The affair was a complete surprise to the young honoree and the guests were a few of her girl friends. Huge chrysanthemums decked the rooms and the prettily appointed table was centered with an artistic floral arrangement of wax pink begonias surrounded with white chrysanthemums. A prettily appointed dinner was that presided over last night by Dr. and Mrs. Floyd L. Utter.

die of Mrs. Anna Rogers Fish. During the previous work for the year's calendar was planned and will include interesting up-to-date dramas. Later the guests enjoyed a chat over the tea cups.

Tomorrow the Knights of Columbus will hold their initiatory exercises, and visitors from the Albany, McMinnville, Eugene and Portland chapters will come to Salem to attend the event.

Following the initiation which will take place in Heast hall, a programme of music and speaking and a supper will be given at St. Joseph's hall. Miss Deimel has announced her engagement to Robert Stubbs, son of Mr. and Mrs. Osmun B. Stubbs of Portland. The wedding will be solemnized on Saturday, November the twenty fifth.

Mrs. Lloyd Mott left this morning for Fort Stevens to join her husband who has recently been appointed lieutenant surgeon at the fort. She was accompanied as far as Portland by her mother, Mrs. W. H. Mott, who will visit her son, Dr. William Mott, who is in the Good Samaritan hospital.

Y. W. C. A. NOTES

All women of the city are invited to the vesper services Sunday at 4 p. m. at the Y. W. C. A. rooms. These services are to commemorate this week of prayer being held in all associations. The Northwestern Field which includes Miss Emerson in Japan. Miss Gladys Carson will talk about Miss Emerson's work and the women will have the pleasure of hearing Mrs. Alden, Miss Lela McCaddam and Miss Lucille Barton will favor us with solos and Miss Ethel Forbes will preside at the piano. It is indeed fortunate that the Williamette University Y. W. C. A. could cooperate with the city association at this time and a very enjoyable social hour is anticipated after the services.

The board of directors held their monthly meeting last Tuesday morning with the following members present: Mrs. C. A. Park, Mrs. Wm. Kirk, Mrs. A. N. Bush, Miss Florence Cleveland, Mrs. G. A. Elliott, Mrs. R. S. Wallace, Mrs. G. G. Brown, Miss Nina McNary, Mrs. H. C. Epley, Mrs. R. C. Bishop, Mrs. Frank Spear and Miss Veda McCross. The ladies remain for lunch as is their custom.

The general secretary gave a very encouraging report showing October the banner month in our association's history. There were sixteen 30 cent lunches served; one hundred 25 cent lunches; three hundred seventy five 20 cent lunches; seven hundred fourteen 15 cent lunches; four hundred twenty one 10 cent lunches and one hundred forty eight 5 cent lunches served during the month of October.

It is always very gratifying to the board members to realize the number of friends the association is gaining. The generosity of our friends is shown by the apples, pears, canned fruits, jelly, vegetables and wood for the fire place all things so vitally needed, given so liberally. If the friend that gave the wood could look into the Y. W. C. A. living room some evening his heart would fill with joy to see the girls gather around the fire place for cheer and comfort after the days work.

Your association is growing, and growing fast and we dream of a home for our own sweet day.

The number of bequests to the association grows year by year as the people become more fully aware of the quality of sisterhood the association offers.

Miss Louise B. Cromwell has left \$2000 to the boarding home department of Brooklyn.

In the summer a bequest of nearly \$17,000 was left to the same association by the will of Miss Maria Holstein.

Utica and surrounding towns have subscribed \$45,000 to a new building in that city. The final sum in the campaign was underwritten by the executive staff and the persons belonging to the various teams.

Tusca, Oklahoma, has opened a campaign for \$150,000 for a new building. Augusta, Ga., has been raising \$30,000 the past month.

Why not Salem Oregon?

The Happy Hour club recently re-organized will hereafter be called the W. T. K. club. Much fun is being had by non-members to guess the meaning. The club members are to spend the winter "traveling around the world."

These lessons will be very educational, instructive and interesting and affords a splendid opportunity to study the different countries.

The following is taken from a speech by a field industrial secretary: "While admitting the benefit of sewing circles, etc., as social diversions, there is grave danger of neglecting worth while things for the more superficial amusements. I know a girl who has belonged to a sewing society for nine years, in which time she had never missed a meeting. She said they played guessing games, imagine playing guessing games every week for nine years."

