Those contributing to the program were: Mrs. Effie Fuostman, piano solo, "Silvery Moonbeams;" Mrs. M. Pasco, reading, "Saint Peter at the Gate;" Miss Olive Sutter, vocal solo, "Grand Mother's Letters," accompanied by Mrs. Fuostman; Mrs. Kittie Rowe, instrumental solo, "Melody of Love;" Mrs. Carrie Chase, solo "Memory," with Mrs. Kittie Rowe at the piano.

Mrs. George Koehler was the recipient of an enjoyable surprise party on Wednesday afternoon, when the ladies of the Lutheran church gathered at her home on 1750 State street for an informal sewing bee.

About 18 congenial friends participated in the affair, bringing baskets of dainty refreshments with them, which were served late in the afternoon.

## Move Under Way for National Prohibition

Indianapolis, Nov. 17.—A mighty mobilization of men and women representing the leading temperance organizations of the country will storm congress when it reassembles in December in an effort to procure a national prohibition amendment, Miss Anna A. Gordon, president of the Women's Christian Temperance Union, told 900 delegates here attending the annual convention here today.

In pointing out that the big task now remaining for the prohibitionists is in the big cities, Miss Gordon said: "The large cities are the strongholds of the enemy. One-sixth of the population living in liquor territory is in six cities; one-half of the saloons of the United States are in 24 cities. New York City alone has more saloons than are found in 36 states."

William J. Bryan starts his four year prohibition campaign with a talk before the convention Saturday night.

The home of Miss Katherine Gibbard was the scene of a jolly surprise party recently when a number of her friends gathered for an informal evening.

The present were: Mrs. Beatrice Dille, the Misses Lorena Ross, Bertha Little, Janet James, Bertha Douglas, Nellie Tucker, Ruth Ross, Leona Estes and Eugene Southwick, Robert Tascor, Birgie Busey, Roderick Waters, Harold Millard, Earl Busselle and Harold Friend.

Mrs. C. G. Arnold, who has been the house guest of Mrs. James A. Wilson for a few days, will return to Portland today.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

## BELLANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

## LONDON BELIEVES

The night was comparatively calm along the entire front.

**Belgians Killed in Air Raid.**  
Berlin, Nov. 17.—An allied air raid over Zebrugge and Ostend on Wednesday killed 39 Belgians and resulted in practically no other damage, according to a war office statement today. It was declared that the harbor works were undamaged.

**Report Further Gains.**  
London, Nov. 7.—Further advances along the north bank of the Ancre were reported today by General Sir Douglas Haig. As a result of yesterday's operations, the British commander in chief reported that the British front had been extended from eastwards of Beaucourt along the bank of the river.

**The German Vision.**  
Berlin, via Sayville wireless, Nov. 17.—Repulse of British infantry attacks preceded by artillery fire near Beaucourt and artillery duels along both banks of the Somme, were detailed in the official statement today. It reads: "On both banks of the Somme there were temporarily strong artillery duels. About evening an English attack near Beaucourt was launched, following a preparatory fire which had also extended to the south bank of the Ancre. The attack failed, as well as a night attack west of LeSars."

"The Fifth regiment guard of Grenadiers, stationed on the road from Flers to Thillois, covered that section of English troops, capturing five machine guns. French advances on both sides of Sailly and Sailles brought no advantage to the aggressors. During the day and night on both sides flyers were active."

The statement detailed further advance to Tontonic troops south of Rontunrum Pass in Rumania and charged France Tirer warfare by Rumanian people. General Von Mackensen reported lively artillery exchanges and from the Macedonian front repulse of allied attacks was asserted.

**Advance at Salonika.**  
London, Nov. 17.—More progress for the British Salonika expedition was announced in an official statement today. Barakli has been occupied and the report declared the enemy had been driven from the villages of Prosenik and Kuoli.

## RAILROADS PLAN

(Continued from page one.)

is not so much money in the world who could buy them would be the present owners of the railroads. They also are the men the country would have to employ to run the railroads. They would constitute the most wonderful political oligarchy that ever was on the face of the earth. We shall never reach a stage where government ownership will be necessary."

## WOMAN GIVEN TWO DAYS

To Make Up Her Mind for Surgical Operation. She Refused; Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I only took four doses before I felt a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3492 Hartville Street, Phila., Pa.

Nothing but the "movement" of its trim recommends the immensely smart Paris model, the black velvet hat worn with a satin frock and long chain of jade green beads. The blue felt is faced with black velvet and trimmed with a monkish figure in front, done in gay worsted embroideries.

## CHICAGO MAKES ITS FIRST FOREIGN LOAN

Lends Republic of China Five Millions—New York Not Consulted

Chicago, Nov. 17.—Chicago stepped out today as a new factor in international finance, with the announcement that a \$5,000,000 loan has been made to the Republic of China by Chicago bankers. This is the first large international loan to be made without the aid of New York financiers. The Continental and Commercial bank here made the loan.

The loan is for three years at six percent. It is a direct obligation of the Chinese Republic and is secured by revenues derived from that country's tobacco and wine taxes.

Arthur Reynolds and John Jay Abbott of the Continental and Commercial bank and Dr. V. K. Wellington Koo, the Chinese minister, signed the contract which was drafted by Levy Mayer, attorney for the bank and who also acted in an advisory capacity to the Chinese legation.

Secretary of State Lansing read the contract and announced that the department of state was gratified to see the republic of China receive financial assistance from citizens from United States.

The loan is considered important by bankers here in that it was consummated without advice from Japanese or European capitals, which hitherto had been consulted and usually participated in Chinese loans. With this transaction, the United States must be recognized as a great financial power in the Far East.

Trade opportunities of eliminated dimensions will be opened up by the loan. The territory into which the money will go is unworked, and Chicago bankers expect many loans to follow the one just made.

The loan is to be offered to public subscriptions immediately. No announcement is made as to the domination of the bonds. They will be sold at par and secured interest, it is said. Chandler and company of New York and Philadelphia will have charge of distributing the bonds in the east.

## President at Work Preparing Message

Washington, Nov. 17.—President Wilson will take no further vacation before congress reconvenes. Struggling with appointments to the tariff and shipping boards and in the face of international problems, the president feels he cannot get away.

He is hard at work on his message to congress, but expects to take one or two week-end trips down the Potomac in the Mayflower. He plans to announce the personnel of the tariff commission within a week and the shipping board shortly afterward.

Secretary Tumulty today put the silence on reports that there would be general over-hauling of the diplomatic corps abroad after March 4 next. "This matter has not even been considered," Tumulty said. "Ambassador M. DeLoach will return to his post early in December."
