Fruitland Items

(Capital Journal Special Service)
Fruitland, Ore., Dec. 2.—Today the people of Fruitland and many from Auburn assembled at the church here for a good, old-fashioned neighborly Thanksgiving dinner. There were probably 200 or more present who partook of the good things prepared by the mothers and daughters of Fruitland. Without disparaging any other locality let me say our cooks know how to cook and no other artists of the culinary business can "put it over them" to any appreciable extent. What was there to eat? Time would fail me to enumerate what was on those tables. I could nearly as soon note what was not. I might say though there was about everything from fried chicken to five or six large cakes, and you can probably imagine what was between. I noticed that the two ministers from Salem did not in anywise compromise the preacher's reputation for fried poultry. I also noticed and sampled some fine potato salad garnished with sliced, boiled 50 cent eggs. Well, to cut the dinner story short, there was enough for all and much remained. Rev. G. L. Lovell, of Salem, invoked the blessing on the food. He also gave a short address before dinner. Your correspondent being late did not have much of it.
There were three tables (dinner was served in the church) set. The smaller children sat at one of them.
Quite a number of the Ruburn Sunday day school young people were present, also the superintendent, Mr. O. Fogg.
At about 1:30 p. m. the literary exercises began by the congregation singing "America." Then there were recitations given by several girls, viz: Mildred Donaldson, Ethel Anderson, Minnie Bohlsen, Abbie Bohlsen, Mary Bohlsen, Bessie Cader, Claudine White, Wilma Alvord, Freda Standifler and Ruth Lattin. The following boys also had recitations: Harold White, Geo. Jackson (a linen descendant of A. Jackson), Hale Cade and H. C. Todd.
Next followed a song by the congregation. Then a song by the Auburn Sunday school of about 25 singers. Song by Freda Standifler. Exercises of class four of Auburn Sunday school of nine persons. Song by five girls. Song by the congregation. Bible reading by Auburn Bible class led by Mrs. David Terry. Song by congregation. All did their parts well. These exercises occupied one hour.
Rev. G. W. Plumer of the Evangelical church, Seventeenth and Chemeketa street, Salem, now began an interesting address which was listened to with attention. Said in part he was a great friend of the public schools and we should be thankful for them and guard them with care. Said Thanksgiving did not originate with the Pilgrim fathers of America, but with the Jews in the days of Moses, at the time of the ingathering of the crop in the fall. They had a feast lasting seven days called the "Feast of Tabernacles." The people rejoiced before the Lord and were glad a whole week and not one day only. Holland had Thanksgiving December 25. President Lincoln in 1863 appointed the fourth Thursday in November and we observe it still. Said Thanksgiving day was the only day the civil government recommended should be observed religiously.
He eulogized President Wilson and at this point nearly turned his address into a political speech. Said if anything would arouse his "Dutch" (said he was born in Holland) it would be to speak against Wilson, and those of us who were republicans prudently held our peace. Extolled the two prohibition measures voted on by the people of Oregon at the late election and said we should be thankful for the downfall of John Barleycorn. He did not tell us we should also be thankful that these same prohibition voters knocked out the Sun-ony but wealthy people can afford to use the once valuable tuber. Car shortage and crop shortage seem the main factors causing present conditions.

The E. A. Matthes family spent Thanksgiving with Mrs. G. S. McMunn and Miss Ella McMunn, of Quincy.
The John Westleys motored to Salem and were guests at the Mapthorpe home for Thanksgiving. Mr. and Mrs. Roy Westley (Reuben Mapthorpe) were additional guests.
A most excellent program was enjoyed at Kaiser school on Wednesday, November 29. Pilgrims in their quaint garments and Indians in gay feathers were featured by the pupils. The decorations were delightfully realistic.
A young trapper here has secured seven muskrats, one mink and one immense skunk during the last three weeks. The hide of the muskrat is worth 40 cents and that of the skunk many cents.

Mrs. Jones says that the high cost of living is much more in evidence in the Golden State than it is here. Car shortage and crop shortage seem the main factors causing present conditions.

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. External applications for their removal have proven almost useless, because they cannot drive out the impurities that are in the blood.
Hood's Sarsaparilla makes pure rich blood, perfects the digestion, and builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of forty years. Insist on having Hood's, for nothing else acts like it. There is no real substitute. Get it today. Sold by all druggists.

OLD TIME COLD
CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, of the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a teaspoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also lessens the hoarseness, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.
