

# BOMBARDED

The Gale & Co. store has been bombarded by an army of customers that no other sale in the history of Salem has ever experienced. Twelve times the doors had to be closed, the crowds being so great that the two big store rooms could not possibly accommodate any more. We have no time to say much more, but wise buyers will take the hint and come at once if they want to share in the really wonderful closing out bargains.

### Capture of Bucharest Completes First Phase of Germany's Balkan Drive

Berlin, Dec. 7.—The capture of Bucharest completes the first phase of Germany's new Balkan campaign, opens the way for the movement of the Austro-German forces upon Odessa. Rumania declared war on the central powers only a little over three months ago—August 28. The Rumanian forces advanced into Transylvania, but were soon busily occupied in resisting a determined attack by the Austro-German armies. The advance of the Teutonic forces was sure and steady. Town after town was captured and the Rumanians steadily withdrew. For the past two weeks the Rumanian army has been in imminent danger of being entirely surrounded by the armies of the Teutonic allies advancing upon them from two sides.

The Rumanian campaign has been conducted under the direction of General Von Falkenhayn and Field Marshal Von Mackensen.

Bucharest, the captured capital, is known as the "Paris of the East." It is located on both sides of the Danube river, which is spanned by a half dozen iron and stone bridges. It was surrounded by a ring of forts. The city has a population of upwards of 300,000.

### University Notes

More interest is being taken by the student body in the approaching annual football game between the two lower classes than has been manifested in any intercollegiate battle of the season. Failing to issue a formal challenge as has been the custom for the freshman class to follow for several years, President Chester Womer of the sophomores reversed the tables yesterday morning by reading the 1916 class challenge. The freshmen have not accepted inasmuch as a considerable dissension and quibbling over the technicalities of the challenge seemed to disfavor its acceptance. Upper class mentors, however, hope to have the agitators quieted down so that the amicable fray to decide whether the freshmen shall have the right to place their numerals on the roof of the grandstand will be staged Saturday afternoon at 2 p. m. If the freshmen do not accept, they automatically forfeit their right to let the numeral dispute enter into another athletic contest during the year. Despite the aerial tactics of the embryonic mentors the class teams are being put through grilling practices every evening on the football field.

Coches Arvid Peterson and Chester Womer of the sophomores are sending the fellow classmates through the juicy puddles of the gridiron in good old-fashioned style and will have a choice array of warhorses ready for the game. In the squad are Tasto, Priddy, Sparks, Gard, Lawson, Mann, Sherwood, Hall, Marten, Ohling, Esteb, Tasker and Stewart.

Clamoring for places on the freshman team are Olson, Lyman, Doughty, Burleigh, Rameh, Wright, Fallock, Carpenter, Mills, Collins, Lockhart and Spies, directing their desires as coach are Harold Dianek and Victor Taylor of the varsity team.

Chance passersby on the campus last evening would have been amazed at the growling groans emanating from the vicinity of Waller hall. The cause was to be found on the third floor where four candidates for admission to wander at random across the glowing sands of the desert of trials and bodily tortures. Those surviving the shocks and now recognized as fulfilled Webbs were Allan Carlson, Harold Emmel, Francis Cramer and Gratton Webb. Typical Websterisms were served later in the evening by the officers.

### Mother-Made, Quick Acting Cough Syrup

Should be Kept Handy in Every Home—Keeps Coughs and Colds Little.

Mothers, you'll never know what you are missing until you make up this simple, quick-acting cough syrup and try it. Children love its pleasant taste and nothing else will loosen a cough or chest cold, and heal the inflamed or swollen throat membranes with such ease and promptness. It's equally as good for grown-ups as for children.

This splendid cough syrup is made by pouring 2 1/2 ounces of Pinex (50 cents worth), into a quart bottle and filling the bottle with plain granulated sugar syrup. This gives you a full pint—a family supply—of a much better cough remedy than you could buy ready-made for \$2.50—a clear saving of \$2.

The moment it touches the inflamed, cold-congested membranes that line the throat and air passages, light healing begins. Hoarseness and ordinary coughs are conquered by it in 24 hours or less. Excellent for bronchitis, whooping cough, spasmodic croup, bronchial asthma or winter coughs.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiaic acid and is famous world over for its quick healing effect on the membranes.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give you absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.
