Mrs. Lucy W. Stoughton is passing several days in Portland and is at the Hotel Portland.

Mrs. E. R. Estes entertained the members of the Three Link Needle club at her home on State street Friday. The afternoon was enjoyably spent with needle work and chatter. Later refreshments were served and the hostess was assisted by Mrs. Howd, Mrs. Herren and Miss Stone. During the afternoon Mrs. Elsie Simeral sang a solo.

The officers of the club this season are Mrs. King, president; Mrs. Viecko, vice president; Mrs. Engstrom, secretary, and Mrs. Swanson, treasurer.

"Oregon" has been chosen by the study committee as the subject to be studied by the club this season.

It was an uncommon pleasure to attend Miss Elma Welley's premier concert of the season, at her residence studio, Friday night, when her advanced students were heard in recital. The programme was rendered not only with technical skill, but with individuality and excellent interpretation which reflects much credit on Miss Welley's methods of primary training. Miss Welley was assisted by Miss

ALL ARE WAITING

Latest Hughes 229.

St. Paul, Minn., Nov. 13.—Official figures from 33 out of 80 counties and soldier votes 21 out of 39 counties give Wilson 179,904; Hughes 179,233. There are no soldier votes in 15 of the remaining counties. The soldier vote included in above grand total is Wilson, 649; Hughes, 614. Fourteen precincts are still missing.

With North Dakota definitely in the Wilson column, interest today turned to the formation of the state legislature, which will be completely under the domination of the Farmers Non-Partisan League. Candidates elected with the endorsement of the farmers organizations have complete control of the legislature. The league organized last fall as an outgrowth of the equity cooperative exchange, had for its sole object standardizing elevators and marketing of grain direct from the farmer to the miller, eliminating entirely board of trade speculation in all foodstuffs.

In South Dakota woman suffrage and the Richards direct primary law seem definitely defeated. The former is 4,455 behind and the latter law, thrown out by the United States supreme court twice, is 1,978 votes behind.

Salem Launches Idea of Community Church

Salem has launched the idea of the community church. A large undenominational meeting was held at Leslie church, South Salem, Sunday night by A. C. Bohrnstedt, assisted by the pastor, Horace N. Aldrich, and district superintendent T. B. Ford, and a second meeting will be held Tuesday evening at six thirty to form a men's brotherhood.

The purpose of this movement is to break up the tendency to isolation and develop a higher social atmosphere in the community. Mr. Bohrnstedt is a practical business man and travels over a great deal of territory and hears comments of people to the effect that Salem is not a cordial community to strangers. He answered some of the criticisms:

"Salem is a lonesome place to live."

"I just couldn't live in Salem."

"I wanted friends and it would take years before one could have close friends there."

These are sentiments he found expressed by people who had tried to make homes in Salem and left discouraged. He made an earnest plea to change this cold community atmosphere and create one of cordial interest and helpfulness in the stranger. His remarks were frequently interspersed with applause, showing the large audience got his message and were ready to respond.

South Salem is to lead in the work of extending the service of the community church to all the people. The stranger and those who are without social points of contact and are lonesome and discouraged are to be made the subject of special interest. The president of the Salem Commercial club and prominent business men were present and endorsed the movement. Watch the community church service grow in South Salem.

BIG FOOTBALL TEAMS ALL TOP NOTCHERS

Expert Says All Indications Point To It Being a "Crimson" Year

By H. C. Hamilton (United Press staff correspondent)

New York, Nov. 13.—The east's big football teams, with the single exception of Yale, stand today right at the pinnacle of their efforts. Even Princeton, beaten by Harvard, has some solace in the knowledge that one of the best Tiger teams in years came very near overturning a Harvard eleven that compares fairly well with some recent wonderful crimson machines.

Brown, Navy, Pittsburgh, Pennsylvania, Cornell and Harvard can view the happenings of last Saturday with elation. Harvard is deserving of lots of commendation and is getting. As the time approaches for the big encounter between Harvard and Yale it becomes more and more apparent that Percy Haughton has forced the critics to again admit that it looks like a Crimson year.

In spite of Princeton's defeat, the Tigers should go into next Saturday's battle with Yale a big favorite. Brown's victory at New Haven wasn't exactly a surprise, but it was an awful comedown for the Blue. Yale will need a lot of the Jones brand of assistance before it can hope to be victorious over Harvard.

Ritchie Got a Draw

El Paso, Texas, Nov. 13.—Willie Ritchie is nursing a grouch today after a ten round draw with Johnny McCarthy of San Francisco. The former lightweight champion boxed at the Juarez bull ring.

