FEDERATION OF LABOR HEED INJUNCTIONS

Resolves to Disobey Any Dictum That Labor Is Only Property

Baltimore, Md., Nov. 20.—The American Federation of Labor this afternoon unanimously adopted a resolution declaring organized labor should disobey any injunction "founded on the dictum that labor is property." The resolution asserted any judge issuing such an injunction should be impeached. The resolution came as a bombshell during the report of the committee of which Andrew Furuseth is chairman; on the annual report of the executive council. It was recommended that when an injunction is issued against a strike, labor go ahead with the strike, regardless of the court's mandate and regardless of any consequences of this lawless act. The report brought forth a lively debate. Furuseth is the president of the International Seamen's Union, and this work of his committee was considered his most drastic act—in fact, one of the gravest in the history of organized labor. The federation voted to send a message of condolence to William B. Wilson, secretary of labor in the Wilson cabinet, whose brother was killed recently in a mine accident.

Werner Breyman Dead After Brief Illness

Werner Breyman, an Oregon pioneer of 1850, died this afternoon at 12:30 o'clock at his home on State street, after an illness of two weeks, following a stroke of paralysis. He was 87 years, one month and 25 days old. He is survived by three daughters: Mrs. William H. Eldridge, Mrs. William Brown, both of Salem, and Mrs. Rudolph Prael of Portland. The funeral services will be held from the Breyman home Wednesday morning at 10:30 o'clock and will be conducted by Dr. Elliott of the Portland Unitarian church. Burial will be in the Odd Fellows' cemetery.

Werner Breyman was born in Broekenen, Hanover, Germany. His father was a lieutenant in the Hanoverian army and fought in the battle of Waterloo. With his brother and sister, Mr. Breyman came to America in 1846 and lived in Milwaukee where he was employed as a clerk until 1850.

When the gold excitement was at its height on the Pacific coast, with four young men Mr. Breyman started west, traveling by boat up the Missouri and Platte rivers and driving over the mountains with horse and mule teams. With his party, he arrived in Oregon on October 6, 1850 and located at Lafayette.

Here he established the Lafayette hotel but in 1852 sold out and engaged in a general mercantile business for ten years. He owned the first store in Amity, where in 1856 his brother Eugene was taken into partnership. In 1865 both stores were sold and the Breyman brothers came to Salem and engaged in a general mercantile business which was continued until 1881. He was married in Lafayette, Oregon, to Miss Isabella Watt, who came to this state in 1848. In 1896 they spent six months touring in Europe.

Mr. Breyman served as a councilman in Salem and for eight years was county treasurer of Yamhill county. He was made a Mason in the Lafayette lodge, A. P. & A. M. in 1853 and in his later years was associated with Salem lodge No. 4, A. P. & A. M.

Suit to Determine Cost of Education

To determine just what is the exact "cost of education" and whether repairs to the buildings, depreciation of buildings and equipment to the extent of four per cent each year, and interest on the investment are to be included in that cost the Salem school board has filed a petition in the circuit court asking a writ of mandamus commanding County School Superintendent Smith to pay to the school board the sum of \$12,324.65, which he refuses to pay because he declares that sum, which includes the above mentioned items, is not to be considered in the cost of education.

The Salem school board, in its report to Superintendent Smith, on October 15, in which it enumerated the total cost of education of the high school students for the year 1915-16, showed that the total cost of educating each pupil was \$71.13. The report included for repairs to the building, \$1,529.84; for depreciation of building and equipment \$4,204.36; and for interest on investment \$6,790.45, or the total sum of \$12,524.65, which was not allowed.

The report also showed that the non-resident pupils in the high school were 184 and cost each \$71.13 or the sum of \$7,540. Of this sum, the county school superintendent allowed only \$5,956.58 and he declared \$66.12 as the total cost of educating each pupil. This last sum will not include any allowance for repairs, depreciation, or interest on investment.

