**STATE HOUSE NEWS**

Dr. Lytle, state veterinarian, who has been in Albany attending a post mortem examination of some animals killed there for examination, is expected back in Salem today.

Articles of incorporation were filed this morning with the corporation commissioner by the Morgan Razor Works of Portland, which is formed for the purpose of buying and selling razors and dealing in cutlery. The capital stock is \$15,000 and the incorporators are J. Canby Morgan, J. R. Dodson and E. Marges. The First Evangelical Lutheran Scandinavian church of Bend formed for the furtherance of religious instruction, filed articles today with a capitalization of \$4000. A decrease in the capitalization of the Beaver Glove manufacturing company of Portland from \$25,000 to \$10,000 was recorded with the corporation commissioner.

The car shortage yesterday jumped from 2997 Monday to 2017. The latter part of last week the supply of cars was such as to afford a slight relief to the shippers.

The Albany telephone case is occupying the attention of the public service commission today. It is probable the hearing will not be finished and, if not finished, will undoubtedly adjourn until a later date. Tomorrow the commissioners go to Portland to hold the hearing for the elimination of dangerous railroad crossings.

Charge of the judge who is acting here. An order will be entered in that case directing plaintiffs and their counsel to cooperate with the department of justice in lodging the appeal in the supreme court by December 4, next, and in then moving for the advancement thereof for such early hearing as that court may find it consistent to grant; also to invite counsel for all railroad companies and others similarly interested in the question involved to participate in the presentation of the motion to advance and in the arguments on the merits as fully as though their clients were parties to this litigation. Though the decree of the court in the case here will be final in form, yet, because of the exceptional circumstances, the plaintiffs will be directed to keep their accounts and be prepared promptly to pay their employees on the basis of the Adamson law, should the decree not be sustained.

**EARTHQUAKE IN FAR NORTH**  
Seattle, Wash., Nov. 22.—Following reports of earthquake shocks at Bellingham, Anacortes and Stanwood, the University of Washington seismograph was consulted and found to have recorded short but violent shocks between 10:40 a. m. and 4:59 p. m. Monday. Geologists estimated the center of disturbance 1900 miles from Seattle probably in the Aleutian islands district, or on the Alaskan coast.

**Court House News**

Judge William Bushey today appointed M. A. Stewart, T. A. Rinchart and D. H. Allen appraisers of the estate of F. O. Doyle, who died here recently. The appointment was made on petition of Guy O. Smith, administrator of the estate.

John A. White of Tillamook, was committed to the Oregon state hospital for the insane today by Judge Bushey. Dr. J. C. Evans was the examining physician. White is afflicted with hallucinations of hearing.

An action for the recovery of money alleged to be due for services rendered was brought yesterday by R. G. Boedinger against Henry Steinbock for the sum of \$69.

Judge Galloway this morning dismissed the divorce suit brought by A. Merle Scott against Gertrude Scott. This divorce suit developed out of a suit for alienation of affection brought by Gertrude Scott in May 1916 against Charles and Lulu Scott, the parents of A. Merle Scott. She charged them with turning her husband from her along with several other allegations. She asked \$25,000 heart balm at that time.

A summary of the road work done in Marion county for the month of October, shown by the records of the county clerk, totals \$22,247.44. Of this sum the following are the items: macadamizing \$1722.61; graveling \$5,063.30; bridges \$2850.38; general repairs and miscellaneous work \$4388.51; new tools and machinery \$58.10; supervisors salary \$123.12; payment to cities \$6812.62. The number of yards of gravel hauled was 4424 1-3; the number of yards of rock hauled 1874 1-2, and the number of yards of rock crushed 561 1-2. Other road work 72 men were employed and 21 1-2 teams.

**Youngest Bootlegger Is Found in Portland**

Tacoma, Wash., Nov. 22.—The youngest "boot legger" in captivity is today in the custody of Probation Officer Healey. This desperate person, whose name is being withheld, is but ten years old. He was traced to his lair in the public school at McKenna and yanked from his seat by five stalwart peace officers while in the midst of his "jogaphy" lesson.

