THINKS JAPAN HAS DESIGNS ON AMERICA

Congressman Miller Says Jap Children Are Taught They Must Whip Us

Washington, Dec. 13.—Representative Miller, Minnesota, told the house foreign affairs committee today he had heard that Japan is training school children to prepare for "the conquest of America."

Miller said also there are many Japanese secret societies in this country preparing for possible war with the United States.

Miller's remarks were made to Miss Jane Addams, president of the Woman's Peace Party, who addressed the committee in support of a bill providing for an appointment of a commission of three to investigate the clause in the immigration bill relating to the exclusion of Japanese and to confer with a similar commission from Japan. The bill is now pending in the senate.

The house had inserted a provision excluding from America all Asiatics not admissible to citizenship. The senate, at the suggestion of the state department and the request of the Japanese embassy changed this section to read, in effect, that all Asiatics now excluded from citizenship by "gentlemen's agreement" and treaty, be refused admission to America.

Guest, last week end, Miss Myrtle Albright of Pratum.

Mrs. T. W. Plummer of Yates Center, Kansas, who has been visiting at the suburban home of Mrs. M. Gleason on the Garden Road, has left for Spokane, Washington, where she will pass the winter.

Mrs. Jessie Herrick and son, Denzil Herrick, have returned from Stayton where they visited Mr. and Mrs. L. S. Lambert, over the week end.

Mrs. F. A. Cook has gone to Portland where she will spend a few days visiting her sister, Mrs. N. M. Finkbeiner.

Mrs. Oliver C. Locke has asked the matrons of her card club for an informal afternoon over the bridge tables on Thursday.

Mrs. S. Guy Sargent has gone to Portland for a couple of days and will join Mr. Sargent who will accompany her home.

The Loyal Woman's class of the First Christian church will meet tomorrow afternoon at the home of Mrs. E. W. Powers, on D street. Officers for the ensuing year will be elected and all interested are invited to attend.

En route home from a sojourn in California, Mrs. A. J. McAllister of Pendleton visited in Salem yesterday as the guest of Mrs. Charles A. Murphy.

Horst Brothers Sued for \$25,489

W. B. Melson, of Hoyt and Liberty streets, through his attorneys D. W. Miles and C. Z. Randall, has brought suit against Horst Brothers for \$25,489 damages for injuries received by being caught and injured in a hop picker that was in operation on the Horst ranch in September. The action was filed at Dallas yesterday. Melson was badly bruised about the groin and thighs and was in the hospital for 42 days. Dr. Melntyre has been in attendance on him and the hospital and doctor's bill amounts to \$289. The special damages for loss of time amount to \$200, while the general damages are \$25,000.

WANT LABORATORY

Washington, Dec. 13.—The naval advisory board of which Thomas Edison is the head, has recommended to Secretary Daniels the establishment of the naval experimental laboratory at Annapolis. One and one half millions were recommended for the establishment. The secretary is expected to accept the recommendation.

Court House News

After a hearing of the case of Muzetta Esch against William Esch, sheriff of Marion county, for a divorce last night, Judge Galloway this morning rendered a decree granting Mrs. Esch an absolute and complete divorce from her husband. The findings of fact stated that they were married September 22, 1894, and that in April, 1915, the defendant disregarded his marriage vows and deserted the plaintiff. The property rights were settled before the case came to trial and an agreement had been reached for the control of the minor children.

Judge Galloway is in Albany and will hold court there the remainder of the week.

For the month of November there was a total of 3934 liquor permits in Marion county, according to the affidavits on file with the county clerk. Of this number 2797 were filed by the common carriers and 1137 by the pharmacists. It is expected that in December the number will approach the five thousand mark.

A complaint was filed against the Salem Trust company, by W. Wisner for the collection of a promissory note executed by R. J. Hendricks and Carl Abrams as officials of the trust company, in the sum of \$3000. Judgment is demanded.

In the suit to quiet the title to certain land in Marion county brought by John Armstrong against Estelle S. Mulkey and McClellan Mulkey, a decree declaring that the plaintiff is owner of the lands was filed this morning.

J. S. Pennebaker, guardian of Sarah Jane Watt, an insane person, has filed his resignation as guardian on account of removal to Linn county. He turned over to the county court the money on hand on December 12, which amounts to \$106.57. He asks an order of the court granting discharge and exoneration from his trust.

W. H. Eldridge, executor of the estate of Werner Breyman, deceased, will appraise the estate on December 22 in the law office of McNary and McNary. Notice of this appraisal is given to T. B. Kay, state treasurer, on account of the fact that the property is subject to the inheritance tax.

U. G. Boyer, county clerk elect; Max Gehlar, district attorney elect; County Treasurer Drager and County Assessor West are in Portland attending the convention of county officials, which convened there yesterday.

