Edward Carlyle, under the name of Edward Bell, was one of six trustees to escape from the Oregon penitentiary flax field on the night of August 1, 1916. The escapes went to Silverton and stole a Ford auto and started for

California. He was captured there for the theft of an auto on September 24. He was received from Multnomah county January 14, 1915, for grand larceny, the penalty for which is from one to seven years.

SALE OF BRITISH (Continued from page one.)

For some time been under consideration with a view to furnishing a credit medium that would accommodate the American banking demand for an investment of short maturity and of such limited volume that the government could always undertake to lay down gold in New York sufficient to meet the matured bills.

It is believed further that these bills would have furnished at the end of the war an excellent measure of protection to the American financial situation, inasmuch as steadily maturing obligations of the foreign governments would have tended to prevent heavy drafts of gold from this market.

A large number of applications for the bills was made as late as today. H. P. Davidson of Morgan & Co. said in giving out the statement.

Morgan & Co. on Tuesday, following the announcement of the reserve board's action in warning against the tying up of American funds in treasury notes that were subject to renewal, said the notes would be offered investors as originally planned. It was declared by the firm that the reserve board was wrong as to character of the notes, confusing them with the short term acceptances that have been sold here in past months.

CHIHUAHUA ON FIRE
El Paso, Texas, Dec. 1.—The principal residence street in Chihuahua City is in flames, it declared a Spaniard named Nuela, who reached the border by automobile after escaping from the vaulted city Wednesday night. The Terrazas palace is one of the buildings that is on fire and many others along Ocampo avenue are burning, the Spaniard declared.

England Sends Fleet for Australian Crop
Sydney, N. S. W., Dec. 1.—To remove the Australian wheat crop and wool clip which has been sold to Great Britain, a fleet of large cargo carrying ships has headed for the Antipodes. Each vessel will be capable of carrying 6000 tons of wheat or other Australian produce.

There are 2,500,000 tons of wheat stored in the country, and it is estimated that half of this will be required for home consumption, leaving therefore, 1,250,000 tons for Great Britain.

The mother country is making other vessels available for this traffic. Meat is leaving Australia at the rate of 250,000 tons a month.

SUBLIMITY STORE ROBBED

When Mr. Bell of the Ditter, Bell & Co., of Sublimity opened up his store last Saturday morning he found that the store had been broken into and robbed during the night.

The thieves had forced their way into the rear door and apparently had made themselves perfectly at home by going through the stock of goods and helping themselves to whatever their fancy indicated. They got away with several gun slickers, a large assortment of knives, several pair of shoes, socks and underwear and in all they made a fair sized haul and so far no trace of them has been found.

The same parties or some of their gang seem to have a spite at Ditter, Bell & Co., as this is about the 4th annual visit in as many years, however this time they did not bother the vault as they seemed to want merchandise—Stayton Standard.

Troops Disembarked.

EARL RACE

Earl Race, who received the highest vote for city recorder at the recent primary, has been a resident of Salem for nearly a quarter of a century, during which time he has retained the highest respect of the community as a man and citizen.

A large share of Mr. Race's life work has been devoted to record keeping and accounting. He has been entrusted with the books of some of the largest interests, public and private, in this section. Men high in the industrial life of Salem will testify that Mr. Race has shown up the weak spots in their book-keeping system and brought about economies and reforms in the method of handling their business.

Temperamentally Mr. Race is a man of precision and painstaking accuracy. Frugal in his own habits, he insists upon frugality and economy wherever the expenditure of public funds is involved.

He is a man of deliberate and mature judgment, a characteristic much to be desired in a city recorder who must also serve as municipal judge. Salem will do well to elect a man of Earl Race's caliber to the office of city recorder next Monday.

DEAD MAN FIGURES IN DIVORCE CASE

Man Who Was Killed by Husband Named As Cause of Suit

Wallace, Idaho, Dec. 1.—With a dead man figuring as alleged correspondent, the divorce suit of Herman Rossi, wealthy business man, comes to trial in Coeur d'Alene this month. Mrs. Rossi has departed for a California city to live, and the husband's attorneys claimed today no defense to the action would be made. Mrs. Rossi's lawyers, however, are not abandoning their preparations for a fight.

Clarence Dahlquist, an artist, who was shot and killed by Rossi, is the alleged correspondent. The divorce trial will culminate one of the most sensational episodes in the history of Idaho courts. The sensational started when Rossi accused Dahlquist of making love to his wife, pleaded the unwritten law, and was acquitted after a bitter court fight.