The writ of mandamus is asked to compel him to draw a warrant on the county treasury for the sum of \$7,540. Considerable interest is aroused over this suit, which is a friendly one, as every school district in the state will be affected in determining the cost of education.

The will of William Townsend, who died November 4, 1916, at the age of 81, was filed this afternoon. The personal and real property is valued at \$1900. Default and judgment was granted S. M. Hay against J. H. Minty today by Judge Galloway in the sum of \$158.92 on nine causes of action.

THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

There is nothing especially new in the markets. Anyhow Monday markets are generally lifeless. Wheat is showing some weakness and sweet potatoes are now quoted at three cents.

GERMANS SKEPTICAL REGARDING PEACE

At the Same Time Reports Concerning It Are Widely Discussed

By Carl W. Ackerman. United Press staff correspondent. Berlin, Nov. 20.—The German public regards skeptically, so far as immediate action is concerned, Washington reports via Switzerland and London, that President Wilson may soon take some kind of steps for peace. The government itself is having nothing to do with the peace talk nor is the army. The army is concentrating its efforts toward winning. The general attitude toward American Ambassador Gerard is changing. He will probably find himself more popular when he returns than he was six months ago. There is a seemingly well founded report here that before Gerard departed officials expected him to return, even in the event of President Wilson's defeat and remain as long as possible.

But as far as general public is concerned the reports of peace steps are causing universal discussion. The growth of sentiment for an international agreement to prevent other wars is evidenced by efforts of German newspapers to obtain from Isaac Wolf, president of the American Chamber of Commerce, information and ideas as to the American League to Enforce Peace.

The newspaper Germania and its sister conservative organ, the Tages Zeitung, both say that Wilson should make peace—but these views hardly represent public sentiment or the official viewpoint.

The Germania article declared that if Sir Edward Grey, for England, Chancellor Bethmann-Hollweg for Germany and President Wilson really want universal peace after the war, now is the time to get together.

With all this discussion of peace, Germany is a unit in casting aside any fears of defeat. Everyone declares there is still "considerable punch" left, and the success of the Romanian offensive and the German U boat cruiser warfare is particularly cited.

To Force Bond Proposal Placed On Ballot

S. T. Richardson, attorney for the interests that are backing the proposed bond issue, has applied to the supreme court for a writ of mandamus to compel the city recorder to place on the ballot for the coming city election, December 4, the initiative petition to bond the city for a sufficient amount to refund the cost of all street improvements for which an assessment was made on abutting property.

The refund would not apply to non-tax paying property such as that owned by the state, county, city, schools or churches.

It would apply to macadamized streets of which the city has several miles and would cause a double refund to be made to property owners on Commercial, Commercial, State, Court and other streets which were macadamized before being paved.

The city recorder refused to place the initiative measure on the ballot for the coming city election for the reason the ordinance under which it is proposed to submit the measure to the people did not go into effect until the 5th of November. The law provides an initiative measure must be filed 30 days prior to the election.

The only way this proposed bonding measure can come before the people December 4 is for the supreme court to mandamus the recorder to place it on the ballot.

Should the measure pass, it is estimated that there would be an \$1,000,000 increase at once with an increase until 12 mill tax would be added to the present levy of 14 mills.

The bill provides for a one mill tax for repairs and extensions to pavements. This would raise about \$11,000 each year and after the usual repairs, there would be only enough money left to pave a few blocks each year.

VOTE TO STRIKE

Indianapolis, Ind., Nov. 30.—Indianapolis street car employees in a secret ballot voted 353 to 3 to strike at 11 o'clock tonight. The vote was taken Saturday and announced late this afternoon.

A USEFUL PAIN

Salem People Should Heed Its Warning. Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Praise by a Salem resident's experience.

C. C. White, barber, 1646 Mission St., Salem, says: "Doan's Kidney Pills are all right. I know that from experience, for I have been taking them off and on for a number of years and they have never failed to do the work. Standing in one position so much was hard on my back and kidneys. At times, I had taken a box or two of Doan's Kidney Pills, my back felt as strong as ever."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. White had. Foster-Milburn Co., Props., Buffalo, N. Y.

