

P. A. wins friends without any side inducements—

without any coupons or premiums! The inducement to buy Prince Albert is quality! Neither national nor state restrictions on the use of premiums or coupons can in any way affect the sale of Prince Albert because its policy has always been for quality! Coupons or premiums have never been offered as an inducement to smoke it!

Prince Albert is made by a patented process that cuts out bite and parch and lets men smoke pipe-full after pipe-full or the makin's until the gong sounds, without a kick back or a complaint!

PRINCE ALBERT

the national joy smoke

Copyright 1916 by R. J. REYNOLDS TOBACCO CO.

Buy Prince Albert everywhere tobacco is sold. Tasty red bags, 5c; tidy red tins, 10c; hand-some round and half-round tin humidors—and in that fine crystal glass pound humidors with sponge-moistener top that keeps the tobacco in each splendid condition—always!

So it's up to every red-blooded man to jump the boundary line between himself and smoke happiness and know just what all this jimmy-pipe-joy-talk is about!

Men all over the world are today smoking Prince Albert because it meets their taste; because it gives them real tobacco enjoyment they have never found before!

Don't you realize that if Prince Albert, in a few years, has made three men smoke pipes where one was smoked before, it certainly has the call on you—at least for a try-out!

Why, that's only being fair, to yourself!

PRINCETON'S CHANCE CONSIDERED SMALL

Has Won From Yale Only Once In Twelve Years—Yale's Team Strong

By C. H. Hamilton (United Press staff correspondent) New York, Nov. 15.—Speedy Rush, Princeton's football coach, with the chance of years being his is a worried man today.

Once in twelve years has a Princeton team been able to take the measure of Yale in a football game and now with the best Tiger eleven in many a day it seems almost impossible for Rush to find a backfield which will be able to hit Yale's line with sufficient force to crack it.

Moore is fast, heady and is a fair line plunger, but is prone to injuries. Tibbott is a splendid drop kicker and an excellent punter, but is nothing extraordinary as a smashing back.

Yale is in a different boat. With backfield men like Legore, Smith, Neville and Jacques there is little to worry about in that quarter and there are substitutes who are almost as good.

The Elks lost the bowling match Monday night to the Woodmen by the score of 2558 to 2433 on the Club alleys. The high game of the contest was won by Bean with a score of 211; he also took the high average.

EXPLAIN SINKING OF STEAMER ROWANMORE

Germans Claim Submarines Are Not Violating Germany's Pledges

Berlin, Nov. 15.—The admiralty today transmitted to the foreign office the report of the submarine commander who sank the British steamer Rowanmore on October 26, 145 miles off Cape Clear.

The foreign office soon will issue an official explanation of the matter to Secretary Grew of the American embassy in Berlin.

It is understood here the report of the submarine commander declares the crew deserted the captain of the Rowanmore because of his actions and that he was finally compelled to row alone when the crew took to the boats. That is the reason he was saved on the submarine. It is denied that the submarine fired at the crew after the men had taken to their small boats.

Investigation of the other submarines which have resulted in inquiries by the United States state department continues, but the reports of the submarine commanders concerned have not all come in.

The Rowanmore, according to belief here, was forced to stop after first refusing to heed the submarine captain's orders.

PEACE WHICH ENDS

one of our ablest diplomats. Reverting to President Wilson's opportunity to play a role in peace proceedings, it was apparent from Count Apponyi's expressions that he did not believe the president should move at once.

"The psychological moment," he said, "has not yet arrived. Rumania must first be punished for treason. The Rumanian campaign is progressing well. Within a short time our armies will be through Rumania—then the Russians in Galicia will be in a bad fix."

"Then the last card of the allies' war party will be destroyed. They will have to realize that we cannot be parcelled out. Then they will realize all we want is security against Russia and Siberia."