"I sometimes think that God must laugh to see all the cross stitches which are embroidered on towels that serve chiefly to scratch the face. We should stop embroidering towels and get to work on something worth while. We, more than any other people in the nation, are inclined to neglect the traditions of the previous centuries, and we

Plan to Organize Junior Commercial Club in Salem

If the plans of the Salem Commercial club materialize, there will be organized in Salem, "The Salem Junior Commercial club." This will also include the election of a junior mayor, junior city council and junior police force. The purpose of this organization is to supplement and assist in all education and to instruct boys in practical commercial and civic affairs during the adolescent period. It will also assist them in earning money and teach them the value of systematic saving. It will create and foster city pride and national patriotism. It will impress the truth that "the boy of today is the man and citizen of tomorrow." The purpose, then, will be to help every boy in the most important step in life, the choice of a vocation, the social problem in which all the other problems of life are rooted.

Any boy between 10 and 21 years of age is eligible to membership provided he is engaged in some work for which he receives some kind of compensation. As near as is practical, the general ideas of the senior organization should be followed. A canvass of the boys known to be employed at this time will be made.

The junior exposition, very successfully conducted in San Francisco, and now being held in Portland, may be duplicated here. There may be created a junior city government, with mayor, city council, courts, police, etc., in which all of the boys and girls of the city would be invited to participate. Each school would elect a councilman and make a nomination for mayor, and during the month of January the election will be held. Arrangements would be made for lectures and instruction in vocational education and other practical subjects. It would be the plan to investigate and when necessary, instigate lines of activity in which boys might engage themselves for all or part of their time. Some probable lines are: a messenger and parcel delivery service; a distributing agency; a service bureau where boys can be secured for odd jobs, cleaning laws, etc., also, for work in summer season, picking fruit and packing house work.

The organization would also act as a clearing house and information bureau for schools of all kinds, business opportunities, etc.

The boy who would not otherwise be driven to realize the necessity of preparing for a life work, is by this plan and organization, brought face to face with the practical affairs of life, and therefore, better prepared and equipped to take his place in "the work-a-day world," when the time in his life has arrived. The chief complaint of the business man is not today that much of education is not practical, would be eliminated. Teaching and training of boys to think and act for themselves, and to feel an individual responsibility for the acts, is the one hope for, and of, the proposed organization.

The one fear of most parents is that their boy's training is not sufficiently practical to assure him of a reasonable degree of success. The intelligent combination of their plans together with the cooperation of men who have been successful, promises excellent results. The transforming of a "community liability" into a "definite asset" early in life is assuredly a decided civic benefit.

The advertising of Salem as "a city of homes" where our chief concern is the building of the moral and civic character of our boys and girls, certainly finds a ready response in every heart.

A Member Has. The distinction of belonging. The use of the club rooms at certain times. The knowledge that he is a coming citizen.

The advantage of special training. A feeling of definite individual responsibility for the success of the enterprise.

An opportunity for self betterment in training, acquaintance, and environment otherwise impossible. The right to assert himself at his most impressive age.

The privilege of studying his life work at close range.

The Junior Exposition. There will be held, soon after the organization, an exposition modeled after larger shows of the past, but limited to boys and girls under 21 years of age. Any large building, preferably the armory, will serve as a place for the exposition, to last not more than three days or a week.

The purpose of such an exposition is to give any boy or girl an opportunity to display any article that they have manufactured, to exhibit any accomplishment or to demonstrate any accomplishment that may be theirs. Opportunities for vocalists, instrumentalists, speakers, writers, artists and agriculturists.

The co-operation of the schools is essential, and has been assured by Superintendent Todd.

The Salem Commercial club has had this work under consideration for some time, and the plans have now been set on foot with the assistance of Rev. James M. Heady, a man who has done active work in Y. M. C. A.'s, Boy Scout movements; as circulation manager on going round a circle. The position of women will be just exactly what we make it.

And the W. T. K. club want to do something worth while.

The following new members and renewals have been enrolled since October 28th. Mesdames W. C. Hawley, Jessie Bennett, Paul Stege, Clyde Graham, Harry Ralph, P. P. Hazlan, O. E. Franke, O. B. Gingrich, Henry Meyers, M. E. Peck, Dwight Misner, R. E. Lee Steiner, John Griffith, M. C. Findley, Misses Lorilla Bolter, Frances Hodges, Juanita Christophers, Evelyn De Long, Lois Stewart, Pauline March, Nellie Clark, Mabel Haight, Hazel Barton, Ethel L. FOUR KILLED IN RACE AND TWO ARE DYING

Big Car Leaves Track and Crashes Into Tree, Up-rooting It

Race Course, Santa Monica, Cal., Nov. 18.—Four persons were killed and two are dying as a result of Lewis Jackson's Marmon car hitting a telephone pole on San Vincente road in the international Grand Prix race here today. Besides Jackson and his mechanic, John Gandia, one spectator, a woman, whose name had not been learned, was killed. The two dying at the scene were spectators.

