Of interest to Salem folks will be the farewell concert to be given by Miss Mary Schultz, violinist, who soon will leave Salem to study in Chicago.

The concert which is to be given Tuesday evening at the Oregon theater will be sponsored by the Salem Woman's club and Commercial club as an appreciation to the charming little artist before her departure.

Assisting Miss Schultz with her programme will be Stuart McGuire, baritone, of Portland; Miss Vera Kitchner, organist, and Mrs. Alfred Schram, pianist.

Mrs. W. Carlton Smith who has been passing a few days in Portland, returned Wednesday evening.

Mr. and Mrs. Charles F. Elgin presided over a charming dinner Sunday evening. The affair which was planned as a little attention to Mr. and Mrs. R. B. Goudin, was very informal. The prettily appointed table was decked with an artistic basket of yellow marigolds and yellow fruits. Covers were placed for the honor guests and their son and daughter, Master Dick and Miss Margaret Goudin, Miss Mabel Patricia Lewis-Oldfield of Portland and the hosts.

Mrs. R. B. Houston, who has been enjoying a visit with old friends in Roseburg, returned Tuesday. During her stay there Mrs. Houston was the house guest of Mrs. H. D. Graves.

Mrs. J. M. McIntosh and Mrs. Eldridge motored to Salem from Independence Wednesday to pass the day.

Salem folks will be interested to know that Mr. Eimer LeRoy Jenks, formerly of the Grove studio, Portland, has opened a studio in the Hubbard

building. Mr. and Mrs. W. W. Elder of Stayton visited friends in Salem Wednesday. Mr. and Mrs. Elder have recently moved to Stayton from Roseburg, where Mr. Elder was superintendent of the Soldiers Home.

The Woman's Relief Corps will hold a bazaar on November the twenty-fifth. The women are devoting much time to preparing an array of attractive articles for the sale, which will not only include charming Xmas gifts, but home made of the choicest recipes and materials.

A public reception will be given Friday night in the parlors of the First Methodist church complimentary to Dr. and Mrs. R. N. Arison and family and the deceased Miss Neva Vaughan.

Mrs. Dee Gohson was hostess Saturday when she entertained the "Samuel Club" with an informal afternoon. About a dozen guests gathered for the afternoon, which was devoted to sewing and a literary programme, including an interesting paper on the "Ever increasing advantages of the human race," given by the hostess.

The rooms were prettily adorned with autumn leaves and Mrs. Gohson was assisted by Miss Moore.

A group of little folks gathered at the charming birthday party given last night to Helen Virginia Ferris at the home of her parents, Mr. and Mrs. O. L. Ferris, on North Commercial street on Saturday afternoon.

The house was bright with autumnal foliage and the afternoon was spent playing games. Little Dorothy McCracken, May Jenks and Paul Stiecke won the prizes.

Assisting Mrs. Ferris in serving a delightful birthday collation were Mrs. J. W. McMichael of Portland, Mrs. W. T. Jenks and Miss Ethel Caspere. The little guests reveling in the gayeties were: Mildred Roberts, Catherine Taylor, Emily Prickey, Dorothy McCracken, May Jenks, Helen Darby, Tommy Livesley, Edwin Cross, Robert Gill, Paul Stiecke, Stanley Price, Richard Upjohn, Earl Ferris.

At the Lincoln school a mother's meeting will be held tomorrow afternoon at 3:30 o'clock. Dr. Hartley will give a talk on the care of the teeth and Miss Catherine Welch will give a reading.

During the meeting cake and dessert recipes will be given away free. On November the 24th the pupils of the school will give an interesting Thanksgiving programme.

## CALIFORNIA IS CLOSER

(Continued from page one.)

"It is not safe, however, to say New Hampshire has gone one way or the other," said Beau. "The official reports may upset the present figures. The state's vote might swing on the final official reports from some village."

### North Dakota for Wilson.

Fargo, N. D., Nov. 9.—Wilson will not carry North Dakota by more than 500, if he carries it at all," William Lemke, chairman of the republican state central committee told the United Press this afternoon. Democrats stand pat on their claim of 1,000.

### Wilson Leads Minnesota.

St. Paul, Minn., Nov. 9.—With many changes and corrections on figures of both candidates, Wilson has a lead in Minnesota of 354 with 29 precincts missing or unchanged. It seems certain that votes of soldiers on the border will decide the issue in Minnesota.

### North Dakota for Wilson.

Fargo, N. D., Nov. 9.—Seventeen hundred and eighteen precincts out of 1,853 in North Dakota gave Wilson 53,092; Hughes 51,672. Wilson's plurality 1,420.

### Hughes Again Leading.

Concord, N. H., Nov. 9.—With 25 of the 297 precincts still missing, the official report gives Hughes a lead of 131 over Wilson, 40,338 being recorded for Hughes and 40,207 for the president.

The report from Ward number 2, in Keen, showed no votes for Wilson, but the democrats claim 135 were cast. The town clerk of Harrisville found this error and credited Wilson with 83 votes.

No recount has been asked by either party but that it will be considered certain.

### North Dakota Conceded.

Fargo, N. D., Nov. 9.—William Lemke republican state chairman, has conceded North Dakota to the democrats.

