ST. PAUL NEWS CLAIMS MINNESOTA IS WILSON

California Shows Big Lead
for Wilson--Probably Safe
for Him

Concord, N. H., Nov. 9.—All but 46 of the 294 election districts in New Hampshire gave the following vote for president: Hughes, 37,072; Wilson, 36,792.

Hughes' plurality, 279. This announcement was given out by Secretary of State Dean.

New York, Nov. 9.—Charges that the republican election officials in New Hampshire were unfair in the vote count there, by which they gave the state to Hughes by 161 votes, was made today by Henry Morgenthau, chairman of the democratic finance committee.

"We will demand and get a recount there," he said. "It will be very queer if we cannot gain 150 or 200 votes in this way. The republicans control the election machinery and it is only natural that a recount would give us a gain under such circumstances. These officials have given us no vote we were not entitled to."

Asbury Park, N. J., Nov. 9.—Senator Hollis of New Hampshire, wired President Wilson this afternoon that Wilson's "bed rock plurality" in that state will be 100.

Minnesota Outlook.
St. Paul, Minn., Nov. 9.—Returns from 49 precincts in Beltrami county, leaving 37 still missing, give Wilson, 1,232; Hughes, 911. This is one of the four north counties that the Wilson men have been depending on. Clay county complete: Hughes, 1,549; Wilson, 1,721. The last five precincts added 810 net to Wilson. Thirteen of the 14 missing precincts of Polk county added 80 to Wilson's lead.

St. Paul, Minn., Nov. 9.—With federal investigators from the department of justice here to investigate voting frauds, it became known this afternoon that republicans and democrats have each sent one to three men to every county in the state to guard against frauds of each party freely state they expect the other fellow to use fraud to

MAY HAVE FOUND GERM

Chicago, Nov. 9.—Discovery of what may prove to be the germ of infantile paralysis was announced here by Dr. Maximilian Herzog. If these experiments are supported by later evidence, the conclusions of Dr. Flexner of the Rockefeller Institute will be upset. The work was done by Dr. Herzog as head of the research committee appointed by Dr. John Bill Robertson here and his investigation was carried on at the Cook county hospital largely.

Chairman Willcox Still Refuses To Concede Hughes Defeat

New York, Nov. 9.—"We will safeguard our interests in those states," Willcox added to his earlier statement regarding contests.

George W. Wickersham, who was also present at the conference, had no statement to make. Previously Everett Colby had intimated several contests were planned.

Six More States Voted For Prohibition In Tuesday's Election

Chicago, Nov. 9.—Old man booze is staggering. Scott McBride, of Anti-Saloon League headquarters today said Nebraska, Michigan, South Dakota, Montana, Florida and Utah Tuesday cast a verdict against the saloon. California is in doubt, but is claimed by the dregs. Alaska also went dry, 2 to 1. It is stated. Missouri admittedly still is wet-very wet.

Student Suicided by Electrical Route Today

Berkeley, Cal., Nov. 9.—Everett Willis Morgan, aged 21, a junior at the University of California, was found dead this afternoon, apparently electrocuted by a bath robe he had electrically wired. The case is puzzling the officers.

Morgan boarded at the home of a member of the university, and this morning, ate breakfast with the family. When he failed to appear for luncheon, an investigation resulted in his being found dead in bed, wearing the bath robe, which was connected by insulated wire to an electric light socket.

As Morgan was studying for the ministry and was to be married after graduation, the suicide theory is scouted. Morgan was the son of Thomas C. Morgan, a well known Berkeley and Utah mining man.

Philadelphian NORTH AMERICAN CONCEDES ITS WILSON

Philadelphia, Nov. 9.—The Philadelphia North American, one of the strongest republican papers in the state posted a bulletin this afternoon conceding the election of President Wilson.

LATEST ELECTION NEWS

CALIFORNIA IS CLOSER

Wilson's Lead 2,345 at 4 P. M.
Editors.—Los Angeles-Register McAleer announced that the 2,000 votes which should have been credited to Hughes in Los Angeles county, were credited to him in the last official returns made from that county. This return was included in the United Press tabulation of 5,716 precincts. Thus Wilson's lead in 5,716 precincts still remains at 2,345.