At the end of 20 laps, Aitken, who substituted for Wilcox in a Peugeot, was first. Rickenbacher second and Cooper third. Resta was forced from the race temporarily by spark trouble.

Camerman P. L. Jenkins, of the Keystone force, sent out to film the race was one spectator killed, according to unofficial reports. This would make four dead.

According to one report from the scene of the accident the unidentified woman who was killed in the crash was tending a confectionery stand alongside the race course.

The hurstling Marmon, beyond control of Driver Jackson, struck a tree, uprooting it and crushing the frail stand. Two slightly injured spectators were removed to St. Catherine's hospital. Others more seriously hurt were taken to the temporary first aid station on the field.

of the state school department, yesterday evening returned from a visit of a large number of Marion county schools.

In the districts visited it was found that the students had clubs formed or in process of formation. It is the plan of Superintendent Smith to have each school hold a local fair and the best exhibits of this fair be shown at a general central fair to be held in this city.

Complaint was filed this morning by Grant Murphy, administrator of the estate of G. W. Murphy, deceased, against C. E. Ashley, for a breach of contract for the sale of land. The amount in question is \$1390. Judgment is asked and whatever further relief the court may grant.

A petition to Judge Busby for the commitment of Arthur Reynolds, a dependent child, was filed this morning by Myra Shank and Mrs. W. J. Porter. It is alleged he has no proper parental care, that he roams the streets, begs, and is out all hours of the night.

An order for the sale of real property in the estate of G. W. Murphy, deceased, was affirmed this morning by Judge Busby. The land has been sold to M. L. Eskew for the sum of \$210.42 and the deed was ordered delivered.

A motion to compel the defendants in the case of T. A. Livesey against E. W. Buell, the Oregon Hop Growers association, and the Silverton Hop Growers warehouse association, to state their defenses separately was filed in the circuit court this morning.

The Next King Bing Will Have Much Work

Just now the Cherrians are doing a lot of thinking over the election of their next King Bing, which will be decided at a meeting called for the evening of Monday, December 4.

This booster organization now is on "ring" several big trips for next year. And the job of serving as King Bing will incur more than usual responsibilities. The Alaskan trip has been discussed as well as the west stay in the National Yellowstone park. But now there is talk of making a tour of the United States, one that will really advertise Salem, and one that will not cost much more than the Yellowstone trip. The plans are to go east over the northern route, pass through Chicago, on to New York and Washington and return through the south and west into southern California, all the time singing the praises of Salem and Oregon.

Hence candidates for the King Bing

PRIOCETON BEATEN BY VALE 10 TO 0

Game Was Fiercely Contested and Was 0 to 0 Until Last Quarter

(United Press Staff Correspondent.) Palmer Field, Princeton, N. J., Nov. 18.—The first touchdown of the year to cross Princeton's goal line was scored this afternoon by Yale as the Blue hung a 10 to 0 defeat on the Orange and Black.

Hobey Baker in an unrepentant, accompanied by another machine, did stunts over the field as the Yale students swarmed under Princeton's goal posts and started a parade over the field after the game.

There was scarcely a hero of this afternoon's struggle, but Lettore, Braden, Neville and Jacques, Yale backfield men, did excellent duty as they smashed and tore in the Princeton line. It was Lettore who drew the honor of carrying the ball across Princeton's line and Braden gave Yale three points with a field goal from the 28 yard line.

Princeton began some effective overhead work as the game waned, but it was too late. Dave Tibbett was twice called in from the Princeton side lines in an attempt to score for the Tigers. He tried twice but each effort failed.

business, with one of these tons in prospect, are not announcing themselves in any great extent. However, the following have been suggested as good material and the next King Bing will probably be selected from this list: C. S. Hamilton, Chas. H. Dick, Harley O. White, A. R. Wilson, E. G. Shipley, William Lerehen and Hal D. Patton.

The Fore River contract calls for \$1,160,000 for each destroyer. While the first four of the Union Iron Works will cost \$1,100,000, the last two will cost \$1,185,000 each.