AUSTRIAN EMPEROR ILL

Rome, Nov. 20.—Dispatches from Zurich assert that the Austrian emperor's condition is worse and that he has asked for the papal benediction arrival of German specialists is eagerly awaited.

NO CHANGES MADE CALIFORNIA COUNT

All But 13 Counties Checked

Sacramento, Cal., Nov. 20.—Election returns from 45 counties of California are canvassed and sent in by county boards of supervisors had been completely checked up by the secretary of state this afternoon without any change from the supervisors' totals on the presidential vote being discovered. The tabulation of 20 counties was completed during the morning and these, with 25 previously checked up, completes the official count for all but 13 counties.

Will Count Precinct 388. Los Angeles, Cal., Nov. 20.—Los Angeles county supervisors ruled today that precinct number 388, over which a controversy arose during the "semi-official" count of the presidential vote, would be allowed to stand with the 273 votes that tally sheets indicated.

Despite this tally, only 270 voters were registered in that precinct. No explanation of the error was given. Immediately after announcing the ruling supervisors began the "official count" of Los Angeles county.

Hughes is Silent. Laurel in the Pines, Lakewood, N. J., Nov. 20.—Governor Hughes golfed today—still withholding any comment on the election returns.

National Republican Chairman Wilcox, who was here conferring with the republican nominee Saturday, left for New York—also without a statement.

ACHES AND PAINS

Don't neglect a pain anywhere, but find out what causes it and conquer the cause. Pain in the kidney region may put you on your back tomorrow. Don't blame the weather for swollen feet, it may be an advanced warning of Bright's disease. A pain in the stomach may be the first symptom of appendicitis. A break in a joint may be the forerunner of rheumatism. Chronic headaches more than likely warn you of serious stomach trouble. The best way is to keep in good condition day in and day out by regularly taking GOLD MEDAL HAARLEM OIL CAPSULES. Sold by reliable druggists. Money refunded if they do not help you. Beware of substitutes. The only pure imported Haarlem Oil Capsules are the GOLD MEDAL.

Market Was Feverish and Business Heavy

New York, Nov. 20.—The New York Evening Sun financial review today says: Securities market circles were almost feverishly active today and the volume of business transacted was enormous, although there failed to materialize the biggest bull movement which many traders and others had confidently looked forward to from the Saturday closing.

From the seething mass of stocks there emerged the steel and copper issues as the leaders of the market, although the strength in those issues was not confidently maintained by any means. There were several strong spots elsewhere in the industrial list and weak spots as well.

The professional cliques continued their activities in various quarters. There were rumors of copper mergers and a new steel pool.

Anasconda, American Smelting and Refining, Kennecott, Ray and Miami all moved up to new high record levels but there were reactions of a point or more, with new recoveries and so on. The zinc issues responded to strength in smelters. United States Steel common reached a new high record price at 129, a gain of more than 2 points. Lackawanna Steel and Republic Iron and Steel did the same.

The general level of prices in the late session was somewhat lower than the last previous closing.

UNDERTAKERS AT AUTO RACE

Los Angeles, Cal., Nov. 20.—Declaring that one undertaker had five representatives around the Santa Monica race course and that this undertaker expressed the belief that his competitors were equally represented, Rev. C. C. Selman, in a Sabbath sermon placed modern racing in the same category with ancient Roman "blood sports."

"These things," he said, "indicate the spirit that gladiators in the Roman arena showed to satisfy with blood and carnage the desire for excitement on the part of the populace of Rome."

VILLA'S WIFE DEAD

Los Angeles, Cal., Nov. 20.—Senora Juana Torres Villa, wife of Francisco Villa died at Guanajuato, Mexico, October 27, according to word received by friends of the young woman with whom she lived here while her famous husband was a fugitive of two governments, today.

Senora Villa lived here for a time and also stopped at Long Beach with the family of Colonel A. Perias.
