## CHARLIE CUTLER TO TACKLE STECHER

### Was Defeated Two Years Ago by Stecher Before He Had Record

Chicago, Nov. 30.—Charlie Cutler's chance of being the world's heavy-weight champion-wrestler tonight depends on whether he can break Joe Stecher's powerful scissors hold when the two go to the mat here.

Cutler has trained three months with Martinson, Freberg, Hussane, Demetral and Ed (Strangler) Lewis, all of whom have felt the Nebraskan's mighty seizers, and he believes he is prepared to break the deadly vise of Stecher.

Cutler went to the mat under the cornhusker two years ago when Stecher was just starting his victorious career.

To Play the Japs.  
Vancouver, B. C., Nov. 30.—George M. Church and Harold Throckmorton, two of America's foremost tennis players, will sail from here this afternoon for the Orient where they expect to meet the best of the Japanese players in a series of matches. Their trip will keep them traveling until next March.

Stanford Wants In.  
San Francisco, Nov. 30.—Graduate Manager Behrens, of Stanford university, started today for Seattle where he will make formal application on behalf of his university for admission to the Pacific Coast conference on athletics, which meets there Saturday. It is proposed that the Cardinal shall compete with the colleges in the conference in baseball, basketball and track sports, but not in football. Stanford has no intention of abandoning rugby in favor of American football, Behrens said before his departure.

## OREGON PLAYING MULTNOMAH TODAY

### This Will End Season But Team Plays Eastern Bunch New Year's Day

Portland, Ore., Nov. 30.—Little drops of water have been falling from the skies hereabouts pretty steadily for some means held off for a while today and it began to look as if Oregon and the Multnomah club wouldn't have to wear bathing suits for their football match this afternoon.

The Oregon bone crushers, who have consistently oppressed all teams in the northwest and Berkeley regions except Washington, will be handicapped today by the absence of "Dick" Mitchell, the stylish end whose torso was heavily stepped upon in last Saturday's game.

Coach Hugo Bezdek of Oregon, will use his first string men this afternoon and make every effort to roll up a big score on Multnomah. Today's game will mark Oregon's last appearance until New Year's day in Pasadena, when Bezdek will take his strong aggregation to the Crown City to beat Pennsylvania.

Picked Seattle's Scalp.  
Portland, Ore., Nov. 30.—Multnomah Athletic club boxers and wrestlers had the Seattle Athletic club's scalp in pickle today. The inter-club tournament was cleaned up by Multnomah, four contests to none.

Harry Hansen, Multnomah, outboxed Claude Scott, Seattle, at 145 pounds. The decision was close.

Ralph Underwood, Multnomah, had an easy time defeating Irving Gleason, Seattle, at 125 pounds. Underwood only weighed 115 pounds.

George Hansen, Multnomah wrestler, won from Lloyd Gray when the latter snapped three ribs in the first fall after nine minutes of struggling. The men are middleweights.

George Clark, Multnomah, beat Walter Taylor, Seattle, in two straight falls at 145 pounds.

## H. D. TROVER'S HOME DESTROYED BY FIRE

### Alarm Turned In At 2 o'Clock This Morning—Insurance \$2,000

Fire early this morning totally destroyed the home of H. D. Trover located on Water street. The alarm was turned in about two o'clock but before the fire department arrived the house was a mass of flames from cellar to garret. When the blaze was discovered by Mr. Wendroth, who had moved from the Trover house recently to a house across the street, the fire was leaping from the roof. He promptly called the department.

In a short time after the arrival of the fire department, 900 feet of hose were laid and several streams of water were playing on the seething mass. But the pressure was so low that no effective work could be done. When the pump got to working, the pressure was increased.

It is considered fortunate that no wind was blowing as the house is in such a situation that sparks and blazing bits could easily alight on nearby houses. The windmill, which was situated in close proximity to the house, was also destroyed.

There was \$2,000 insurance on the house.

## AUTO LOAD OF BOOZE GOES THROUGH SAFE

### Passed Through Town at 40 Mile Clip While All Were Asleep

An automobile loaded to the guards with booze dashed through the city about two o'clock this morning bound north from Albany at a forty-mile an hour clip. It swung up High street, past the city hall, and was lost in the mazes of North Salem before the sleeping city had time to wake up.

About one o'clock Night Sergeant Poland received a call from Albany stating that two cars loaded with booze had stopped at a restaurant there. One of the machines was captured with 280 quarts of booze tucked away in it but the other got away, although several shots were fired at it by the Albany police.

The auto that got away is described as a large machine with a top on and side curtains up. The man driving was tall and slender and wore a fur cap. Both machines bore Oregon licenses, but the numbers were not obtained. The booze captured at Albany is estimated worth about \$300.

## GERMAN PAPER SORE OVER SUBMARINES

### Say Germany Will Pursue Her Own Course Regardless of America

Amsterdam, Nov. 30.—Accusing President Wilson of "attempting to make submarine warfare impossible" German newspaper received here today contain bitter comment against America's "neutrality." They declare Germany intends following her own chosen course in submarine matters, despite cajolery and threats.

"The German people," says the Cologne Volks Zeitung, "will decline to accept President Wilson as a mediator if he reports the submarine question. He is attempting to make submarine warfare impossible. If the submarine issue comes to a focus again it will not be Germany which has broken pledges, but America, for Ambassador Gerard promised that America would keep quiet if Germany fulfilled her promise. This she has done."

"Germany will win the war despite America's unneutrality," said the Cologne Gazette. "We intend to consult only our own interests respecting submarine warfare, and will not allow American threats or flattery to influence us."
