**SOCIETY**

By ALINE THOMPSON

Mrs. Robert Kinney of Astoria is passing a few days in Salem as the guest of her parents, Mr. and Mrs. A. N. Moores.

Arrangements for the annual bazaar at the St. Paul's Episcopal church are occupying the time and interest of a number of society matrons and maids this week. The affair will be held on December the 6th and 7th and this year's articles will far surpass those of previous years although the Episcopal bazaar is noted for its wonderful array of useful, fancy and necessary things. As usual the Guild women will have their famous plum puddings for sale.

Miss Orvilla Ballou, who has been passing a few weeks in Salem as the guest of relatives and friends, plans to return to her home in Pasadena, Cal., the latter part of next week. At present Miss Ballou is the guest of Mrs. John G. Wilson.

Miss Ballou, who with her sister, Mrs. A. F. Hofer, moved to California from Salem a year or so ago, has many friends here.

Thanksgiving Mr. and Mrs. Clyde O. Rice and small daughter, Karlene, and Miss Florence Cunningham will be guests at the suburban home of Mrs. Rice's brother-in-law and sister, Mr. and Mrs. G. W. Cavanaugh.

Justice and Mrs. George H. Burnett have gone to Portland where they will be the guests of friends and relatives until after Thanksgiving.

In a recent interview with Mrs. Borah, wife of Senator Borah of Idaho, it is said Miss Winnie Winner, editor of the Woman's Department of the Portland Journal was told that she bore a striking resemblance to Mrs. Woodrow Wilson wife of the president of the United States.

At the Highland school the regular meeting of the parent-teachers association will be held on Wednesday night at 8 o'clock. The meeting will be presided over by W. T. Ringle, president.

Mrs. J. H. Lauterman will have as

**Mrs. Barr, Evangelist, Only Woman Leader of Revival Campaigns**

REV. MRS. T. D. BARR

To Rev. Mrs. T. D. Barr, an Indianapolis woman, falls the unique title of "the only woman evangelist," now conducting tubercule campaigns and carrying a working party of nine members. As far as can be ascertained the Rev. Mrs. Barr stands alone in this particular phase of religious work. Mrs. Barr holds a Sunday afternoon "men only" meeting in each city where she campaigns. She is a member of the Society of Friends. This is her second year of endeavor in the evangelistic field, and she has met with success. She is now conducting meetings in Indianapolis and will soon start on a campaign in St. Louis under the supervision of the women's federation of that city. Mrs. Barr has been a Friends minister, having held various charges in the yearly meeting for the past fifteen years.

Fred G. Buchtel, deputy state sealer of weights and measures, in the biennial report of the department to the legislature, recommends to that body the passage of a law creating a net weight bread law, so that the present variation in the weight of the ten-cent and five-cent loaves can be remedied. In making this recommendation Mr. Buchtel states that as the result of inspections made by the office it was found that the five-cent loaf varied from 10 1/2 to 15 ounces, and that the ten-cent loaf varied from 21 1/2 to 26 ounces. It is his belief that such a law would benefit all classes.

**"See How That Corn Comes Clear Off!"**

**GETS-IT! Loosens Your Corns Right Off, It's the Modern Corn Wonder—Never Fails**

"It's hard to believe anything could act like that in getting a corn off. Why, I just lifted that corn right off with my finger nail. 'GETS-IT' is certainly wonderful!" Yes, "GETS-IT" is the most wonderful corn cure

"It's Just Wonderful, the Way 'GETS-IT' ever know because you don't have to fool and puffer around with your corns, harness them up with bandages or try to dig them out.

"GETS-IT" is a liquid. You put on a few drops in a few seconds. It dries. It's painless. Put your stocking on right over it. Put on your regular shoes. You won't limp or have a corn 'twist' in your face. The corn, callus or wart, will loosen from your toe—off it comes. Glory hallelujah! "GETS-IT" is the biggest selling corn remedy in the world. When you try it, you know why.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry and Opera House Pharmacy.

inspected were 19,507; of this number 18,056 were found to be accurate and the others condemned. Linear measurement measures 3110 accurate out of 3110, 3,352, milk boxes 4,154, berry boxes 100,000, and 14,000 cords of wood measured by request.