Immediately after his acquittal, Rossi filed the divorce suit. Mrs. Rossi answered it denying immorality with Dahlquist. If the case comes to trial much of the evidence heard in the Rossi murder proceedings will probably be brought forward again.

Washington, Dec. 1.—That Santo Domingo will appeal to the A. B. C. powers of South America against the action of the United States in declaring martial law and military government in the republic was the belief expressed in official circles here today.

GERMANS CAPTURE

(Continued from page one.)

The war office statement today declared that the czar's forces in this sector had occupied the whole range and the heights surrounding this city recently wrestled from the Germans by the Russians at the start of the offensive.

Russians Start Offensive.

Petrograd, Dec. 1.—A vigorous offensive along the entire Carpathian front has been started by Russian troops. Special dispatches today said the advance movement was of the strongest possible nature.

The Carpathian offensive is patently designed to relieve the pressure of German troops on Bucharest by a thrust on the German lines of communication. Berlin statements for the last two days have indicated an offensive in this section by the czar's troops.

Tanks Are No Good.

Berlin, via Sayville wireless, Dec. 1.—British armored cars have been unable to stop the failure of attacking masses of the allied forces in Dobruja, today's official statement declared. The attack was centered against the left wing of the Bulgarian forces. Two of the English armored cars were destroyed before the German barricades.

This is the first report of use of British armored cars—which may be the famous "tanks" used on the western front—in the fighting in the Balkans.

Attacks Are Furious.

Berlin, via Sayville wireless, Dec. 1.—Continued attacks on the army of Archduke Joseph in the Carpathians by Russians and Rumanians were part of a violent assault on the passes on a front of 300 kilometers, today's official report declared.

"This waste of blood and ammunition," the statement asserted, "at practically no place brought the enemy any advantage."

"Our troops made numerous counter assaults and captured from the enemy ground which had been taken on the preceding day."

The line of battle mentioned in the official statement was from between the Jablonitz Pass and the heights east of Bassin Kezivasarhely—200 kilometers on an air line.

Captured King's Cemetery.

Berlin, via Sayville wireless, Dec. 1.—The sepulchres of the Rumanian kings fell into German hands at the conquest of Curtes De Arges.

The German emperor ordered that the tombs be put under special protection of the troops and that in the march through the city wreaths should be deposited on the sepulchres.

Bombarded Station.

Berlin, via Sayville wireless, Dec. 1.—A British aviator bombed the railroad station in Drama from where a special train must carry home ministers of the German allies en route from Athens, according to a press bureau announcement.

Pierce German Lines.

London, Dec. 1.—Forcing of an entry into the German lines at several places south of Armentieres was announced by General Sir Douglas Haig today. He also detailed repulse of an attempted enemy raid on trenches northeast of Neuve Chapelle.

Greece Refuses Demands.

Athens, Dec. 1.—King Constantine and the Greek government today formally advised Vice-Admiral Du Fournet that Greece had finally and definitely determined to refuse the surrender of arms demanded by the allies.

The government today called to the colors all reserve officers belonging to the Athens army corps.

German-Bulgars Repulsed.

Paris, Dec. 1.—A counter attack by

DISCOLORED OR SPOTTY SKIN EASILY PEELLED OFF

The discoloring or roughening to which many skins are subject at this season, may readily be gotten rid of. Mercolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfiguring skin. Get an ounce of the wax at any druggist's. There's no more effective way of banishing chaps, blotches, pimples, freckles or other cutaneous defects. Little skin particles come off each day, so the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.
Wrinkles caused by weather, worry or illness, are best treated by a simple solution of powdered saxonite, one ounce, dissolved in one-half pint witch hazel. Bathing the face in this produces a truly marvelous transformation.

Captured in Africa.
London, Dec. 1.—Capture of a large German force in German East Africa, Division of Teutonic armies in that section, and a retreat of badly reduced enemy detachments was announced today by General Smuts, commander in

chief of the British forces in the South African Union.

The Boer leader reported the main German force in German East Africa had been divided and the main body caught between converging British columns. This larger portion of the enemy forces was driven north, while the other section was forced to surrender north of Neulangeburg.

The remnants of General Wabile's force, reduced probably by more than a half on account of casualties, are making their retreat eastward toward the district of Mankene, General Smuts asserted.

German East Africa is Germany's last remaining colony. The fighting detailed by General Smuts is almost in the center of the colony.
