SNOW STORM CAUSES TIE UP OF TRAFFIC

Starting This Morning City Is Soon Blanketed—Harbor Traffic Blocked

New York, Dec. 15.—Ocean liners were delayed, conditions were rapidly approaching a traffic tieup and streets were being clogged with snow here today, as the first real storm of the winter gained headway. Starting at 5:30 this morning, a heavy snowfall continued for hours. At noon several inches of snow had fallen and there were no signs of abatement. Twenty two liners, foreign and domestic, were due at quarantine early today. Only six appeared. The others were delayed by the storm. Tugs and other small craft made their way about the harbor with greatest difficulty.

FEDERAL EMPLOYEES ASK INCREASED PAY

Point Out That Purchasing Power of Dollar Is One Third Less

Portland, Ore., Dec. 15.—Urging support for congressional measures designed to increase the wages of those who work for Uncle Sam, members of Federal Employees Union No. 15,261 today telegraphed Senator Chamberlain. All organized government workers except postoffice employees are represented by the union. The telegram said: "In the last few years a dollar has depreciated 39 cents for purchasing wheat, 14 cents for meat, 61 cents for potatoes, 65 cents for cotton, and 35 cents for wool which makes an average of 43 cents for these staples. There are men working in Portland eight hours for the federal government who are paid only \$660 a year, the purchasing power of which for bread, meat, potatoes and clothing amounts to only \$376 dollars a year. They cannot support their families."

PASSES UP SUFFRAGE FAVORS PROHIBITION

Senate Committee Indorses National Prohibition Amendment

Washington, Dec. 15.—The house judiciary committee late yesterday reported favorably a bill for nation wide prohibition, reported the women's suffrage bill without recommendation and reported favorably a bill for a nation wide food investigation. Representative Baker of California is author of the suffrage resolution. Both it and the Webb national prohibition amendment must pass the house and senate by a two thirds vote and be ratified by three fourths of the states. The Baker resolution provides as an amendment to the constitution: Section one—The rights of the citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex. Section two—Congress shall have power, by appropriate legislation to enforce the provision of this article. The Webb prohibition amendment provides: Section one—That the sale, manufacture for sale, transportation for sale and importation for sale of intoxicating liquor for beverage purposes in the United States and all territories annexed to the jurisdiction thereof and exportation thereof are forever prohibited. Section two—That the congress and the states shall have power independently or recurrently to enforce this article by all needful legislation. The resolution of Representative Boreland, Missouri, for an investigation by the federal trade commission of increased prices of all foodstuffs, was the food resolution which the committee reported favorably. The federal trade commission some time ago made formal announcement that it would investigate the cost of living.

Double Price to See World Series

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Chicago, Dec. 15.—The high cost of the world's series, so far as the American league is concerned, was handed a knockout by magnates of that league on their way home today from the annual meeting here. Prices for games for the championship series in American league parks cannot be more than double the regular scale excepting box seats, which will be \$5, the club owners ruled. Regular prices are often quadrupled for the big series. Two big minor league questions, the abolition of the draft for class AA league and the establishment of an arbitration board for the minor leagues, were left in the hands of President Johnson. Adoption of the new players contract form prepared by the National commission, including the much-discussed liability clause, and resolutions to enforce the rule against the altering of signed articles by players, were other important actions. The schedule committee will meet in New York early in February, Johnson announced.

Something New Something Different

EVERY PERSON

IN THE AUDIENCE WILL BE

PHOTOGRADED

TONIGHT

NOW IS YOUR CHANCE DON'T MISS IT

Director Sydney has arranged a special feature for his last night, and every person who comes to the Oregon Theater tonight will be seen in a moving picture here next week. You won't have to move from your seat. The big, powerful lights will be turned on the audience and the picture taken. Tonight will also be your last chance to enter the contest.

Suit Is Brought Over Albany Movie Show

Declaring that the statement of T. G. Bligh regarding his ownership of the electrical apparatus, and the state properties of the Bligh Theater in Albany were false and that he made them with the intention of inducing A. E. Laflar and others to purchase the leasehold of the theater, defendant Laflar, et al, has filed an answer to the complaint of T. G. Bligh, which is an action brought on a breach of contract for sale of a leasehold. It is alleged that the business of the theater from showing moving pictures is only about \$500 a month while Mr. Bligh represented the receipts to be \$900, excluding plays and vaudeville performances. It was stated the theater had not been operated at a profit and that the business was not in excess of \$600 and never at any time amounted to \$900 a month. In purchasing the leasehold from Mr. Bligh, Mr. Laflar states he and his companions had to rely on the statements of Mr. Bligh, and did rely on them and agreed to pay him \$2,500 for the leasehold. They state that prior to July 1, 1914, \$1000 had been paid. In making the sale, they say Mr. Bligh warranted the title to all equipment in the theater and that the receipts from the pictures amounted to an aggregate of \$900 a month. Because his representations, they allege, were false, they claim damages in the sum of \$2,200.

Better Clothes For Less

After investigating the Woolen Markets, and the present price of ready-to-wear garments of the better manufacturers, I am prepared to say that I can make a tailor-made suit, made-in-Salem—made of as good or better materials, and made to fit your individual person for less money than you pay for ready-to-wear or "hand-me-downs." The workmanship I put into clothes cannot be duplicated in the state. See my lines of woollens before you buy your next suit.