At the beginning of the biennium there was \$10,000 available for the needs of the office and there now remains a balance of \$1210.01, high makes the expenses of the office \$8,783.00.

ported on the exchange. The sinking of the American steamer Chemung started the panic.

**Most Eminent Medical Authorities Endorse It.**

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Assuric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a sample of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

**Where Farm Loan Banks Will Be Located**

Washington, Nov. 28.—The consideration of locations for the federal farm loan banks is now centered on twenty-one cities, the United Press learned today. These cities are: Springfield, Mass.; Columbus, Ohio; Indianapolis, Ind.; St. Paul, Minn.; Fargo, N. D.; Portland, Ore.; Spokane, Wash.; Sacramento, Cal.; Denver, Colo.; Topeka, Kan.; Omaha, Neb.; Columbus, S. C.; Philadelphia or Baltimore; Jacksonville, Fla.; New Orleans, La.; Fort Worth, Texas; Memphis, Tenn.; St. Louis, Mo.; Raleigh, N. C.; and possibly Peoria, Ill.

**A QUESTION OF OPPORTUNITY**

The Clear Lake Literary Society will hold their next meeting on Friday evening, December 1st, at the school house. The question for debate is, "Resolved, that a young man has a better opportunity in the city than on the farm." Affirmative speakers will be, Calvin Mason, Anton O'Neil and Miss Sargent; Negative, Harvey Evans, Mr. Huber and Miss Tracey.

**HERO OF FIRE IS BURNED.**

Portland, Or., Nov. 28.—Willard Dieting, killed, arousing guests in the burning Cudahy hotel, was buried here today. His sister, Florence Dieting of San Francisco, was prostrated by news of his death and was unable to come here for the ceremony.

(Continued from page one.)

most important of the branches taught at the school. In our opinion an appropriation of \$10,000.00 to \$12,000.00 should be made for this purpose.

The present laundry should be enlarged. The building is not large enough to accommodate the large number of students who have to work in the building at the same time. An appropriation of from \$2,000.00 to \$3,000.00 is needed for this purpose.

There seems to be a great lack of room for employees. Instead of being quartered in cottages, as is usual in most institutions, they are tucked away here and there in various buildings, wherever there is a little unoccupied space. We are informed that some of the employees do not live on the grounds, which rendered them of less service to the school. In our opinion a sufficient number of cottages and other quarters should be built to house the employees on the grounds, which would probably cost from \$5,000.00 to \$10,000.00.

The wooden buildings, which are used for living quarters for more than half of the pupils, are unsanitary, dangerous fire traps. There are several wards containing from 20 to 30 or more beds each, where the pupils sleep. They have no privacy and no suitable place for keeping their personal belongings. Under a few of the cots are seen suit cases or boxes. The two brick dormitories which furnish suitable quarters for less than half the pupils, are in a good state of repair, save the need of some renovating such as calcimining and interior painting. The wooden dormitories above referred to should be extensively renovated or else brick dormitories should be built to replace them. We believe that there should be a room for every two or three pupils if the Indians are to be taught to live as civilized people do. In our opinion not less than \$12,000.00 will be required to remodel these three dormitories.

One of the greatest needs of the institution is a liberal appropriation for general repairs and improvements. These should include repairs to fences, barns and various repairs to many other buildings not mentioned above. One of the largest outlays necessary would be improvements to the power plant, which although large and valuable, is in a very bad state of repair. We believe not less than \$15,000.00 should be appropriated for general repairs and improvements. More than this could easily be spent to advantage.

We found the electric light and power system needed extensive repairs. All the buildings should be rewired, as they were wireyears ago under old specifications which are not considered safe at this time. Several new motors are needed of a different type from the old ones. We found the water system inefficient by reason of unsuitable pumps. Pumps of another design and greater capacity are needed. In our opinion there will be required for this purpose about \$5,000.00.