The youthful lawbreaker is charged with entering the railroad station and making away with two quarts of whiskey, which he retailed to the thirty of McKenna at fifty cents a pint. He then engaged in a peanut eating orgy with part of the proceeds of his nefarious traffic, and it was this that caused his downfall.

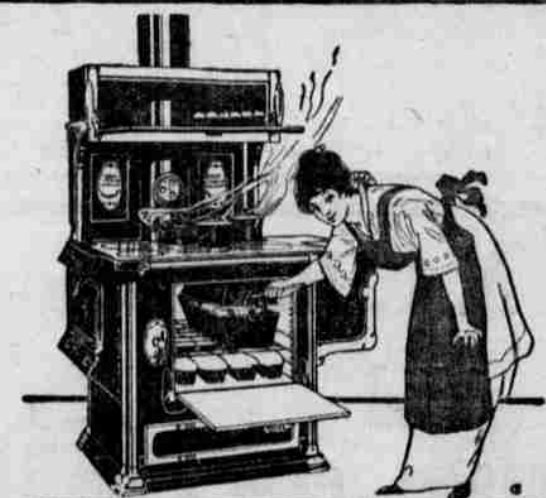

Officer Healey is puzzled what to do with his prisoner.

### If You Suffer from Backache, Lumbago, Kidneys or Rheumatism Take Hot Water and "ANURIC"

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"Anuric." Because of uric acid in overabundance in the system, backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica result. It was Dr. Pierce who discovered a new agent, called "Anuric" which will throw out and eradicate this uric acid from the system. Dr. Pierce believes "Anuric" to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c. for trial package or \$1.00 for full treatment "Anuric."

Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the kidneys of women have had a splendid reputation for the past 50 years.

### Double Oven Capacity

Think of the economy of time and fuel—do twice the baking with half the fuel and half the trouble. This great saving of time and money made possible by the extra large oven found only in—

### Cole's Hot Blast Range

The 14-inch oven height doubles the Oven Capacity. The extra two inches make it possible to place the largest roaster on the oven rack and still have the entire oven bottom free for other baking.

The double capacity oven—together with the Hot Blast fuel saving draft and the 12 other sanitary and labor saving devices make Cole's Hot Blast Range the best range ever made for family use.

preme court of the United States. In the former a decision would be inconclusive; in the latter a decision would definitely settle the question for the whole country. The motion to dismiss the case here, however, if it is decided, will promptly result in a final decree from which an appeal will be taken to the supreme court. The assistance of this court has been invoked to facilitate a final and authoritative determination of the constitutional question. The case was presented yesterday and a decision is desired today. It is far from being an agreeable duty for a judge to record a judicial conclusion without the care and deliberation essential to a conviction that he would stand in every circumstance. Upon the merits of a case the government neither asks nor receives from a court greater consideration than is required by the settled rules and presumptions of law, but a request by the department of justice to aid the progress of a case consistently with the rights of everyone cannot be declined, certainly not for personal consideration.

"Upon a consideration of the Adamson law and of what is said of its practical effect and what was intended to be accomplished by it, the judgment is that, as the court construes the terms of the law, it cannot be sustained. Since both parties have said they would not plead further, whatever the decision might be, a decree will be entered for the plaintiffs, reciting that the defendant prays and is allowed an appeal in open court. The case in which the plaintiffs were appointed receivers is in

the averments the plaintiff's bill of complaint is stated to be typical of a number recently filed by railroad companies in various district courts of the United States. A motion to dismiss has been presented on behalf of the defendant United States attorney. The sole question raised by it is that of the constitutionality of the law. The court is informed that the other cases stand on application for temporary injunction. An appeal from an order granting or refusing a temporary injunction goes to the circuit court of appeals and not further by ordinary procedure, while an appeal from a final order or decree in such a case would go direct to the su-
