BRINGS SUIT OVER Automobile Accident

Damages to the extent of \$607 are demanded by E. C. Key against J. C. Johnson, Mrs. J. E. Johnson, and Mary Johnson for injuries received by being run into and thrown down so that his hip and thigh were seriously hurt, which hurts have kept him from work for the past twenty-four days.

Key alleges that Mary Johnson, daughter of J. C. Johnson, who lives near Silverton, was driving a Ford car on the Silverton-Salem road on the morning of October 13 when at a point about half a mile the other side of the fairgrounds she negligently and carelessly drove the car against him, knocking him down, and passing on without stopping to ascertain who she struck or how he was injured.

The scene of the accident was the place where Julius Alm crashed into the Matlock automobile on the morning of October 13, and there was from 100 to 150 people gathered there and from 20 to 25 automobiles. He says the crowd could be seen for some distance and that she did not stop but drove right into the crowd at a high and dangerous rate of speed and failed to keep to the right of the road.

He declares his injury was caused by her violation of the laws of the road. On account of the injury he says he was damaged \$72 by being kept

## WILLIAM H. LERCHEN TO HEAD CHERRIANS

### Will Be Crowned King Bing When Little 1917 Arrives

WILLIAM H. LERCHEN.

William H. Lerchen, who will be initiated as King Bing, January 2, has been active in the work of the Cherrians and is well known in business circles as the representative for this territory of W. P. Fuller & Co.

He was born in Lake City, Colorado, but spent his boyhood in Denver, where he attended school and was graduated. His first position was in the paint business with his brother-in-law, later going to Chicago with a paint house. The end had no charms for Mr. Lerchen and in 1905 he came to Spokane where he was associated with the Minnesota Lumber Oil Paint company. When they discontinued their Spokane branch, he came to Portland and joined the sales force of W. P. Fuller & Co., and was assigned to the Willamette territory, a position he still retains.

In 1911 the business of W. P. Fuller & Co. assumed such proportions that it was necessary for Mr. Lerchen to make his home in this city and he has been a resident here since that year. Satisfied that Salem is the best town on earth in which to live, Mr. Lerchen has finally persuaded his mother and sister, who now live in Denver, to come here and make their home and they will join him here early in January.

As to the activities of the next King Bing, it may be said that Mr. Lerchen served on the entertainment committee of the Elks when M. L. Meyers was exalted ruler; he was with the Cherrians on the Pendleton trip, was one of the prime movers in the new Farmers' Cherrian; assisted with three Cherrian initiations and was with the boosters at Marshfield.

William H. Lerchen was unanimously chosen as King Bing of the Cherrians for the coming year at the annual election held by this boosting organization last evening at the Commercial club. This honor was given Mr. Lerchen in recognition of the interest he has always taken in the work of the Cherrians and his willingness to work when work was to be done.

Other officers elected for the coming year are: Lord Governor Wood, John Rolland; keeper of the orchard, David Eyre; chancellor of the rolls, William Gahlsdorf; Duke of Lambert, Zedec J. Riggs; Earl of Waldo, C. S. Hamilton; Marquis of Marshfield, James Allison; Queen's consort, Joseph H. Albert; Arch Duke of Rieckert, Theodore Roth; King's erier, Karl Hines.

According to the new rules, nominations were made from the floor. Besides Mr. Lerchen, the name of Charles L. Dick, captain of the company, was offered as a candidate for King Bing, but Captain Dick finally convinced the members that his duty was more as a drill master, and the nomination of Mr. Lerchen was made unanimous.

The retiring King Bing, F. G. Deekach, made a short address in which he told of the work of the Cherrians for the past year and left as a remark the suggestion that the Cherrians should not forget in planning their tours, to make visits to the near-by towns.

## WHAT IS BEING DONE TO LOWER FOOD COST

### Several Plans Suggested for Bringing Prices Back to Normal

Washington, Dec. 5.—Two more resolutions aimed at the high cost of living were introduced in the house today.

One by Representative Van Dyke of Minnesota, called for an investigation by the agricultural, commerce and labor departments and the federal trade commission.

The second by Representative Edmons of Pennsylvania, called for an embargo on ships that carry wheat, oats, rye, corn and potatoes when they reach certain prices.

**Embargo of Potatoes.** Washington, Dec. 5.—The first step of the department of agriculture toward a policy expected to reduce prices on food staples was taken today when the embargo on Canadian potatoes was ordered lifted.

Shipment of potatoes, it was explained, must be certified by shippers to be as sound as is commercially practicable and to contain no more than ten per cent of tubers showing traces of disease.

Heretofore Canadian potatoes were admitted only at designated ports of entry. Under the amended rule importers must apply to the federal horticultural board for permits.

**Congress Urged to Act.** Washington, Dec. 5.—Senator Martine today offered a joint resolution to the senate urging President Wilson to spur congress to action in the fight against the high cost of living.

"While I do not exactly favor an embargo, these are desperate times and something must be done at once. If there is no other way out of it, I am in favor of an embargo on staple food-stuffs."

**Will Investigate It.** Washington, Dec. 5.—First congressional action toward relief from the high cost of living was taken today when upon a motion by Representative Keating of Colorado, the house concurred in a senate amendment to his bill providing for an investigation of the cost of living among wage earners of the District of Columbia.

**Ministerial Union Wants Strong Law.** Resolution adopted by the Salem Ministerial Union, Dec. 4, 1916:

In view of the forthcoming session of the State legislature of Oregon, when a law will, or should be, enacted putting into force the so-called "honorarium" amendment recently adopted by the people of Oregon, and in order to secure both an adequate measure and avoid factional differences, thus securing united support for the dry measure; Therefore be it resolved, That we, the ministers of Salem Ministerial Union, do hereby request George M. Brown, attorney general for Oregon, to draft such a measure as he may deem necessary to make the "honorarium" amendment effective, and also to remedy any defects or weaknesses which experience may have found in the present prohibition law.

And further, that we request the Anti-Saloon League, as the official representative of the churches, to forward to Attorney General George M. Brown, suggestions as to what it deems vital, and urge other organizations to do likewise, to the end that out of the multitude of suggestions and his own wealth of experience he may produce for this state the most effective prohibition and liquor law possible.

Resolved further, that the secretary be instructed to transmit a copy of these resolutions to the Honorable George M. Brown, to the superintendent of the Anti-Saloon League, Rev. R. P. Hutton, and also to the Press.

Signed, H. C. STOVER, Secretary.

## Question Is Over Character of Vessel

Washington, Dec. 5.—"Preliminary information" was presented by Germany to the United States government today in this report on the torpedoing of the Arabia.

The message was inconclusive, but the case promised to develop into a controversy over the exact character of the vessel.

Germany contends the Arabia was a transport. The state department admits the case is the most vital of recent affairs in determining whether Germany is keeping her submarine pledges. All evidence, however pointed to the absence of any crisis over the sinking.