The following were court house visitors yesterday: N. A. Hoffard, president of the state bank of Woodburn; C. L. Ogle, a lawyer of Woodburn, and O. Overton, also a Woodburn lawyer. C. E. Ross, an attorney from Silverton, was a visitor this morning. W. R. McKay of Donald also transacted business at the court house today.

G. I. Steinar has placed a new Underwood typewriter in the county recorder's office. The machine is coming and will be installed in a short time.

Stocks Fluctuated On Brisk Market

New York, Dec. 13.—Today was the bargain day on the stock exchange. In the first hour of trading, in which the buying movement exceeded yesterday's selling frenzy by 100,000 shares, prices were bulled upward from 1 to 4 points. Traders took advantage of the low prices and backed their belief that peace is not imminent by playing the market for a rise.

United States Steel sold to 119 1/2, up 1 1/2, later dropping back when the bulls over played their game, and some stocks dropped back slightly.

Marine, American Smelting, Cuba Cane Sugar, Gulf States Steel, Central Leather and Baldwin Locomotive gained a point or more, while Granby Copper sold up 3 to 100. Utah Copper yielded a point and Colorado Fuel and American Locomotive sold downward.

Wheat Market Recovering

Chicago, Dec. 13.—Wheat closed with an upward spurt, jumping about two points in the last 15 minutes of trading. December closed at \$1.54, unchanged from last night's close, but

provisions were lower. 2 1/2 cents below today's opening. May closed at \$1.07 3/4, two points above last night's close and 1 3/4 cents above today's opening, July closed at \$1.43 7/8—7/8 cent above last night's close, but 1/8 cent below today's opening.

Market experts believed today that Germany's offer did not mean peace. Prices at noon were steady except for small fluctuations. December was down over today's opening at 1 3/4 at \$1.54 1/2; May down 1/8 at \$1.05 7/8; July down 1/8 at \$1.42 5/8.

Corn was steady. December was up 1/8 at 88 5/8; May up 1/8 at 90 1/8; July down 3/8 at 89 5/8.

Oats were steady on light trading. December was unchanged at 42; May down 1/4 at 52 3/4 and July unchanged at 40.

Provisions were lower. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need no matter how much dandruff you have. This simple remedy never fails.

Quick Cold Relief

is usually found through the prompt administration of a mildly laxative, dispersive tonic—one that will scatter the inflammation, remove the waste, and help Nature to build up resistance.

The tablet form will be found very convenient. A tablet or two at the very beginning of a cold will frequently prevent its development, and these tablets may be taken regularly with beneficial results.

Many prefer the liquid form which for nearly half a century has been the reliance of the American Home. Both are good. Your druggist can supply you.

erican charge was asked to communicate the text to London. Petrograd, Paris and Rumania; the Spanish ambassador was requested to transmit it to Belgium and Portugal and Swiss ambassador to Italy.

Although Grew addressed a coded copy of the German note direct to Washington and expected that it would reach the American ambassador in London by Wednesday (today), it was believed improbable that Page would transmit the note to Foreign Secretary Balfour in London before specific orders were received from Washington. It was estimated here it would probably be several days before the note was officially in all belligerent hands.

The Tagblatt today cautiously says that everyone should support the move with full power, since it is perhaps the first step toward peace.

The Vossische Zeitung explains that neutral nations in this instance do not act as mediators, but merely as carriers of the proposal.

None of the editorials in today's newspapers mention annexation of any of the territory which Germany has conquered as being concerned in the peace proffers. A majority of the editorials and news articles were not overly hopeful that the government's step would bring peace.

The Morgan Post, carrying a "streamer" headline, "We extend the hand of peace," says:

"See, see. There is a light in the darkness. It's ray is weak and it flickers dim backward and forward in the spray and storm and wind.

"Will this small ray grow into a bright gleaming glow to lighten the world and warm mankind!

"We do not know today—but we dare hope for the victory of light over darkness.

"We hope in the Holy Days approaching mankind may be released from the hands of darkness."

An editorial in the Vorwertz, captioned "Humanity question—peace" points out Germany's conditions of peace as honor, existence, freedom and development.

LISTEN TO THE DENTAL TRUST ANVIL CHORUS In every town, where I establish an office, the old line Trust dentists start a systematic campaign of abuse and vilification. They can't stand modern methods in dentistry, and they resort to everything from whispering to out-and-out public knocking. They tell their friends that I use inferior material, that my anaesthetic is poisonous, that I am not sanitary in my methods, that I run a "dump," that I am a fly-by-night, itinerant curbstone toothsmith, that my operations are incomplete and have to be rectified by "regular" practitioners. They swing the hammer and they peddle their merry little falsehoods into every ear that will give them a hearing. I have stood up for twenty-five years against this sort of thing, and I am not worried about it now. The success of the Painless Parker organization, the recurring visits of my former patients and the zeal they show in sending new patients to me are the best proof that my work stands the test and cannot be harmed by the tongue of the envious and unscrupulous.
