## MEXICAN CONGRESS WILL MEET FRIDAY

### Carranza Endeavors to Replace Martial Rule by Civil Law

Queretaro, Mexico, Nov. 28.—Mexico's first congress "of the people, for the people and by the people" called to interpret the constitution of 1857 and to replace martial rule by civil law will meet here Friday. General Carranza opened his headquarters here today and the vanguard of the 242 delegates who will compose the meeting began arriving. Preliminary committees have been meeting since November 20, but the gathering is not to meet in formal session until December 1st.

"We are building the future of our country for all who live here," said Carranza in a speech to the members and inhabitants on his arrival.

"The cause of the people has triumphed and it is growing more popular every day."

The congress is convened specially to study the constitution of 1857 and to bring it up to date. Its members are called from every state in Mexico and from every strata of society—high and low. It is empowered to call elections of a president, members of a

**Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water**

Says an inside bath, before breakfast fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. It is induced to adopt the morning inside bath, which a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "bram fags" and pessimists we should see a virile optimism—beaming of rosy cheeks—people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleaning, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, nervousness, nasty bronchitis, rheumatism, colds; and particularly those who have a pallid, sallow complexion and are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to obtain a quarter pound of limestone phosphate in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

### Mt. Angel News

(Capital Journal Special Service.)  
Mr. Angel, Ore., Nov. 28.—Mr. and Mrs. Beening have been in Gervais for a few days visiting their daughter and son.  
Mrs. J. J. Keller entertained the ladies' sewing circle this week, the number attending was large.  
Rev. Father Berchtold was a Portland visitor Tuesday.  
Mrs. Renz went to Portland to visit her daughter for a few days.  
It is said that there are a few chickens in town. They have already visited a number of places and at one place the owner of the yard found a purse containing \$72, the loss was greater than what the thief received. If this would happen to the other thieves there would soon be none.  
Mrs. Nelson went to Portland for a few days' visit with her sister.  
Mr. Degen fell on the walk Thursday and sprained his ankle. He is now under the doctor's care and will be for some time.  
Mrs. Diehl went to Silverton on business Thursday.  
Mr. and Mrs. Stupfel, who came from Wisconsin a month ago, have bought the Coleman farm in St. Paul. They will no doubt be settled soon.

### Cloverdale Notes

(Capital Journal Special Service.)  
Cloverdale, Ore., Nov. 28.—Mr. Wm. Baker made a business trip to Salem Thursday.  
Mr. M. Fiflet's mother is quite sick.  
Mrs. Gus Drager is visiting in Salem this week.  
Mrs. W. H. Wilson is sick, the result of collision in a runaway in Turner Wednesday when she was thrown from her buggy when the runaway team struck it.  
Mr. F. A. Wood has Jim Strode, of California, visiting at his home this week.  
Mr. F. A. Wood and family accompanied by Jim Strode, made a visit to Salem Friday.  
Arthur Kunkle and Miss Fiflet spent Sunday in Salem.  
Dr. Massey called at the home of L. E. Hennis on Saturday evening to attend Lonie Hennis, who has been sick for several days with a severe attack of the grippe.  
The German Baptists had preaching at the school house Sunday afternoon.

## Willamette Valley News

### Monmouth News

(Capital Journal Special Service.)  
Monmouth, Nov. 28.—Prof. M. S. Pittman of the Normal school has succeeded in interesting 135 students in the rural school work and there people will be offered courses in rural school problems, rural school methods, rural sociology and rural school administration. The fact that this work is elective and that fully one third of the entire student body has enrolled for these classes proves conclusively that great interest is being taken in the rural schools of Oregon. At present students taking this work are greatly handicapped by the lack of special rural schools for demonstration and experiment so that they may get the practice. As a substitute for this Mr. Pittman has planned a rural school week during which each student will visit a nearby rural school for the entire week; the third week in February has been set

aside for this and it is expected much good will be derived from this part of the work.  
Prof. E. S. Evenden represented the faculty in chapel on Friday morning, taking for his subject "What are you going to do with the adolescent in your school?" Mr. Evenden made a special appeal to the students to make an effort to realize and understand this most troublesome problem that must come to every teacher in his or her own school.  
Prof. Gentle will attend the Clatsop county teachers institute to be held at Astoria Monday and Tuesday, and will be one of the speakers.  
President Ackerman, Prof. Pittman and Miss Riesler will be some of the principals in the Lane county institute at Eugene the first of next week.  
Wednesday morning—Mrs. Lena Foster represented the senior class at chapel with an interesting talk on "Work in a rural community."  
The Vespertine literary society of