Los Angeles, Cal., Nov. 9.—Charles E. Hughes gained 2,000 votes in Los Angeles county this afternoon when Registrar McAleer declared that as the result of a faulty machine 2,000 ballots which should have gone to the republican candidate were not counted in his favor. McAleer announced that 2,000 would be added to the Hughes column giving him a majority of 21,474 in Los Angeles county on the face of 1,209 precincts officially tabulated.

The adding machine error occurred after 1,202 complete Los Angeles county precincts had been tabulated. It was discovered by a clerk checking the machine figures. Exactly 2,000 votes were involved in the slip-up.

Bulletin Says Wilson.
San Francisco, Nov. 9.—In an extra issue at 2:30 this afternoon the San Francisco Bulletin declared that Wilson has carried California and claims his re-election as president.

How Mistake Was Made.
Los Angeles, Cal., Nov. 9.—Hughes was leading Los Angeles county by a 21,474 majority as a result of mistakes in the vote count having been discovered after 1,202 precincts had completed.

A sudden gain by Wilson caused the check, according to Frank Bryan, who discovered the error. The fault was due to an old, unreliable machine, Bryan said. He stated he could not say positively that the mistake announced was really an error, but that he had every reason to believe it was. A second check is progressing in which the exact result will be proved.

Majorities are Reduced.
San Francisco, Nov. 9.—Completion of the count in a few Los Angeles precincts and revision of figures in Sonoma and Butte counties at 2:15 this afternoon reduced Wilson's lead over Hughes in the presidential race to 2,409 votes according to returns from 5,712 precincts.

The totals of these precincts were: Hughes, 450,993; Wilson, 459,402. In Sonoma county the county clerk, announcing the returns from three scattered precincts revised the earlier figures on a number of precincts, increasing Hughes' lead and indicating a Hughes plurality in that county of about 1,400.

Returns from four additional precincts in Mendocino county at 2:30 p. m. reduced Wilson's plurality to 2,345. The figures of 5,716 follow: Hughes, 457,127; Wilson, 459,472.

Both Claim Minnesota.
St. Paul, Minn., Nov. 9.—Democratic National Committeeman Lynch positively claims Minnesota for Wilson by 1,000. Republican Chairman Thornton claims the state for Hughes by 3,000. He says he has heard from all but 200 precincts.

New Hampshire for Wilson.
Concord, N. H., Nov. 9.—Wilson's lead over Hughes in New Hampshire was announced at 8:15 this afternoon with all sections reported. Returns are constantly being received at Secretary Bean's office and in many instances they show considerable changes from the first reports.

"We have requested the clerks in all sections to send in the original ballots at once," was the announcement of the secretary of state's office, shortly after noon.

A recount will be commenced as soon as they arrive and a further change is quite possible," the secretary added. The official vote is yet to be received from 60 precincts of the state. Bean said. Unofficial returns have been received from these missing towns and it is hoped the last of the final official results may be in by tonight.

With the vote of the state complete except for the 60 precincts and basing his figures on the unofficial reports from them, Bean said, a lead of 100 was indicated for President Wilson.

MILITIA VOTE TO COUNT

St. Paul, Minn., Nov. 9.—With 2,136 Minnesota militia-men's votes cast at the border and not expected to be counted before next Tuesday, the world may wait another week to know who will be president of the United States, if Minnesota is to be given the privilege of deciding that issue.

ROBT. W. WOOLEY AND HIS PREDICTIONS

Classified the Vote Election
Night and Apparently
Correctly

ROBERT W. WOOLEY

Robert W. Woolley, chairman of the democratic national publicity bureau, at 10:30 Tuesday night asserted in a formal statement that Wilson will win with 306 electoral votes.

"Every western return now coming in is favorable to the president," he declared. "In the face of a tide set against them for Hughes that the republicans asserted was a landslide, the democratic leaders pointed out that with Ohio carried for Wilson there was still a possibility that the president would be re-elected, despite loss of New York, Illinois, and Indiana, three of the pivotal states."