TERRIFIC BATTLE

(Continued on page two.)

pursuit of retreating Bulgarian forces which were driven out of Polog, in the Cerna front fighting, Serbian troops have captured Iven, north of Polog.

The fighting in this sector has been continuous night and day. The official statement, which told of Iven's capture, said Bulgarians time after time attacked and occasionally gained a temporary advantage which they failed, however, to maintain.

Fighting was particularly fierce along the Monastir-Florina railway.

British Make Gains

London, Nov. 13.—General Haig's forces struck another terrific blow at the German lines about the Ancre today. After thunderous artillery preparation the infantry took German positions to the depth of a mile, according to press dispatches received from the front this afternoon.

The British troops, dashing irresistibly forward, captured the villages of Beaumont and Hamel, just north of a deep bend in the Ancre and about seven miles due west of Bapaume, the objective of the great English offensive.

Bombard Finnish Coast

Petrograd, Nov. 13.—German naval forces bombarded the Finnish coast Friday under cover of a fog, it was officially announced today. The statement said a number of vessels had been sunk.

The vessels sunk were part of the bombarding ships, the report stated.

The bombarding vessels were 36 knot torpedo boats, the war office stated.

Will Concede Nothing.

By Carl D. Groat. (United Press staff correspondent.)

New York, Nov. 13.—Republican National Chairman Willcox and Charles Evans Hughes are still waiting today for official returns before taking any further action in connection with last Tuesday's election or sending President Wilson a congratulatory message, which would concede his return to the White House.

"I do not think there is anything unpatriotic in waiting until we have final returns officially before acknowledging Mr. Wilson's re-election," said

Diggs-Caminetti Case Before Supreme Court

Washington, Nov. 13.—Claiming "untenable" the contents of Mary J. Diggs and F. Drew Caminetti, convicted in California in the first big Mann white slave act cases, that the law does not apply to non-commercial interstate transportation of women, department of justice attorneys today filed in the supreme court the government's brief in the case. With the Diggs-Caminetti case consolidated that of L. T. Hayes, charged in Oklahoma courts with a similar offense.

The case may come up late this week, the court today announcing it for argument on that current calendar. Several cases precede it, however.

Congressman Hawley Thanks His Constituents

On the face of incomplete returns received by the republican congressional committee it appears that Representative Willis C. Hawley has been re-elected to congress from the First congressional district by a plurality of more than 20,000 votes.

This is by far the largest plurality ever given any candidate for congress in Oregon. Representative Hawley's vote this year will not only be a plurality but is also represents a clear majority of more than 15,000 votes over the combined vote of all his competitors.

As an expression to the public of his appreciation, Mr. Hawley Saturday issued the following comment:

I am profoundly grateful to the voters of the First congressional district of Oregon who in the recent election have returned me to congress with so generous a majority. I wish it were possible for me to meet my thousands of friends, to whose steadfast assistance I owe so much, and express to them in person my sense of gratitude and obligation, prior to my return to Washington, but as this will not be possible, I wish to convey to them through the press my sincere appreciation and thanks. No man ever had better or wiser friends than I and to them I attribute the very heavy majority received. I shall return to my post of duty conscious of their confidence and with the earnest desire to serve the best interests of the district, the state and nation.

Alaska Is Democratic and For Prohibition

Seattle, Wash., Nov. 13.—James Wickersham, independent republican, delegate to congress from Alaska for many years, appears to have been defeated for re-election by Charles Sulzer, democrat, a brother of former Governor William Sulzer of New York. With all the towns heard from, the democratic territorial committee claims the election of Sulzer by more than 400 plurality.

Both the liquor men and the prohibitionists of Alaska were amazed by the large vote in favor of the prohibition law, which was ratified Tuesday. It is said ever: Alaska town gave a majority for the bill.

Workmen's Compensation Cases To Be Re-Argued

Washington, Nov. 13.—Re-argument of cases involving the workmen's compensation laws of five states — New York, Ohio, Washington, Iowa and New Jersey—was ordered today by the supreme court.

Questions in the New York, Iowa and Washington cases involve directly the constitutionality of the laws. In the New Jersey and Ohio laws, the question is that of interpretation whether men engaged in interstate commerce are affected. This question arises along with the constitutionality question in the New York case.

A little want ad in the Journal will cover a big lot of territory for you.

Former Salem Man Takes Suicide Route

Seattle, Wash., Nov. 13. — Barney Koshstein, age 32, formerly of Salem, Ore., went to his room in the Washington Annex Saturday and after writing his will in which he offered to exchange property in American Falls, Idaho, for a burial lot in Seattle, shot himself through the head. The body was found by a bell boy Sunday.

Local undertakers today were trying to get a line on the property from American Falls real estate men, with an eye to fulfilling the man's last request.
