STATE HOUSE NEWS

Unless the Southern Pacific can furnish cars, we will have to close down indefinitely, was the substance of a telegram sent to the public service commission today by the Ewauna Box company of Klamath Falls. The telegram said further that their trade and themselves were in distress because of the car shortage and they asked if there was no immediate relief in sight. They state the car shortage is worse than ever before and that they received only 11 cars in the past six days, and five of these were gondolas. They say the company is behind 122 cars since September 26 or a total of 202 cars since May 1.

Secretary Ostrander has an interview with the S. P. officials scheduled for this afternoon and will write an answer sometime today telling what can be done in this case. It is his belief that the best movement in Southern Oregon and California may have been completed to such an extent that cars used in that service may be diverted to help the box company. Although the box factory needs box cars they can make use of gondolas, and it is probable that style of car will meet the situation for the present.

State Forester Elliot will go to Portland tomorrow to attend a meeting of the state forestry board. Forester Elliot is secretary of the board. Routine business is about the only thing on the docket.

Members of the public service commission were in Canyon City yesterday to attend a hearing there on the electric light franchise of that city. They will be in La Grande Friday for a hearing of express rate troubles on the shipping of butter, milk, and cream. On Saturday, November 11, the commission will be in Pendleton for a hearing of the Reith crossing petition. It appears the Umatilla county court wishes to build a bridge across the Umatilla river and finds it is necessary to build an approach over the railroad tracks in order to reach the bridge structure. To determine this crossing question is the purpose of the hearing. The commission expects to be back in Salem Monday.

Articles of incorporation were filed this morning by the Abramett company, of Portland, with a capital stock of \$3000. The business is a general merchandise store. A certificate of dissolution was given to the Peninsular Investment company, which has dissolved and the property divided according to the shares of stock.

George Palmer Putnam, private secretary of the governor, is at his home in Bend and will not be back in Salem before Monday.

Secretary of State Olcott's hunting dog is a clever canine. He rides up and down the elevator at the state house and goes from office to office where he thinks he can find candy. He will lay down outside a door until it is open and then slip inside.

Sufferer from Indigestion Relieved. Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away, writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.

Will Play Hockey Friday Afternoon

Vancouver, B. C., Nov. 9.—President Frank Patrick last night announced that the annual meeting of the Pacific Coast Ice Hockey association would be held in this city Friday night and directors from Portland, Seattle and Spokane will be in attendance. Plans had been made that the gathering be held in Seattle, but President Patrick ruled otherwise.

A schedule for the 1916-17 season will be drawn up and in all probability the peace agreement recently signed by the National Hockey association will arrive in time for the Western magnates to place their signatures on the document.

Besides this business, the election of league officials as well as the discussion of obtaining new blood for the circuit will be in line.

World Series to Be March 15. It was learned today that the next world's hockey series would start March 15, 1917, and the scene of the battle will be in a city on the Pacific coast. Last year the Portland Uncle Sams, winners of the 1915-16 championship of the Pacific Coast Ice Hockey association, went east and tried to win the world's premier honors but lost out, three games to four.

According to word received today from Montreal, the Wanderers and Spokane are negotiating. Manager Sam Lichtenshein, of the Wanderers, says that Spokane is trying to trade the services of Dubbie Kerr for those of Gordie Roberts. The easterner declared that if such was the case the purchase of Roberts would have to be outright.

Kerr last week signed a Spokane contract. Last season he played with Lester Patrick and his Victoria Aristocrats.

Cottolene "The Natural Shortening"

Cottolene Pie Crust. Mix one scant level half-teaspoonful salt with 1 1/2 cup pastry flour. Chop in with a knife 1/2 cup of chilled Cottolene. When well cut together, mix in very gradually 3 table-spoonfuls cold water, chopping the mixture and avoiding wet streaks. Do not knead with hands. Flour moulding board and rolling pin and roll dough as usual. Riposte is soft, chill in pan on ice before rolling.

Your pies will be delicious whenever you use Cottolene for shortening. It gives just the right crispness and flakiness to the crust and enhances the flavor of the filling. Be sure to use Cottolene the next time you make pies and notice how nicely it works in with the flour—also how delicious your pies will be. Cottolene makes foods shortened with or fried in it more healthful as well as more appetizing. Your grocer will supply Cottolene in large or small pails. Ask him to deliver it regularly.

Court House News

The 2,000 volumes of the school library that were checked over during the last week have been sent out to the various school districts of the city. The task of checking and getting ready for shipment was done by Mrs. W. M. Smith, wife of the county school superintendent.

Mrs. N. I. Tulkerson, Mr. A. N. Tulkerson, State Superintendent J. A. Churchill and Mr. and Mrs. W. M. Smith visited the Kaiser school last evening in their official capacity. There was a program rendered and speeches made by the visitors.

