

Cottolene

"The Natural Shortening"

Foods prepared with Cottolene have a delicious wholesomeness that is gratifying to the appetite. Use Cottolene for shortening when you bake biscuits, pies and pastries. Fry doughnuts, fish, chicken and vegetables in Cottolene. It adds to the joy of eating.

Your grocer will supply Cottolene regularly. It is packed in pails of convenient sizes.

"Cottolene makes good cooking better"

WILLIAM FAIRBANK COMPANY

SOCIETY

By ALINE THOMPSON

Tonight will be made merry by a throng of the dancing contingent, who will gather at the armory to participate in the annual musicians dance. Informality and a good orchestra will characterize the event.

Mr. and Mrs. Curtis B. Cross entertained a group of the younger married set informally on Sunday night with a supper.

Their guests were: Mr. and Mrs. Mack Hoter, Mr. and Mrs. Clyde C. Graham, Mr. and Mrs. William Connell Hyer, Mr. and Mrs. Frank H. Spears and Mr. and Mrs. David W. Eyre.

Mrs. Otto Krausse, who has been visiting her sister, Mrs. Joseph H. Albert and Mrs. John G. Griffith returned to her home in Portland Saturday. Thanksgiving, Mrs. Krausse was joined by Mr. Krausse who has just returned from an extended trip east. Miss Helen Krausse, who accompanied her father east will remain in New York for a few weeks longer, returning by way of Chicago, where she will visit friends.

Matrons and maids who are desirous of obtaining attractive Christmas gifts are awaiting the opening of the St. Paul's Episcopal bazaar, tomorrow and Thursday afternoon and evening.

There will be all sorts of pretty and useful articles for sale, along with the Guild's famous plum puddings and home made.

A number of young folks gathered at the home of Mr. and Mrs. W. H. Phillips on Thursday night to celebrate the anniversary of Miss Emily Phillips' birthday.

Games and music formed the evening's gayeties and the prizes were won by Miss Madge Bailey and Earl Seams.

Those participating in the affair were: Miss Madge Bailey, Miss Frances Solomons, Miss Esther Spitzbart,

Miss Lucy Holt, Miss Zeda Vaughan, Miss Salome Socolsky, and George Holt, Robert Seams, Ralph Harper, Leo Spitzbart, Marvin Holt, Earl Seams, Edwin Socolsky, William Holt and Mr. and Mrs. Robert Paulus.

After a short visit in Salem as the guest of Mrs. Frank Lennon of 1036 South Cottage street, Mrs. Leona Koplan left Sunday for McMinnville to visit friends and relatives.

Thursday night was the occasion of a merry party at the home of Miss Nora Derrick, 1530 East Waller street.

The rooms were tastefully decorated with white and yellow chrysanthemums and the evening was passed with games and music.

Those present were the Misses Bessie Goode, Katherine Morrison, Amanda Wicklander, Jennie Jacobsen, Clara Page, Fannie Morrison, Dora Byrne, Anna Kelly and Jack Oglesby, George Basev, James Hartwell, W. W. Oglesby, Lillian Parrish, W. Barry, M. P. Rhodes, George Derrick, Mr. and Mrs. H. Parrish and Mr. and Mrs. E. C. Derrick.

The premier studio tea of a series to be given this season by the students of Mrs. Anna Rogers Fish, was held on Monday evening at Mrs. Fish's studio on Court street.

About 40 students and guests gathered for the evening and enjoyed a delightful programme which included the following numbers:

Theodore Howard, "A Fall Creek view of the earthquake," by Riley; "Love sonnets of a hoodlum," by Will Irwin; Kathleen Walsh, "Whistling in heaven," by Hall; "The wind and the moon," by McDonald; Helen Frey, "My Aunt Maria," by McCollum; and "The Dutchman's troubles and his secret," by Celia Wilson; "Jim Fenton's wedding," by Holland; and "Wood-ticks," by Ben King; William Walsh, "The revolutionary rising," by I. D.

