The body was taken to Kenworthy's undertaking rooms. No inquest will be held.

BANKING INTERESTS CONCEDES HUGHES' DEFEAT

New York, Nov. 8.—Reports that banking interests which had expected Hughes' election conceded his defeat, were current in Wall street this afternoon as the market was closing a 2-000,000 share day. Prices which had climbed earlier in the day slipped back in some instances to Monday's closing level.

United States Steel closed at 124 1/4, a net gain of one point, having sold at 126, a record, earlier. Central Leather was up 4 1/4 at 107 1/4 and at that figure was down three from the day's high. Crucible was off 1 1/4 for the day. The close was irregular. Leaders declined to prices two or three points under their best at 2 o'clock. Sales were 1,730,000 shares, indicating more than 2,000,000 shares for the day.

Extensive deposits of coal have been discovered in Kungo by Belgian engineers.

The ferry street sewer has been blocked for several days since the heavy rains began. Efforts have been made by Commissioner Low to locate the trouble. The obstruction seems to be between the river and the Spaulding Logging company office, caused perhaps by a crushed pipe. A force is busy today working to remove the obstruction. There is an 18-inch sewer from Commercial street to the river.

Poor luck in baking will ruin the best disposition. With Cole's Hot Blast Range your luck is always splendid.—E. L. Stiff & Son, agents.

The government continues to call for male stenographers to accept service through civil service examinations, which are held in Seattle every month. The positions pay \$70 a month as a starter with opportunities for advancement. The circulars posted in the post-office lobby announcing civil service examinations states that "the government service offers a desirable field to bright and ambitious young men."

The army authorities have discovered that a recruiting office removed from the general street traffic is not the proper place for a recruiting office, as Sergeant Schuman who has had charge of the marine corps recruiting station in the second floor of the postoffice building will close his office and return to Portland. Once before the navy authorities opened a recruiting office in the postoffice building and had to close it on account of no recruits. The recruiting office for the army located in the down-town district has enlisted about 50 men since its opening, July 1.

Fair warning about your eyes. You can abuse them. You can trifle with nature. But listen! You can't handle soft pitch with your bare hands without smirching them. You can't take a diet of poison and expect to live. It can't be done. You can't see plainly without glasses if your sight is impaired—the more you try, the worse your sight will become. The wearing of scientifically constructed glasses will end your eye troubles. Trust me for the help you require, Dr. M. P. Mendelsohn, Rooms 209-210-211 U. S. Nat'l Bank bldg.