NIGHT RIDER TRIAL STIRS MUCH FEELING

Tacoma, Wash., Dec. 15.—Increasing irritability of opposing attorneys in the trial of 13 alleged "night riders" of Pacific county enlivened the morning session today. A clash occurred between District Attorney Clay Allen and John O'Phelan, prosecuting attorney of Pacific county over certain affidavits, the text of which has not yet come into the records. O'Phelan was accused by Allen of causing the arrest, for ulterior motives of Alvin Pulkkinen, a witness for the prosecution. Allen sought to show that Pulkkinen was employed as a "stool pigeon" in county prohibition law prosecutions and that O'Phelan, at the request of a brother of one of defense counsel, had authorized a warrant for Pulkkinen, under the shadow of the federal court. O'Phelan made a spirited denial of the charge. Feeling ran high all through the morning session. Frank Martin, one of the complaining witnesses, was asked by defense counsel if he, George Wheaton and others had not driven Stephen Root off the land claimed by him, burned his cabin. Martin admitted this, after much wrangling. Alma DeLong, sister of Mrs. George Wheaton and formerly Mrs. Frank Martin, testified that she was one of the party that went to the Root cabin and that she herself was armed with a rifle. She said Martin tore the cabin down, but that if he burned it, he did it after that day. She had never been back to see, she said.

Miss Martin Heads Workers For Federal Suffrage Amendment

In the present session of congress the women who are seeking the extension of suffrage by federal action will be busy, but it is believed they have small chance of success owing to the pressure of business before the short session. One of the most active of the suffrage workers is Miss Anne Martin of Reno, Nev., chairman of the woman's party and chairman of the legislative committee of the Congressional Union for Woman Suffrage. Why the Journal is popular— It prints the world's news today—while it's news.

REPORTED CAPTURE OF PUEBLA CONFIRMED

El Paso, Texas, Dec. 15.—Additional details of the reported capture of the city of Puebla by revolutionists last week reached the border today and were accepted by United States authorities here as tending to confirm earlier reports of the fall of that important capital. According to information obtained by United States agents, the capture of Puebla followed six days fighting in which about twenty thousand men were engaged. Under command of General Jose Robles and General Reyes, revolutionists to the number of six thousand attacked the government garrison, commanded by General Cossario Castro. On the sixth day of the fighting the government forces evacuated the city. From the same source it was reported that revolutionists were in possession of Esperanza, cutting communication by one route from Vera Cruz to Mexico City.

ROBBING NEWSBOYS

Seattle, Wash., Dec. 15.—Police here are looking for an automobile bandit who robs newsboys of their pennies at the point of a pin. He drove to the curb at Broadway and John street last night, called 10 year old Paul Newton to the machine and ten pressed a revolver against the lad's ribs. "Gimme all you got," he said, "and don't make a peep." Paul handed over forty cents and the bold bandit sped away.

FLOUR DROPS 50 CENTS

Minneapolis, Minn., Dec. 15.—Flour prices dropped 50 cents here today, making the total decline for the week \$1. Millers are now quoting flour at 85 per barrel.

PEACE PROPOSALS FROM TURKEY

Washington, Dec. 15.—The Turkish peace proposals to the allies, the last to be received, reached the state department late this afternoon. The department said there are slight discrepancies apparent in the Austrian and Turkish texts, as compared with the text sent by Charge Grew at Berlin. These will have to be rectified before they are sent.

HOPE FOR IRELAND

London, Dec. 15.—A new state of affairs in Ireland "is most desirable," Chancellor of the Exchequer Bonar Law announced in commons today, landing a speech by the Irish nationalist leader, John Redmond.

ASKS THE PUBLIC TO SIDE AGAINST STRIKE

Portland, Ore., Dec. 15.—The Portland chamber of commerce today called upon the public to stand with it in a fight against demands of more than two thousand men employed in the shipyards. A strike which may tie up Portland's ship building industry is imminent. Officers of the Metal Trades council, representing ten unions, have asked for a signed agreement which will give the workers a closed shop and a minimum wage. The chamber of commerce today printed full page advertisements in local newspapers, urging the people of Portland to back the employers in refusing the demands. The Northwest Steel company, the Willamette Iron and Steel company and the Smith and Watson Iron Works are affected. Union officials declare these corporations must sign the agreement or face a walkout. Wages demanded are said to be the same as those paid in Seattle and San Francisco.

After Six Days Fighting Government Forces Evacuate the City

By Webb Miller (United Press staff correspondent) El Paso, Texas, Dec. 15.—Additional details of the reported capture of the city of Puebla by revolutionists last week reached the border today and were accepted by United States authorities here as tending to confirm earlier reports of the fall of that important capital. According to information obtained by United States agents, the capture of Puebla followed six days fighting in which about twenty thousand men were engaged. Under command of General Jose Robles and General Reyes, revolutionists to the number of six thousand attacked the government garrison, commanded by General Cossario Castro. On the sixth day of the fighting the government forces evacuated the city. From the same source it was reported that revolutionists were in possession of Esperanza, cutting communication by one route from Vera Cruz to Mexico City.