SWINDLER OF WOMEN IN FEDERAL COURT

Man Who Made Love to Woman and Got Their Money, Faces Trial

Chicago, Dec. 5.—Federal Judge Landis at 11:30 a. m. today issued a bench warrant and ordered Charles H. Wax brought before him immediately. Wax was wanted in New York for being the "Oliver Osborne" involved in the Rae Tanner charges. It was expected that he will order Wax taken to New York under \$50,000 bond as a material witness in the Osborne case.

Wax was to be held in the United States marshal's office until Federal Judge Landis resumed the bench at 2 p. m. While waiting to be arraigned Wax chatted freely with deputies and showed no signs of worry over his arrest. He wore a neat gray suit and was closely shaven.

Wax's arrest was the result of two "tips" following the scattering of 60,000 circulars throughout the North American continent.

A woman writing from Panama gave the clue by which officers tracked Wax through 17 towns in Michigan and nabbed him in his apartments here. She wrote that the picture on the circular was that of a man who had flirted with her in a Chicago department store. A man in New York identified the picture as that of a man who had been sentenced to one year at Blackwell's Island for swindling a woman out of \$100.

It was Wax's handwriting found in a trunk full of passionate love letters he had written and left unmailed to the scores of his women acquaintances that enabled the police to identify him as the probable writer of the letters, which Miss Rae Tanner testified, were written by James W. Osborne, whom she was suing for \$50,000.

Police today said that Wax has a trail of prison sentences, practically all imposed for swindling women.

Leaving the United States army in 1901 after serving in the Philippines, Wax was convicted of swindling a nurse and served a year in the penitentiary at San Quentin, Cal., according to the police.

After his releases he traveled all along the Pacific coast, and leaving a trail of broken hearts and overdrawn bank accounts among the scores of women he met and won.

In 1910 he served a short indeterminate sentence in Walla Walla, Wash., for swindling a woman, the police say. The following year he served a year at Blackwell's Island for duping a woman in New York.

Returning to the Pacific Coast Wax played his game and found numerous victims. In 1915 he was sentenced to five years in the Salem, Oregon, penitentiary and escaped after having served two years.

It was because he feared he would be taken back to serve the remainder of the sentence that Wax fled from New York after telling Osborne that he was the real "Oliver Osborne."

Wax was fired from his job as head janitor at a large department store here a few weeks ago because of intimacy with women, the manager stated today.

Wax is believed to have at least four wives, two of which live in New York. One of these was known as Ethel S. Brooks before her marriage. Another wife lives in Seattle, Washington, it is said. He was living with a fourth under the name of Frank Burke when arrested here.

A charge of swindling four women out of \$1,000 is said to be awaiting Wax's return to New York.

Reed, and "Nimble Frog's Mistake," by Fales; Blanche Drake, "Lady Bird's Race," by Campbell Rae Brown; Laura Purvine, "When my ship comes in," by Robert Burdette and "The judgment day," by Edward Vance Cook; Lavonne Copple, "A domestic tip," by Foley, and "A besetting sin," by Edward Vance Cook.

This program will be repeated on Sunday evening at the Unitarian church at 7:30 o'clock.

President Ackerman of the Normal school and Mrs. Ackerman, who were the guests of Mr. and Mrs. Roy Burton and Mr. and Mrs. Edmund F. Carleton for the Thanksgiving holidays, have returned to Monmouth.

Market Strengthened by President's Message

New York, Dec. 5.—The New York Evening Sun financial review today said:

The stock market did little more than hang fire while Wall Street was digesting the president's message to congress. Pretty much all that the president had to say had been largely discounted.

However, it may be stated that the money situation was the dominating factor in the stock market. The prices ebbed and flowed a bit lastly throughout most of the session, with gains and losses very nearly balancing each other save in the case of certain specialties.

