# The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

Cabbage is higher and so are sweet otatoes. Oranges are 50 cents a box ceaper and Japanese style, 25 cents a box less, Oranges will be cheap this winter as there was a big crop in California and the sizes are large.

It seems that the man who held be potatoes for higher prices has made a bad guess. At least at present the market is weakening and the demand much ighter from outside points.
