SALEM, OREGON

**Monmouth News**

(Capital Journal Special Service) Monmouth, Ore., Nov. 13.—Last Tuesday was a big day at the normal, it being the birthday of President Ackerman; special songs, composed in his honor, were sung during the chapel period in the morning and speeches paying him tribute were made by Mr. Benjamin and Miss Cowgill representing the student body and Mr. Gentle representing the faculty; at the close of the period Mr. Ingram, president of the student body, presented Mr. Ackerman with a beautiful birthday cake. The president responded in his usual pleasant manner. Everyone enjoyed the celebration and wished for their beloved president many happy returns of the day. In the evening of the same day a dinner was given in his honor in the domestic science dining room which was beautifully decorated with chrysanthemums and autumn leaves. Faculty members with their wives, also Miss Martin of Salem, were present; Prof. J. B. V. Butler was toastmaster and several happy responses were made. The place cards were designed and painted by Miss Green's art class and the dinner prepared by domestic science students under the direction of Miss Myra Butler. Mr. C. L. Starr, one of the regents of the Oregon Normal school, spoke to the students at the chapel period on Friday morning on the subject of taxation. Miss Dinius, critic teacher of the third and fourth grades, represented the faculty in chapel on Monday morning by presenting her little folks in a splendid "Riley" program consisting of recitations, poems and songs, some of Riley's best. Miss Dinius takes the plan of reading these to the children, then allowing them to interpret them according to their own understanding, in this way developing thoughtfulness and individuality. Monmouth's grange met in regular session Saturday, November 11, with just a fair attendance. A business session was held in the morning, a splendid dinner enjoyed at noon after which a program was given during open session as usual. Miss Ruth Mills gave a recitation and several live topics were discussed; "the feasibility of securing an agricultural agent for Polk county," being perhaps the most important. This was a lively discussion, much being said on both sides. No vote was taken as it was thought best to investigate further before putting our grange on record either way. At the next regular meeting the men will prepare and serve the dinner.

**CATARRH LEADS TO CONSUMPTION**

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption. Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh. Hood's Sarsaparilla strengthens and tones the whole system. It builds up. Ask your druggist for Hood's, and insist on having it. There is no real substitute.

**SILVERTON NEWS**

(Capital Journal Special Service) Silvertown, Nov. 14.—Miss Veneta Moores and Mabel Dahl were delightful hostesses at a party at the Wm. Moores home last Monday evening. SOLD BY ALL LEADING DRUGGISTS at the home of W. H. Fuson with whose wife they are related. Frank Foster, one of the long time residents of this neighborhood, has a birthday this week with the result that Sunday afternoon a happy bunch of friends took possession of the Foster home and again one night since that a surprise party was given in his home. Miss Minnie Foley, a teacher in the public school, went to Portland Saturday and Sunday. Mr. and Mrs. W. H. Fuson were Salem visitors Sunday morning, going by auto. Jack Frost got in his work on the Stuyton laundry and the pipes refusing to work on Tuesday the work is being done in Salem. The former institution had not its pipes covered and when the nip came was unprepared. However, this defect is being attended to and the cleaning process will in the future economize regardless of the temperature. The laundry under the management of Mr. Pickler is making a hit with Stuytonites. S. A. Starr is in Portland arranging for his Christmas stock. Although election day passed quietly here "some were mad and some were glad" when the results were known, but all hands are ready to pull together regardless of what administration is in power.

**Marion News**

(Capital Journal Special Service) Marion, Nov. 15.—Nearly everybody was back home again the first of last week so as to vote. Last Friday afternoon and evening the district Sunday school convention was held here in Marion. Seven schools were represented and about fifteen delegates from schools away from here were present. The sessions were very interesting and helpful. Rev. Mickey of Turner had charge of the devotional meeting in the afternoon. Mrs. C. A. Bear, also of Turner, read a paper on the purpose and benefits of district conventions which was followed by a general discussion. In the evening the superintendent of the M. E. Sunday school of Jefferson presented the subject of "The Young People and the S. S.," which was very good. The question box which occupied the latter part of the evening no doubt helped settle some Sunday school problems. Mr. W. J. Hadley of Turner was re-elected district superintendent; Mr. John Palmer, Jr., of Marion, assistant superintendent and Miss Martha Tandy of Jefferson secretary-treasurer. The Marion schools furnished the music, several special selections being given. The ladies of the two churches served lunch at the church in the evening, so that all might enjoy a social time together. Enos Pressnell has been called to Salem for a while on account of the serious illness of his brother. Fred Parker is spending a few days with his wife at the Lewis Castleman home. Miss Hazel Haines is expecting a visit from her friend Miss Irene Cooley. On Sunday, Nov. 5th, in their little bungalow at Jefferson, Miss Ruth Haines and Mr. Harley Libby both of Marion were united in marriage. Only the near relatives were present. Their many friends wish them much happiness.

**Fairfield News**

(Capital Journal Special Service) Fairfield, Nov. 15.—Mr. and Mrs. Allen of Woodburn were the guests of Mr. and Mrs. T. A. Dittmars one day this week. Mrs. John Ingill returned to her home in Portland Tuesday after a visit with her father, S. F. Parker. J. T. Mahoney made a business trip

**BAD BREATH**

Dr. Edwards' Olive Tablets Get at the Cause and Remove It. Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

**Cloverdale Items**

(Capital Journal Special Service) Cloverdale, Ore., Nov. 15.—Surprise grange held its regular meeting in the hall in Turner and the meeting was indeed a surprise, so many old members were there who had not been able to attend for some time and several new names were brought in, besides reinstating some. These new members were added to our ranks by initiation. All this took up the morning hour and was followed by a chicken dinner. Sister Crawford, acting lecturer, took charge of the afternoon meeting. The first on her program was a talk and illustration on cream testing by Bro. Wagner. A song by Sister McKinney. Instrumental music, Sister Grace Robertson. Recitations by several of the little folks. A talk on destroying Canada thistle, by several of the brothers. Duet by Sister McKinney and daughter. Mr. and Mrs. M. Fillet have but recently returned from a visit in Wisconsin. Mr. Fillet is wondering why the farmer in the east builds so much better buildings to live in and for his stock, thus making his farm so much better improved. It is easily answered, listen, the farmer here gets careless because he does not have to contend with the cold weather as they do in the east, hence he uses any old shed for his stock. Improve your buildings and everybody will thank you a newcomer and from the east.