"We are not stampeded by the wild claims of the Hughes people," Woolley said. "Remember 1892, when the republicans claimed a sweeping victory and were then compelled to revise the statements when the late returns showed the election of Cleveland."

Here are the figures—Ohio not being considered—as cited at democratic headquarters:

Wilson has the solid south—Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia—a total of 126 votes.

Of the 531 votes in the electoral college, 296 are necessary for a choice. Wilson therefore has 140 votes to gain after the solid south.

Of the 291 votes remaining after the solid south is deducted from the electoral college total, Hughes, on the face of returns at this hour, has carried.

New York, Nov. 9.—Indications of plans for several contests were seen about the headquarters of Charles E. Hughes at the Astor hotel this afternoon. Everett Colby and former Attorney General Wickersham were in conference with Hughes and National Chairman Willcox. Colby was the first to leave and intimated a statement would be made by Willcox or Wickersham later. He indicated contests were likely.

New York, Nov. 9.—"I believe there will be recounts in California, New Mexico, North Dakota and Minnesota," Republican National Chairman Willcox declared this afternoon following a conference with Charles E. Hughes.

New York, Nov. 9.—At 4:50 Democratic Chairman McCormick announced: "We have got the thing sewed up. President Wilson is re-elected without a doubt."

By Perry Arnold.
(United Press staff correspondent.)
New York, Nov. 9.—The tide for Wilson set in so strong in California and Minnesota this afternoon that it appeared probable at 3:45 this afternoon returns from these two states would indicate the president's re-election.

Two Philadelphia newspapers which have strongly supported Hughes in the campaign this afternoon conceded their candidate's defeat. They were the Evening Ledger and the North American.

The belief that the Wilson drift would result in his choice was based on these developments:

Hughes must carry both Minnesota and California to win.

Wilson's lead in California is steadily maintained.

Hughes' lead in Minnesota is being cut down as further returns come in.

The precise drift in these states and in the other smaller doubtful states of New Hampshire and New Mexico, showed on the United Press returns available at 3:45:

California, 5,092 out of 5,867 precincts:
Wilson leading by 5,055 votes; to come: 175 precincts.

New Hampshire: 248 out of 294 precincts: Hughes leading by 279; to come 46. Democrats preparing to back up claim of carrying state by court action.

OREGON CONCEDED TO HUGHES NOW; BREWERS BILL LOST

Portland, Or., Nov. 9.—Hughes' lead in Oregon continued to grow as the returns became more detailed this afternoon. Six Oregon counties complete and 29 incomplete including Multnomah (Portland) show Hughes 111,377; Wilson 103,830. Hughes' lead was 7,447.

Portland, Or., Nov. 9.—Democratic headquarters conceded Oregon to Hughes this afternoon by 2500 votes. Three republican congressmen have been re-elected.

The count on eight counties complete including Multnomah, and on 27 incomplete at 1:30 p. m. gave Hughes 113,717, Wilson 105,820; a lead of 7,847 for the republican candidate.

Representatives W. C. Hawley, N. J. Sinsott and C. N. McArthur were returned to office by good margins. The two liquor amendments, one making the state "bone dry" and another permitting sale of bottled beer, were beaten.

THE BATTLE IS OVER

Asbury Park, N. J., Nov. 9.—Gavin McNab, democratic national committeeman from California telegraphed President Wilson late this afternoon that the state had gone for him. His telegram said:

"I have the honor to inform you California had decided its thirteen votes for the man who stands for the right of men, women and children, first, and secondly for the rights of property—Woodrow Wilson. California feels that its thirteen votes are a lucky number for humanity, progress and the nation."

The president this afternoon has received hundreds of telegrams anticipating his re-election. Many of them are unique. The shortest received was two words. It said: "Our president."

Indianapolis, Nov. 9.—The Indianapolis News, strong Hughes supporter, this afternoon stated:

"Incomplete and unofficial returns from California, New Hampshire and North Dakota this afternoon indicated the re-election of President Wilson."

New York, Nov. 9.—The Boston Traveler which has been supporting Hughes announced Wilson's re-election this afternoon, granting him 273 electoral votes.

St. Paul, Minn., Nov. 9.—The St. Paul Daily News printed an extra late today announcing the election of Wilson.
