EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts Before Breakfast If Your Back Hurts or Bladder Bothers You

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

I. W. W.'S SEND APPEAL TO THE PRESIDENT

Charge Deputies and Machine Gun—Say Denied Rights As Citizens

Seattle, Wash., Nov. 10.—Charges that Everett deputies used a machine gun in their battle with I. W. W.'s Sunday when a number of persons were killed, were included in a request wired President Wilson today to urge federal investigation of the disaster.

The telegram was signed by Herbert Mahler, local I. W. W. secretary and read as follows:

"Seattle locals, Industrial Workers of the World, request that you appoint a federal committee to investigate the recent outrage at Everett, Washington.

"All members, about 300, boarded boat in Seattle intending to hold a street meeting and Everett. The Everett commercial club sent 150 deputies armed with revolvers, rifles and machine gun to the wharf. Deputies opened fire before boat landed, killing five and wounding 35, and 290 have been held in jail in Seattle with no charge placed against them. Twenty or more may be charged with murder. The street meeting had been advertised. The massacre occurred at 2 p. m., Sunday, November 5. We ask the federal government to investigate. Our men were killed while trying to exercise their constitutional right of free speech."

In the meantime, Deputy Prosecutor Helmsell, was preparing charges of unlawful assemblage against 42 of the I. W. W.'s held in jail here. The charges were to be filed this afternoon.

As a forerunner of the Eugene-Salem football game tomorrow afternoon on Willamette field, several students of the University and also of the high school addressed the high school assembly this morning. Much enthusiasm was shown especially when the high school muffs were presented by the Clarion editor, Thomas McGilchrist, to Ila Spaulding and Hazel Tucker. These muffs are given each year to the two senior girls showing the greatest school spirit during the year. Victor Taylor, former Clarion editor, spoke to the students and assured them Willamette university would boost for the high school players tomorrow. The Eugene-Salem game is to be played tomorrow afternoon preliminary to the Willamette-Pacific game. The high school game will be called at 1:15 p. m.

In the petition, Charles F. Clynne, district attorney of northern Illinois district, and E. C. Knotts, district attorney at Springfield, Ill., and the general chairman of all railroad committees were invited to be in court December 4 for arguments.

Railroad Manager Asks About Eight Hour Day Law

Chicago, Nov. 10.—Jacob M. Dickinson, receiver for the Chicago Rock Island railroad, petitioned Judge George R. Carpenter in the federal court today, asking the court's advice as to whether the Adamson eight hour law should be obeyed.

In the petition, Dickinson stated that he had been advised by counsel that the law was unconstitutional, and that the law deprives the defendant and other railroads of the right and liberty of contract, without due process of law, and that the Adamson law is merely an experiment, "the purpose of which is to enable congress and the president to observe, at the expense of the defendant and other railroads, the effects of the experiment."

In the petition, Charles F. Clynne, district attorney of northern Illinois district, and E. C. Knotts, district attorney at Springfield, Ill., and the general chairman of all railroad committees were invited to be in court December 4 for arguments.

INDIAN STORY-HOUR

At least six great nations, or families, of Indians have occupied parts of North America before they were pushed back to make place for a stronger people, either red or white. Each of these nations had customs and habits that were distinctly their own. They also had different myths and folk lore. The story-hours for at least a month will be made up of stories from these Algonquins of whom some members were Blackfeet, Cheyennes, Foxes and Mohicans. All of the stories for next Saturday morning come from these Indians.

All children are invited to the story-hour Saturday morning at 9:30 at the Public Library.

CITY NEWS

A marriage license was issued this afternoon to Charles C. Kruger, an engineer of Falls City, and Etta J. Maris, of Salem.

Fifteen men of Company M have made application for the \$50 a month allotment made by the federal government for dependent wives, children or mothers of soldiers while on the Mexican border. The applications will be forwarded by Captain Gehlhar to headquarters and from there they will go to Washington for final approval.

On account of the assignment of Colonel Cleward McLaughlin commanding officer of the Third Oregon Infantry for the past three years and during its stay on the Mexican border, to duty with the Seventh United States Infantry, his old regiment before coming to the Oregon guards, there will be an election of colonel of the regiment on November 15. Colonel McLaughlin will resume his rank of captain in the United States army and do duty with General Pershing on the Mexican border.

