On the negative side was Mr. Arnold, Lyman McDonald and Elmo Jory. The debate was won by the negative side.

A USEFUL PAIN

Salem People Should Heed Its Warning Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Profit by a Salem resident's experience. C. C. White, barber, 1646 Mission St., Salem, says: "Doan's Kidney Pills are all right. I know that from experience, for I have been taking them off and on for a number of years and they have never failed to do the work. Standing in one position so much was hard on my back and kidneys. At times, I could hardly stand up straight. After I had taken a box or two of Doan's Kidney Pills, my back felt as strong as ever."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. White had. Foster-Milburn Co., Props., Buffalo, N. Y.

Fruitland Notes

(Capital Journal Special Service) Fruitland, Ore., Jan. 5.—School resumed Tuesday. Saturday the large front room received a generous coating of floor oil applied by the teacher, H. C. Todd. The new Webster ordered by the board has arrived and occupies the place of honor on the principal's desk. It is the latest edition (1916). It is vast, immense in scope and value. It weighs 15 pounds and cost 72 cents a pound, though it was not bought in that way. January 1, 1916. Skinned to the depth of about three inches. Cold, freezing

Children Cry FOR FLETCHER'S CASTORIA

Children Cry FOR FLETCHER'S CASTORIA. Amount of eggs sold, \$49.71; besides what we used in the family. We raise mostly our own hen feed. In cold weather we boil two or three times a week with potatoes and corn, feeding the mixture warm. The doctors say few days ago, I guess it was in New York. They voted against birth control, that is the majority did, thereby saying "let 'em come." One or two of the minority warmed up and accused some of the majority of something I will not ask the Capital Journal to print. Doctors know they must keep the crop up to a good numerical standard to take the place of those they hand over to undertakers. Here in Fruitland we never try to prevent anyone coming here in the way nature provides. It would not be fair to the doctor. In the Capital Journal of January 1, Miss (or Mrs.) Ella M. Finney mounts the "Open Forum" and jabs at Mr. Bryan with her sharp pen or pencil. She thinks if he doesn't quit trying to make prohibition a national issue he will wreck the democratic party. If he should, there are plenty of people who would not look on it as an unmirrored calamity. But dear lady, he nor no other "mere man" can do that, though the women might. The old donkey will be hard to knock out. The only way will be to repudiate the principles he stands for which will not be for some time after you and I are long away. No, Dr. Smith was not elected governor though it was hardly because he expressed himself in favor of prohibition. The people who did not vote for him or at least some of them helped defeat the brewers anti-prohibition measure and put through the "bone dry" proposition. The lady would also boycott the newspapers and the preachers. Now look what C. J. and Bro. Avison and Bro. Porter and the rest of 'em. She also declares that "a little liquor" alias booze, among other things will cure "love sickness." We are left to wonder whether she speaks from personal experience. Wednesday there was a meeting of the stockholders of the Garden Road Cheese factory. One of the men holding stock told me the price of shares has been advanced from \$10 to \$15 per share and that the enterprise is more successful than was expected at the start. The dove of peace has flown from Little Stricken Europe. The "Christian nations" are still at their diabolical work. "Christian nations?" No, no. This world has never yet beheld a Christian nation and probably never will. How satanic is the passion of war. How repugnant to the divinity of him who came that there might be "peace and good will to men."

Seattle Breaks All Records for Health

Seattle, Wash., Jan. 4.—Seattle established herself as the healthiest city in the world, and shattered records of all time past, when official figures compiled Thursday showed that only 7.06 people for every 1000 population died here during 1916. Last year the death rate was 7.44. There had never before been such a low record for cities of corresponding population. "The 1916 rate of 7.06 has never been equalled anywhere in the world during all time, so far as I can find out," said Health Commissioner McBride. The total number of deaths last year was 2,443. This number is 19 less than 1915. In the meantime Seattle's population, according to the United States census report recently issued, increased from 330,834 to 348,839.

ASHORE AT MARSHFIELD

Marshfield, Or., Jan. 4.—The gasoline schooner Roamer, Captain Olsen, went ashore on the south spit at the mouth of the Rogue river today, but it is believed she can be floated without much damage at high tide. She was loaded with freight for Wedderburn and Gold Beach. She is a sister ship of the Rustler and owned by her master.

THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler at the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily. There seems to be a little stiffening in the price of eggs. Some dealers claim they can buy for 30 cents cash, but the majority have been paying 32 cents cash with 34 cents in trade for several days. Bromodity dates are again in the market. This is the date that comes in large packages. They really come direct from Persia. The veal market is strong with 12 1/2 cents for the top.

Table with columns for Grains, Butter, Eggs and Poultry, and Pork, Veal and Mutton. Prices listed for various items like Wheat, Oats, Butter, Eggs, etc.