About 2,000 copies of the directory of the school officers and teachers of Marion county have been printed and are now being issued by the county

school superintendent. A copy goes to each school officer and to each teacher. It also contains a separate list of the teachers of the Salem public schools. It includes the school census for the various districts, the enrollment of each district, the number of months of school each year, salaries, the assessed valuation of districts not including corporations.

A marriage license was issued yesterday to Herbert W. Lane, of 960 Electric avenue, a clerk, and Mildred May Robertson, of 213 Owens street, Salem.

Complaint was filed yesterday afternoon by William Johnston against Charles Vincent, et al, for the recovery of money alleged to be due on a promissory note. The amount of the note is

given at \$400. A suit in the court of equity was brought yesterday afternoon by May Flatman against Arthur Flatman for the dissolving of the bonds of matrimony. She alleges desertion and asks a decree of separation. She says they were married at Lyons on May 28, 1895, and that three children have been born to them—Ethel Flatman, Dewey Flatman and Vera Flatman.

An action for the recovery of money on a promissory note was begun yesterday by A. Taulzer against Joseph Becker, Kola Neis and A. G. Magers. The amount in question is given as \$400 and Taulzer asks judgment and interest.

STEEL DROPS SLIGHTLY

New York, Nov. 9.—United States Steel dropped 1 3/4 to 122 1/3 at the opening of the stock exchange today. Initial quotations on other ledgers showed narrow gains in most instances.

HOW IT LOOKED IN THE EARLY MORNING

San Francisco, Nov. 9.—On the returns from 400 precincts still to be heard from in California, will depend the momentous question whether President Wilson or Charles Evans Hughes will capture California's 12 electoral votes. And on the voters of these same precincts may depend the result in the nation.

With these precincts missing, President Wilson had 440,265 and Governor Hughes 435,866. A difference of 4,399 votes in such an enormous total convinced political leaders more firmly than ever early today that a final, complete, official count will be necessary before the issue is decided beyond question. Indeed, so important is each precinct in the presidential race, that it would not surprise if the republican or democratic leaders would demand a recount in many counties.

Pacing the certainty of a veritable "eyelash finish," republican and democratic party managers today revised their earlier claims of sweeping pluralities for their candidates in California. Vice Chairman Max Kuhl of the republican state committee said early today: "I expect a plurality of some 1300 to 1400 for Hughes in California. This is based on the vote counted so far and on conservative estimates on counties where the count is not complete. North of the Tehachapi, Wilson has a plurality of 30,000 but this will be overcome by a Hughes plurality of 31,000 to 31,200 in southern California."

The comment of O. K. Cushing, Democratic state chairman, was: "I consider California safe for Wilson." The most intense interest ever shown here in a presidential count was evident throughout California today. News paper offices were beset by throngs of voters and county clerks making up official counts in many places were compelled to take steps to prevent interference with the tabulators.

A Faint Hope. San Francisco, Nov. 9.—United Press tabulations of 5472 precincts in California including corrections and revisions of earlier counts in some counties showed Wilson leading by 4396. The totals were: Wilson 440,261; Hughes 435,865. This leaves 400 precincts to be heard

PROHI LEADS IN FLORIDA

Atlanta, Ga., Nov. 9.—With the solid south giving President Wilson the usual democratic majorities, interest in this section centered in state issues.

In Florida, S. J. Catts, independent-prohibitionist candidate for governor, had 22,231 against W. V. Knott, democrat, 19,090, in 453 precincts out of 846 in the state.

Incomplete returns in Arkansas indicate defeat of the amendment to substitute local option for the present statewide prohibition.

Later returns from 50 out of 52 counties give Catts 26,610 to 21,902 for Knott.

Australians Eager to See Darcy and Dillon Meet

By Hamilton. (United Press Staff Correspondent.) New York, Nov. 9.—Since Les Darcy, the Australian middle-weight phenom, defeated George Chip, knocking him cold in the ninth round, the Australian fighting public has been wildly clamoring for a bout between Darcy and Jack Dillon, the American light heavy-weight.

The United Press' Australian correspondent declares in a message received today that Darcy has completely run out of opponents worthy of his efforts in his home country and he wants to try his skill against the best America can send.

The same message brings the news that Darcy has gone into a military training camp to prepare himself for duty at the front, but states that the authorities allow him to take part in boxing contests. Previous American engagements of Australians, with very few exceptions have proven quite unprofitable for the Australians, but this hardly would be the case in the event of Darcy paying this country a visit. Almost the same thing has happened when the best of the Americans have traveled across the seas to meet the