In our walk about the grounds yesterday we found a great need for cement walks on account of the muddy condition of the grounds. We also noted that some of the buildings needed work done on the foundations. There are a number of buildings scattered over a large area that we believe there will be needed for this work about \$5,000.00.

The same conditions that make cement walks necessary make roads necessary about the grounds. The soil is such that during the rainy season the dirt roads become almost impassable. We believe that there should be spent for roads on the premises at least \$7,000.00.

In many of the buildings we found stoves with wood fires, while in the same room with the stove would be steam radiators. Upon examination we learned that while the buildings are plumbed for steam heat, the pipes supplying the hot water and steam are not properly laid in tunnels, and in our opinion a large part of the fuel used at the institution is entirely wasted. In fact the pipes are heating the ground instead of heating the buildings. We believe the steam and water pipes should be placed in tunnels and the expenditure required for these tunnels would be saved within the next few years in the cost of fuel. It will probably cost from \$10,000.00 to \$12,000.00 to properly install these pipes.

We were very favorably impressed with the new superintendent, Mr. Hall. We believe he is a man of good business judgment, who has the interest of the government at heart and who will make a wise use of the appropriations for the school. We believe the school, under his administration, is destined to increase in size and importance and that our committee should give full

**JORDAN WEAKENS AND ISSUES CERTIFICATES**

**Signed Certificates of the 13 Democratic Electors at Midnight**

Sacramento, Cal., Nov. 28.—Frank Jordan, secretary of state, has "surrendered." After announcing time and again that he would not issue certificates to the thirteen democratic electors until all returns were in his office, including the missing Orange-therpe precinct, Jordan weakened and at midnight issued certificates with the Orange-therpe figures still out. Jordan's explanation was that while the law doesn't make it mandatory upon him to issue the certificates the last Monday in November he thought it best to do so to avoid confusion. In issuing the certificates, Jordan called attention to what he terms a serious defect in the election law—that in cases such as arose in Orange county when the tally sheet was pinned in a sealed envelope and no return made to the county supervisors, the law does not vest power in any authority to ascertain the facts. He suggests action by the next legislature to remedy this defect.

Remington of 302 North Church street was the scene of a happy reunion on Sunday when the family of Mrs. A. J. Purvine gathered to bid good-bye to Major and Mrs. Percy Willis, who after a several weeks' visit in Salem left Sunday for San Francisco en route for the Philippine Islands.

The members of the family present were: Major and Mrs. Percy Willis, Mrs. A. J. Purvine, Mr. and Mrs. James Remington, Miss Pauline Remington, Roy Remington, Mr. and Mrs. A. M. Purvine, Mr. and Mrs. Eugene Prescott, Mr. and Mrs. T. Remington, Mr. and Mrs. J. P. Purvine, Albert Purvine and Leo and Lowell Purvine.

Arrangements for an interesting literary and social entertainment are being made by the women of the Scandinavian church. The affair will be given at the church on Friday evening December 8 and the programme will be followed by refreshments.

Mrs. Edwin Nelson, who has been visiting here, left Monday for her home in Winner, South Dakota. She was accompanied as far as Portland by her mother, Mrs. J. T. Burleson. During her visit in Salem Mrs. Nelson was the inspiration for several attentions from her friends. Sunday a farewell dinner was given to honor the visitor by her parents, Mr. and Mrs. J. T. Burleson. Covers were placed for 10.

**Wheat Drops 14 Cents But Recovers Half**

Chicago, Nov. 28.—Wheat had a violent drop at the close here today, December showing a loss of 6 1/4 points. May showed a range of 10 1/4 points during the day. December closed down 6 1/4 at \$1.67 1/2; May down six at \$1.75 and July down five at \$1.44 3/4.

Renewed submarine activities were responsible for the wild changes in the market. Shortly after noon the break came and with sellers wildly offering their holdings December shot down to \$1.60 in a few minutes for a loss of 1 3/4 cents. A recovery of six cents followed in less than two minutes. May and July wheat also went through violent fluctuations as additional activities of the German U-boats were reported.