the O. N. S. gave a very excellent program on Friday evening in the normal chapel.  
The Delphian society met for its regular program on Friday evening in assembly hall of the training school. Miss Rosa Parrot presided as critic and after the splendid Thanksgiving entertainment was given, gave in a most favorable report; a feature of these society entertainments is the parliamentary drill given by the critic, which is very helpful.  
Mrs. Hartley Mulke of Monmouth died very sudden—Thursday morning of diabetes. She had not been well for some time but had been doing the work for her family and for boarders since school began. On Tuesday evening she became unconscious and remained so until the end. She leaves two small children, her husband, father and mother and many other relatives and friends to mourn her loss; the funeral was held in the Christian church after which the body was laid to rest in the K. P. cemetery.  
Work has begun on the concrete base for the city paving; the block from the railroad west of the post office to the end of the street intersection west of Morlan's store is finished; about twenty five men are working on the job and when all goes well the work progresses nicely but many delays have occurred and the weather has been unfavorable so it looks now as though it would be some time before the job will be finished. They have been putting straw on the concrete as fast as it is laid.  
The city council met in special session Tuesday night to consider the tax question for the coming year. The taxing of certain occupations was discussed and ordinance 187 providing for same introduced and passed. Tax budget was read and adopted. The tax levy is \$3,150.  
As usual there will be a union Thanksgiving service in the normal chapel at 10 a. m. The program consists of special music and a sermon by Rev. W. A. Elkins of the Christian church. A collection will be taken for the benefit of the sufferers in the war zone.  
The Y. N. O. A. society of the high school had a meeting last week and elected their officers for the ensuing year.  
The first basket ball game of the season was played last Friday evening in the high school gymnasium, between the high school quintet and the town team; the latter being defeated by a score of 28 to 15.  
The Athena society gave a splendid program Thursday night which was open to the public; the special feature being lantern slides of life in the M. H. S.  
Mrs. W. A. Worth left last week for Santa Rosa, Cal., where she will spend the winter with her son.  
W. J. Mulkey has returned from the university and is now attending normal.  
Miss Gladys Evans is on the sick list, having a severe attack of la grippe.  
Mrs. R. H. Simpson and C. E. Hennis are enjoying a visit with their brother George Hennis of Reno, Nevada.  
The Priscilla club was entertained by Mrs. Dr. Matthis on Saturday; this meeting closed the second year of the club's existence; there was a large attendance of members and several visitors. The next meeting of the club will be on Dec. 2 at the home of the Misses Margie and Alice Butler.  
The boy scouts held a meeting last Monday night in the office of the local bank and appointed Lewis Burlingame as scout master to fill the office left vacant by the departure of their former master Raymond Cornwell.  
Miss Alice Scott is spending the week end with her sister Helen at Sunning Farm.  
Mrs. E. T. Medall of Wasco, Ore., is visiting her daughter, Miss Norma Medall, who is here attending normal.  
Mrs. E. M. Young of McNary has been visiting this week with her mother, Mrs. Shore.  
Hugo Bilberstein, former Monmouth cheese maker, was here on business this week.  
The young men who "swiped the

cats" from the high school gym on the night of high school party recently had the misfortune to break the window through which they entered, thus making a noise which attracted the attention of "Dad" Sickafouse who promptly "got busy" with the result that the boys were apprehended and finally paid the bill for the broken window and for the sixty eight sandwiches at five cents apiece.

The new Helmick bridge across the Luckiamute south of Monmouth is now finished but as the approaches are not filled in it cannot be used. It is thought that nothing more will be done to the roads until spring.

Floyd B. Moore, clerk county school supervisor, was in Monmouth Friday; he has made the round one, visiting at the rural schools in the county.  
Miss Beth Ostrom went to Salem Saturday for a visit with her sister, Daphne who is attending Staley's Business college at that place.  
Mrs. Dora Chase of Bend and Mrs. Edna Bickard of Corvallis came to be present at the funeral of Mrs. Hartley Mulke, their sister, and to remain with the family for a few days.  
John Riddell went to Portland Friday.

Several of the February seniors have already secured schools and will not remain to graduate but begin school work at once. There is always a demand for normal trained teachers.  
Harold Benjamin has left normal and taken a school at Salem Heights where he has taught before.  
There are several cases of measles and at least two cases of scarlet fever here.

Nearly all of the normal students who board at the dormitory are going home for Thanksgiving; about thirty will remain.  
Miss Alice Scott who has been making her home with Hartley Mulke's will stay at J. T. VanLoon's for the remainder of the school year.  
Miss Ruth Mills was a visitor at Salem Sunday, going over by auto.  
Mr. Hurme and family of Carlton were visitors at the Mack home last Sunday.  
Miss Rosa R. Parrot of the normal faculty made a trip to Portland one day this week.

Winegar and Lawrence are putting in a new and complete line of furniture in their hardware store, so from now on the people of Monmouth will not have to go to Independence for anything in that line.  
Mr. and Mrs. Wm. Brown of Dallas were visiting at the home of A. N. Hotlock Friday.  
Monmouth has a new second hand store; located in the old laundry building.

### Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Pinex (50 cents) and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so you can rest and eat. It is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

## The Modern Breakfast Cup

is served to all the family

---no denying the children for fear of harming them.

---no hesitation on the housewife's part lest it make her nervous.

---no doubt about the wisdom of a second cup for the husband for fear of disturbing his digestion.

This snappy flavored table drink, so popular nowadays, is

England Is Trying to Show She Is Ashamed

Washington, Nov. 28.—England's refusal to permit passage of the new Austrian ambassador to the United States, Court Tarnowski, probably is not final, the British embassy said today. Officials there pointed out that the United States has not asked for Tarnowski's safe conduct, and therefore England's action is not a direct refusal to heed this government's wishes.

It was pointed out that England permitted passage of German Ambassador Von Bernstorff, who was in Germany at the outbreak of the war. The impression was given that the British foreign office wishes the state department to make a formal request for Tarnowski's safe conduct. Such a request would, in the opinion of the British government, more surely obligate the United States to guarantee the "good behavior" of the new ambassador.

The British government, it is understood has not been satisfied with the efforts of the United States to "maintain its neutrality" with respect to the activities here of neutral power diplomats.
