

Prince Albert has always been sold without premiums or coupons. Quality is its standard—and my, how the millions of smokers have approved of it, too!

# PRINCE ALBERT

the national joy smoke

A supply of Prince Albert awaits you wherever tobacco is sold. Tippy red bags, 5c; tins, 10c; handsome pound and half-pound tin humidors and that nifty crystal-glass humidor with sponge-moistener top that keeps the tobacco in such prime shape—always!

stands clear-as-a-whistle above national or state restrictions on the use of premiums or coupons because they have never been given with Prince Albert. To offer such inducements would mean that Prince Albert's quality would have to be reduced to meet their cost! We prefer to hand smokers quality.

One test of Prince Albert will prove this to your absolute satisfaction! It will prove that P. A. cannot bite, cannot parch! Your enjoyment of its fine flavor and coolness will be supreme! The patented process by which Prince Albert is made cuts out bite and parch!

Prince Albert came unheralded a few years ago; today it has made three men smoke pipes where one was smoked before and has given cigarette rollers a new idea of makin's joy. To meet the approval of such an army of men of varied tastes, P. A. must have everything we or its most enthusiastic admirers ever claimed for it.

And Prince Albert has all that! It rings true and real and you just adopt it for all time quick as you get that taste and aroma into your smokeappetite! Because, it answers the fondest tobacco desires you or any man ever did express!

## PIRATE PRESIDENT TO SHAKE UP LEAGUE

### Will Try to Throw Meeting Wide Open—Suggestions Swamp Session

By H. C. Hamilton  
(United Press staff correspondent)

New York, Dec. 13.—Balked in his first effort to upheave the National league magnates in session at the Waldorf, Barney Dreyfus, Pirate president, will make an effort today to break all precedent and throw the meeting open; at the same time unlimbering his heaviest artillery on Garry Herrmann. The club owners were too busy yesterday to listen to Barney's troubles, so he has been held off a few hours.

Dreyfus wants a change in the national commission and wants the thing settled right at this meeting. He believes he was crossed just a wee bit in the deal whereby George Sisler became a Brownie and he has taken an oath not to rest until he hoists Garry Herrmann into the presidency of the Cincinnati Reds and that alone.

Commission changes and suggestions are almost submerging the National league. J. Cal Ewing of the Pacific Coast league and two other members of a committee of the minor leagues dumb-founded the Tenor family with a demand that minor league affairs be taken out of the hands of the national commission and placed before another board of appeals.

Presidents Baum of the Pacific Coast league; Biekey of the American association and Barrow of the International league asked that the draft be eliminated from their circuits.

When the National league recovers from these shocks it will again go into session. This will be sometime after noon. In the meantime John McGraw will reconcile himself to a player limit of twenty two, which was decided upon.

Charles H. Weeghman is expected to officially announce the name of his new Cub manager today.

Jimmy Callahan, managers of the Pirates and Pat Moran, manager of the Phillies, are two bench warmers at the National league meeting, but they consistently say "there is nothing to report along the entire front."

The pickers had John McGraw and George Stallings shunted to the Cubs at one time. Then a big trade was pulled off in Peacock Alley which involved sending Stallings to the Giants and McGraw to the Cubs, while Fred Mitchell was expected to run the Braves.

Christy Mathewson and Barney Dreyfus are splitting interest. Matty has a new white beaver hat and Barney left his mustache at home.

## ANURIC, The Newest Discovery.

### Oh! My Back!

When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric," the new discovery of Dr. Pierce for kidney trouble and pains in back and all over body! Write Dr. Pierce, send 10c for a large trial package—this will prove to you that "Anuric" is 37 times more potent than lithia and eliminates the uric acid from the system as hot water melts sugar—or ask your druggist now for a fifty-cent box of "Anuric." Folks in town and adjoining counties are delighted with the results they have obtained by using "Anuric," the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel, Buffalo, N. Y. They daily voice their praises of the merits of "Anuric," the discovery of Dr. Pierce, of "Favorite Prescription" and "Golden Medical Discovery" fame. Here is a letter for instance, that of Mr. Herbert Brown. He says:

"For some time I was troubled with my kidneys. Had pains through the back. My back felt as if it had a load on it all the time. It was hard for me to bend to my shoes. When I arose from a chair I had to do so gradually in order to ease the pain it caused. The kidneys were in a highly congested condition. In spite of everything I used I obtained no relief until lately I used Doctor Pierce's Anuric. This remedy gave the relief I wished for, as I am now better in every way."

Just step into the drug store and ask for "Anuric," 50 cents, or send Doctor Pierce 10 cents for trial package.

### FOR DAPPLAUDES GERMANY

Detroit, Mich., Dec. 13.—"Germany's action should be applauded around the world," declared Henry Ford, head of the Copenhagen peace conference, today, in commenting on Von Bethmann Holweg's peace proposals.

"This is the logical time for peace moves. There is no possibility of either side winning the war, so why prolong the awful suffering that it entails? I only hope Germany's proposals will be well received."

### Thinks Price Too High

San Francisco, Dec. 13.—Unless Ed Maier, Los Angeles millionaire, owner of the Vernon club stages a bargain sale he may have some difficulty in disposing of his majority stock in the Vernon team which is now up for sale. According to Arthur G. Willingly, who admits he is after a portion of the Vernon stock Maier is asking too high a figure for his interest in the organization. Willingly declared that should he buy an interest in the club he would leave its entire management to Tom Darmody.

### GOOD BYE SIRLOIN

Portland, Or., Dec. 13.—Portland housewives interested in fighting the beef trust bought ten cent rump steaks instead of 75 cent sirloins today, as a result of Mrs. J. D. Spencer telling a few things about the meat situation. Mrs. Spencer addressed a big crowd of women carved a side of beef and gave instruction in the art of making good use of cheap cuts.

without specific charges being made against him.

Aiding Revolutionists.  
Houston, Texas, Dec. 13.—R. Mier, young Mexican, whose father, General Mier, was a minister of war under Porfirio Diaz, today was charged with conspiring to violate American neutrality following seizure of 100,000 rounds of rifle ammunition in Galveston late yesterday.

## Market Little Affected By Peace Proposals

New York, Dec. 13.—The New York Evening Sun financial review today said:  
The all-absorbing topic in commission houses and throughout the financial district today, was, of course, the outlook for peace following Germany's overtures. While Wall Street does not believe that the entente governments will accept the terms offered, nor indeed, any terms at this time, it nevertheless does not lose sight of the possibility that the peace move may conceivably form a basis for a peace conference.  
Contrary to the expectations of many, the stock market opened with a