### Democrats Claim 115.

New York, Nov. 9.—Chairman Geo. W. Farrant of New Hampshire, telephoned National Chairman McCormick this afternoon that "Final and complete returns" gave the state to Wilson by 115.

### Much Explosive Found.

### REFUSES TO CONCEDE STATE TO WILSON

San Francisco, Nov. 9.—In the face of unofficial returns which gave President Wilson a lead of 5,055 of Charles Evans Hughes in 5,092 precincts, Chester H. Rowell, republican state chairman, at noon today issued a statement declining to concede the state to Wilson and claiming the state for Hughes "by a narrow margin."

"Our figures, very carefully checked, show that we have the state by a narrow margin," he said. "We are taking steps to safeguard an accurate official count."

"It is possible that the vote may be so close that the electoral vote of California may be split, as it was four years ago. If this is the case, it elects Hughes, no matter which side has the long end of the division."

### Possible State May Divide Its Vote

San Francisco, Nov. 9.—The possibility that California may cast a divided vote in the electoral college was discussed by politicians today as they watched the returns slowly coming in from California precincts.

Under the law the thirteen candidates for elector who received the largest vote will go to the electoral college, regardless of whether they all favor the same presidential candidate. It is possible for the high man of one set of 13 electors to be higher than the low man of the set of electors whose party candidate received the majority of the electoral votes.

Four years ago this happened. Wilson getting two electors and Roosevelt 11.

### WYOMING FOR WILSON

### More Men Than Women Have Appendicitis

Surgeons state men are slightly more subject to appendicitis than women. Salem people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieves or prevents appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-ika is surprising. J. C. throw Minnesota, already so extremely close.

St. Paul, Minn., Nov. 9.—The St. Paul Daily News on telephone and telegraphic returns from many missing precincts tabulates 168,810 votes for Wilson and 168,481 for Hughes, a lead of 1,329 for Wilson in Minnesota. These figures are not official but are from official sources.

### In New Mexico.

Silver City, N. M., Nov. 9.—Otero county, another border county, with one small precinct missing, gives Wilson, 728; Hughes, 541.

Grant county, on the border, 23 precincts out of 29, gives Wilson a majority of 363. The democratic county chairman claims Wilson's plurality in the county will reach 400.

Colefax county with five precincts to hear from gives Hughes, 1,529; Wilson, 1,754.

Denver, Colo., Nov. 9.—Justice department agents here, on receipt of instructions from Washington, started immediately for points in New Mexico this afternoon.

Albuquerque, N. M., Nov. 9.—Forty-four out of 25 precincts in Valencia county, New Mexico, give: Hughes, 1,120; Wilson, 254. Valencia is the strongest republican county in the state.

UGLY HAIRS FROM FACE

(Beauty Notes)

Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered talc. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

4500 votes with only 20 of the 588 precincts missing placed Wyoming definitely in the Wilson column tonight on the face of unofficial returns. Complete unofficial figures were not expected appreciably to change the totals.

With 40 precincts missing, Governor Kendrick, democrat, led Senator Clark in the senatorial race by 2563 votes. These precincts give Representative Mondell a lead of 131 votes over his democratic opponent, John D. Clark.

### IDAHO WILSON BY 10,000

Boise, Idaho, Nov. 9.—Idaho has not been in doubt since 4 o'clock this morning. Wilson's plurality will probably total nearly 10,000. His lead of more than 6000 out of 60,000 votes grows as returns come in.

The total vote will run from 110,000 to 115,000.

### Hanly Pleased Over Prohibition Results

Indianapolis, Ind., Nov. 9.—J. Frank Hanly, prohibitionist candidate for president, was evidently pleased today over the early results from the states where the liquor question was an issue, but refused to make any statement until there is no question as to the result.

### TO INVESTIGATE MINNESOTA

Washington, Nov. 9.—A large force of department of justice investigators has been sent to Minnesota, it became known today.

Hinton G. Clabaugh, chief investigator in the Chicago district, left yesterday with several others from that city.

Department officials refused to comment on the action taken.

### MARQUIS WHEAT TESTED SHOWS FINE YIELD

Washington, Nov. 9.—The results of 25 experiments with Marquis wheat in 13 states, just published by the United States department of agriculture, show the yield from this wheat to be exceeded by that of some other variety in all tests but three. In two of these three experiments the cereal was grown without an artificial water supply, and in one under irrigation.

Marquis, which is a spring wheat, was out yielded by some variety of

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

hard red winter wheat, wherever the latter type could be grown. In the northern prairie regions, including Iowa, Minnesota and the eastern portions of the Dakotas, Marquis outyielded all other spring wheats. In only a few sections of this region is it impossible to grow the heavier-yielding winter wheats. In most of the other experiments conducted in the northern Great Plains area and the western Basin and Coast areas the Marquis yielded approximately the same returns as the best yield of any other spring wheats. Considering all the experiments, Marquis was surpassed to a greater or less extent by other spring wheats in 18 experiments, and led in seven.

Marquis wheat originated from plant-breeding experiments in Ottawa, Canada, and has shown best results in the Canadian wheat trials. The experiments in growing the wheat in the United States are described in detail in a professional paper, Bulletin No. 400, recently issued by the United States department of agriculture.
