

Cottolene

"The Natural Shortening"

Women who have tried everything for shortening and frying adopt Cottolene finally because they get better results with it than with anything else they can use.

Cottolene is a pure food product, possessing wholesome qualities that are important.

It requires no preparation; mixes easily with flour—is not absorbed by fish, meats or vegetables fried in it. Your grocer supplies it in large or small pails. Give him your order today.

"Cottolene makes good cooking better."

OVERSHADOWING all other events scheduled in the calendar for today is the concert to be given tonight at the Oregon theatre, by Miss Mary Schultz, violin virtuoso.

The concert planned by a group of prominent club women as an appreciation to Miss Schultz before her departure for Chicago, undoubtedly will attract scores of music lovers and admirers of Salem's popular young artist.

Assisting Miss Schultz with her programme will be Stuart McGuire, baritone, and Miss Vera Kitchner, organist, of Portland, and Mrs. Alfred Schramm, accompanist.

Miss Ellen Thiesen has returned from Eugene, where she passed the week end as the guest of Mrs. Minnie Washburne.

Miss Lillian Slater of Portland is the house guest of Mrs. J. N. Haas for a couple of weeks. Miss Slater, who has but recently moved to Portland from Salem with her family, has many friends here and already several affairs have been planned to honor the visitor. Today Mrs. Robert Gill entertained in her honor with a small tea. It was very informal, only a few of Miss Slater's old friends being asked.

Dr. and Mrs. Harry E. Clay have as their house guest Dr. Charles Loding of Portland.

Mr. and Mrs. Claude P. Slade motor to Salem from Silverton Monday, returning that night.

Mr. and Mrs. S. West of Erie City, Pennsylvania, who have been visiting at the J. L. Stockton residence, left Monday for Los Angeles, California, where they will pass the winter months.

As an attention to Rev. Oval, pastor of the Swedish Methodist Episcopal church and Mrs. Oval a reception was given at the rectory on Saturday night.

The affair which was planned by the members of the church was a complete surprise to Mr. and Mrs. Oval, who have but recently come to Salem from Portland.

The rectory was attractively decorated with fall flowers and foliage and addresses of welcome were given by Rev. David Hassel, of the Willamette University; Gus Anderson, superintendent of the Sunday school; Mrs. Elizabeth Anderson, president of the Ladies Aid society; Mrs. Matty Johnson, Mrs. E. M. Vandervort and others.

At the close of the speeches Rev. Oval made a fitting response. During the evening the pastor was the recipient of a generous contribution. Later refreshments were served.

An informal supper party was given recently by Mr. and Mrs. Curtis B. Cross, who entertained a coterie of the younger contingent and married set.

The affair was planned as a little courtesy to Miss Gertrude Gray and Miss Margaret Gray of Seattle, who are visiting here for a few weeks and Carol Byrd, of Spokane, who has been the guest of his brother Dr. Prince Byrd. About 15 guests were asked to this delightful affair.

Mrs. James A. Wilson entertained informally this afternoon in honor of her house guest, Mrs. Arnold of Portland. Several prominent matrons were guests.

Miss Ruby Baker was hostess Monday night, when she entertained about 20 members of the Lr Area club, at her home on the Fair grounds road.

A brief business session was held and Miss Mamie Victor, a new member was initiated. Later the evening was devoted to sewing and chatter. Dainty refreshments were served by the hostess assisted by several of the guests.

Following her marriage Miss Solomon will make her home in Canada, where her fiance has extensive wheat interests.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with puffy or muddy complexions; instead of the multitude of "nerve wrecks," "run-downs," "brain tags" and pessimists we should see a virile, optimistic throng of rosy checked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the bowels the previous day's indigestible waste, sour fermentations and poisons, thus sweetening and cleansing and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, naszy breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Interned Soldier Has Rings to Sell

Amersfoort, October 13th, 1916. To Sir of Editor of the Capital Journal, Salem.

Dear Sir—At first, will be so kind as to allow of introducing myself.

I am a Belgian soldier interned at Amersfoort since October 1914, who wants some distraction on account of the longness of my captivity. I therefore began to make rings for war souvenirs, buying in that way to earn some money for my return to Belgium.

I will send one of the rings to the readers of your Journal who wants to get them, if they will be so kind as to forward something in money, fifty cents for preparation. I should be very glad, if you dear sir, will be so kind as to impress in your honoured Journal an advertisement for it, as myself have not correspondents. Pray do not refuse me this kindness for which I am much obliged to you.

I have, sir, the honour to be your very humble obedient servant.

Cyrille Van Lalle, Belgian interned soldier, camp of Amersfoort, Holland.

Stefanssen Will Remain In Arctic Until 1918

San Francisco, Nov. 14.—Vilhjalmur Stefanssen does not intend to leave the Arctic region until 1918, and then he plans to leave via Greenland and Hudson bay. This is the news brought today from the Stefanssen base camp at Banksland by Captain Pederson, just returned with the power schooner Herman from a trading trip for local furs. Pederson left supplies at the explorers camp.

Stefanssen's plans now call for a year more in the north than he had originally planned. Pederson says Stefanssen's men are confident the copper lands their chief discovered are the richest ever known.