Now that the returns indicate the voters of the state prefer an absolutely dry state, it may be of interest to know that as soon as the returns are certified by the county clerks to the secretary of state and are properly canvassed, the governor will issue a proclamation declaring the result. The law will then be in effect prohibiting the importation of intoxicating liquors into the state for beverage purposes, and also the sale or manufacture of intoxicating liquors. The law also prohibits the delivery of liquors on hand by any common carrier and it must become effective within 30 days after the election of November 7.

Another is J. O. Wolcott of Delaware. Wolcott won from DuPont, one of the venerable elder senators. Frank B. Kellogg famed "crust buster," has been ordered by Minnesota to take up the job Senator Clapp will leave off on March 4.

Some of the best known faces will be missing. Senator Clark of Wyoming, who ranked along with Senator Lodge and veteran Senator Gallinger of New Hampshire in length of service, was defeated. HUGHES LEADS 107 IN NEW HAMPSHIRE EIGHT TOWNS MISSING

Concord, N. H., Nov. 10.—Of 107 filial returns from New Hampshire at 2 o'clock this afternoon with eight towns missing give: Hughes 42,723; Wilson 42,616.

The latest figures show Hughes leading by 107 votes but the democrats claim their vote in Keene ward two and Dover ward two will give the democrats the plurality.

The clerks of both districts have filed affidavits to the effect that no democratic votes were received by them in these wards.

Hose Used On Two Obstreperous Convicts

Jeff Baldwin, a burglar with a bad reputation, and James Curtis, convicted of sodomy, were given a "hosing" at the state penitentiary Sunday afternoon because they used vile language and refused to be amenable to the discipline of the institution, according to Warden Minto this afternoon. This hosing was not according to the old style when men were stripped and tied to a wall and heavy streams of water turned on them until they begged for mercy.

Warden Minto declared he used the hose himself and that neither of the men were injured by the hosing, which he gave because they were refractory. He said they had repeatedly declared they would kill him and refused to be orderly. The governor's office advised him today that other methods of punishment should be used. It is reported that screams of the men were heard half a mile away from the prison.

Captain Gehlhar Will Have to Resign

Captain Max Gehlhar, district attorney elect for Marion county, will have to resign as commanding officer of Company M or lose the office of district attorney, according to the laws of the state of Oregon which prohibits a person from holding two lucrative offices at the same time. The office of district attorney carries an annual salary of over \$100; and since the national guard officers now draw annual salaries ranging from three to five hundred dollars, it is up to Captain Gehlhar to take his choice. The wording of the law is precise in defining a lucrative office as one drawing not less than \$100 annual salary.

Section 10 states "nor shall any person hold more than one lucrative office at the same time, except as the constitution provides; except officers of the militia to which is attached no annual salary." Captain Gehlhar said this afternoon he would probably choose the best job of the two.

London Still Withholds Judgment On Election; Think Both Elected

By Ed L. Keen (United Press staff correspondent) London, Nov. 10.—London is in doubt London is still withholding judgment on who won the American presidential election and is waiting anxiously for final official returns.

London thought it knew Wednesday morning when Reuters flashed unqualifiedly that Hughes had been elected. But today Reuters flashed unqualifiedly that Wilson had been re-elected. So the Evening News, to be perfectly fair, reproached both Reuters flashes, under the head: "Reuters says both elected." The Exchange Telegraph, getting United Press reports, did not announce the election of Hughes.

When the "news" that Hughes had been elected was turned loose President Wilson drew a few hot editorial shots—one was "spineless idealist." Now that things are doubtful, editorial opinion is suspended. No crowd has flocked around the bulletin boards since Tuesday.

Before the election all English newspapers, officials and citizens were interested to an almost unbelievable degree, but held aloof. There seemed to be a gentlemen's agreement not to take sides even in the domestic affairs of the United States. "It isn't our affair, we have troubles enough of our own, without mixing in with America's problem," seemed expressive of the public state of mind.

MICHIGAN'S BIG DRY VOTE

Detroit, Mich., Nov. 10.—With returns practically complete, indications today were that Michigan's dry majority will fall slightly under 70,000. Home rule apparently was beaten by between 30,000 and 40,000.
