KLAMATH FALLS CENSUS Klamath Falls, Or., Dec. 26.—The growth of Klamath Falls beyond the natural increase of its own native born population is clearly shown in the census of nativity of the school children of the city. WOMAN AT ASYLUM SCALDS SELF TO DEATH

Gets In Bath Tub and Turns On Hot Water When Nurse Left for Moment Sarah H. Orr, aged 73 years, an inmate of the Oregon state hospital for the insane, died this morning about 6 o'clock as the result of being scalded last night in a bath tub into which she climbed when her nurse's back was turned and turned on the sizzling hot water.

The scalding took place last night about 7 o'clock when she was taken to her bath by her nurse and another patient. After the bath had been finished, she and her attendant started to go from the bath room into the hall. A cry or scream down the hall attracted the attention of the nurse and she went to investigate. Immediately Mrs. Orr darted back into the bath room, jumped into the bath tub, and turned on the scalding hot water. She was burned up to the hips and died from her injuries and the shock this morning.

She has no relatives and was committed from Multnomah. She has been in the hospital since February. The only friend she is known to have is Eugene Palmer, of Portland. Corner Clough was notified and took charge of the case.

Coroner Clough is of the opinion death was caused more from the shock than from the scalding. Just how the accident happened cannot be ascertained as the patients who were helping at the time will say nothing. She was a large woman and weighed about 200 pounds and several months ago suffered a stroke of paralysis and was, consequently, very weak.

MEXICAN FACTIONS CLASHING IN JUAREZ

Chief of Police Loga, Adherent of Gonzales Is Killed On Street By Webb Miller. (United Press staff correspondent.) El Paso, Texas, Dec. 26.—American border patrols for a hundred miles on each side of the city have been warned by the military authorities to be on the alert today. From several sources reports have reached here that armed bodies of men have been seen across the Rio Grande river at points where there are Carranza outposts or garrisons. Two regiments of the Kentucky national guard are doing the principal patrol duty in this district.

The bitter rivalry between the two factions of government troops existing since General Jose Murguia replaced General Gonzales as Carranzista commander at Juarez broke out last night when a major under Murguia with four soldiers shot and killed Raoul Loga, chief of police at Juarez, on the main street of the Mexican border city. Loga was an adherent of the deposed commander. The shooting occurred near a cafe in which were a number of Americans at the time. Fearing a general outbreak, the Americans were locked in the cafe, but later were allowed to leave by the rear door. Two other shootings took place on the streets later.

Mexico reports today from the Torreón district declared that part of the Villista forces in that district were moving toward Monterrey. Military authorities here believe that Villa intends to make an attempt to hold Torreón as a base of operations in northern Mexico.

STATE MAY ADOPT NON-PARTISAN PLAN

Circulating Petitions in Washington to Perfect Initiative Bill Seattle, Wash., Dec. 26.—A whirlwind finish is on today to secure 10,000 signatures still needed for the initiative bill to make the state non-partisan in all except national elections.

Seattle City Councilman Erickson, president of the state league, has issued a call for 200 volunteers to circulate the petitions on downtown streets and public markets as well as in the residence districts. The signatures must be obtained by Thursday night.

Should the campaign be successful, and the total necessary, 40,000 names obtained, the legislature will be compelled to act upon it. The legislature meets January 7 and favorable action by it would mean that Washington would be the first state in the union to elect its governor and legislature and all other state and county officers without reference to party affiliation.

"One of the hostile destroyers was set afire and three others were several times hit at short range. "The enemy's sea forces, among which there was one vessel of stronger, unknown type, were routed.

"Of our destroyers, one received two hits in the funnel; another was hit on the superstructure. "Our losses were one man dead, none wounded."

The statement read: "During engagements in the Great Wallachian plain and on the edge of the mountain south of Rimnicul-Sarat during the last few days, 5,500 Russians have been taken prisoner. "Yesterday an often tried German division, with annexed Austro-Hungarian battalions, stormed at the point of the bayonet the tenaciously defended village of Filipesti, on the railroad from Buzau to Graila and on both streets of the village, the strongly entrenched Russian positions."

The Russian Version. Petrograd, Dec. 26.—Evacuation of the Rumanian town of Filipesti, after it had been set on fire by artillery shells was announced in today's official statement. Enemy attacks along the line from Filipesti to Lichkotianka had been repulsed with great losses, the statement said.

State House News Citizens of Vale have presented a petition asking the public service commission to restrain the Oregon Short Line railroad from putting into effect its order to discontinue on Saturday, December 23, the morning and evening trains and also the Sunday train from that point. It is alleged the discontinuance of these trains will work a hardship on the town, and compel the people to stop over night and Sunday at a town 16 miles away.

This condition has been caused by the railroad extending its line to Crane, about 150 miles farther south than Vale. The train schedule that is now in effect is suited to the other towns on the line but is bad for Vale. F. H. Knickerbocker, of the O. S. L., declares that the people of Vale insist on a service that is entirely unprofitable for the railroad. A hearing is asked as it is stated the train could not earn more than 10c or 15c a train mile. The new schedule will remain in effect until the commission changes it.

Articles of incorporation were filed this morning by the Duncan Cash Store of Portland, with a capital of \$5000. The object is to deal in produce, goods and merchandise. The incorporators are J. W. Duncan, E. L. Bean and Ben H. Conn.

Changes in the staff of the public service commission are soon to be made when Edward Ostrander, who is now secretary, becomes examiner and Edward Wright, county clerk of Union county, who was Commissioner Corey's opponent at the recent election, becomes secretary. The position of secretary is worth \$2000 a year but the matter of final decision has not yet been made, pending the action of the legislature, which may decide to trim the appropriations to some extent.