Following the publication of the full text of the president's message, there was some good trading in stocks, bearing a distinctively improved tone in the late trading. United States Steel

INSANE MAN SHOTS JUDGE AND OFFICERS

Were Coat of Mail and Carried Gun, Knives, Sword and Hatchet

Hammond, Ind., Dec. 5.—Angered because Judge Charles E. Greenwald ordered him from the courtroom here Michael Innik, age 40, insane, shot the judge, Louis DeBoer, bailiff and George Robbins, a juror, as they were leaving the courtroom late today. None was dangerously injured.

Innik had entered the court earlier in the day with a petition he had carried for years since he was injured at the Standard Oil company plant here. He was adjudged insane following the injury and claimed he was unjustly treated in court. He frequently appeared with petitions, but no notice was taken of him.

Innik was found to be wearing a complete coat of mail under his street clothes. When arrested he was carrying a veritable arsenal, including four revolvers, a hatchet, a sword, a dirk knife and 155 rounds of ammunition.

Innik received \$1,500 damages for the injury, but the two ephors after the decision on the check led him to believe he should have \$150,000 instead of \$1,500 and he would not take less for the check. It is still unchanged.

HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to any good druggist, and get a box of Oil of Kerein capsules, take one after each meal and one before retiring at night. Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body. It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat. Central Pharmacy can supply you.

SWEET NOMINATED

Washington, Dec. 5.—President Wilson today sent to senate the nomination of Edwin F. Sweet of Michigan to be assistant secretary of commerce.

NO TROUBLE TO REMOVE SUPERFLUOUS HAIR

(Toilet Tips)

It is an easy matter to rid the skin of objectionable hair or fuzz if you proceed as follows: Mix a paste with some water and a little powdered pumice, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disfigurement, be certain to get real deodorant.

reached the highest point of the day well above 125. Crucible Steel forward through 36. Most of the metals and specialty shares made good gains. Atlantic Gulf and West India advanced six points and Barrett company and Chicago and Northwestern railroad were among the spectacular features.

Why "Anuric" is an INSURANCE Against Sudden Death.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizziness, or the twinges and pains of lumbago, or the rheumatic gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the Buffalo, N. Y. Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery, "Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar; besides being absolutely harmless, it is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure.

"Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages.

STRENGTH AND BEAUTY

Come with Dr. Pierce's Blood Medical Discovery. This is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart, nerve, brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint.

RUSSIANS FIGHTING

(Continued from page one.)

The air battle occurred on the Somme. "The night was quiet on the whole front," the statement said.

New Minister of Finance.

Berlin, via Sayville wireless, Dec. 5.—Appointment of Prince Konrad Von Hohenlohe, former minister of the interior of Austria, as minister of finance for both monarchies was formally announced in Vienna dispatches today.

Rumanians Retreating.

Petrograd, Dec. 5.—Under constant attacks by superior Teutonic forces, the Rumanians are retreating around Bucharest, the official statement declared today.

"The Rumanian attempts to check enemy attacks on the roads from Ploesti to Bucharest were unsuccessful," the statement asserted.

German Raid Failed.

London, Dec. 5.—Failure of an enemy raid south of Loos after a heavy bombardment was announced by General Sir Douglas Haig today. The raid was in large numbers.

British Attack Repulsed.

Berlin, via Sayville wireless, Dec. 5.—Repulse of British attacks on the road from Albert to Warlencourt was announced in today's official statement.

Allies Gain at Monastir.

Paris, Dec. 5.—The allied forces out of Monastir continue their progress against the Teutons, today's war office statement declared.

"East of the Cerna the Serbians are continuing their progress," the statement said. "They have arrived at the outskirts of Sclardina. The Franco-Serbian forces have progressed north of Paralevo."

Serbian Still Advance.

Saloniki, Dec. 5.—Fresh advances by Serbian troops around Monastir were detailed in today's Serbian official statement.

"Continuing our successes," it was stated, "on Monday we carried Starovina by assault, capturing two howitzers. Zaoitech is in flames. The Bulgarians are retreating northward."

State House News

State Forester Elliott is sending out to the counties of the state the fire patrol assessments which are to be placed on the tax rolls of the various counties. Marion county portion of this assessment is considered negligible.

The amount has not yet been totaled. The assessment is the largest for Douglas county. About 2,500,000 acres are placed on the tax roll. The charge per acre varies from one-half cent to three and one-half cents. The law provides that if the owner does not live on or within one and one-half miles of his property, he must furnish a fire patrol, and he fails the state furnishes the patrol and charges it up to the property.

The Oregon-Washington Railroad and Navigation company has asked permission of the public service commission to establish a rate of ten cents a hundred on plaster, carload lots, minimum 80,000 pounds, from Gypsum, Ore., to the terminals at Portland. In making the request, it is shown that the Pacific Lime and Gypsum company have established at Gypsum a plant for the purpose of manufacturing gypsum and plaster and that it is necessary to charge a rate of ten cents a hundred in order that the company can compete with plaster sent in by boat from San Francisco and by rail from Tacoma. The company says it is willing to establish this rate.

The car shortage situation on the O. & N. company is shown by the following figures: There are 427 box open and refrigerator cars ordered and 196 to satisfy the demand. On the Oregon electric there are 851 open, box and refrigerator cars ordered and 55 to meet the demand.

Henry's Tire Shop was incorporated with John T. Henry, John Henry and R. H. Cochran for the purpose of dealing in tires, supplies, and automobile accessories. The place of business is Portland and the capital is \$5000.

The Fire Investment company of Portland filed this morning with a capital of \$1000 to deal in real and personal property. The incorporators are Maude B. Hudson, Robert A. Hudson and Fred Grubmeyer.

Articles of association of the Polk County Co-operative Warehouse company were filed with C. C. Gardner, C. J. Ballard, R. M. McDonald, L. A. Dickenson, George Curtis, and A. G. Hempel as incorporators. The purpose of the business is to purchase, sell, manufacture agricultural products. The capital is \$2400 and the place of business Dallas.

Certificate of dissolution of the old Illakee club, which was organized under the charitable law of the state, was filed this morning. Under the new incorporation the corporation may sell stock and operate the club for profit.

To assist surgeons a small but powerful elastic lamp has been invented, supplied with current and held and directed by its user's teeth.

Lift Right Off

Judge Galloway yesterday afternoon

granted a divorce to Clara Carr from

Charles Carr on the ground of cruelty

and inhuman treatment. The defendant

did not appear and the divorce was

granted by default. They were married

in Vancouver, Wash., in 1912.

An order approving the final account

of the administrator of the estate of

L. P. Humphreys, who died in this

county recently, was made yesterday

by Judge Bushe. It was shown in the

order that everything was all right except

the administrator had not paid to the

widow the amount allowed during the

adjustment of the estate, the sum of

\$875. This was satisfactorily arranged.

An order discharging Mrs. Lizzie

Albert as executrix of the estate of

Miranda Martin was made Monday afternoon

by Judge Bushe.

Long Distance Prophet

Is Called by Death

The Rev. Irl R. Hicks, of St. Louis,

who has long been known as the

long distance weather forecaster, has

been called to his reward, after a

strenuous and laborious life of real service

to the country. He was not a conventional

scientist, and he was therefore jeered at

and heckled, and all manner of fun

was made of him. He had a theory

in which he firmly believed, and which

enabled him to anticipate and predict

atmospheric and seismic perturbations.

The government being controlled by the

conventional scientists, would never

give him the recognition and encouragement

which he desired, and which

many believed he merited. His calculations

were made and prepared for the

printers probably six months before

the beginning of the year covered

by his predictions, yet he made many

marvelous prophecies which put to

shame the weather bureau and the

scientists that had such a contempt for

him. One notable instance is well worth

in the memory of most people. On

March 2, 1909, the government weather

bureau predicted fair weather for

Taft's inaugural on the following day.

Rev. Hicks' almanac, that was prepared
