Bethel News Notes

(Capital Journal Special Service)
Bethel, Ore., Jan. 10.—Members of the Christian Endeavor society held a jollification at the J. M. Nichols home last Saturday night to complete the dissolution of the society. The evening was very pleasantly spent with cards, games of various kinds athletic and otherwise, and dancing. At twelve o'clock a substantial luncheon was served consisting of oyster soup and a dessert of fruit salad and cookies. Those present were: Miss Nancy Nissenander, Frank Nissenander, Miss Olga Garrett, Guy Young, Miss Marjory Miller, Carl Miller, Miss Alta Marten, George Marten, Miss Lucy Wolfe, Harriet Wolfe, John Clark, Mr. and Mrs. C. D. Page, Mr. and Mrs. O. L. Brubaker, Miss Clara Page, Roy Marchand, Frank Kauter, John Hain, Jr., Henry Hain, Walter Hain, Mr. and Mrs. A. L. Schulz, Mrs. D. M. Evans, Emil Sundborg, Virgil Sundborg, Bert Sundborg, Harlan Hoffman, W. R. Baker, Cass Nichols, Madison Nichols, Miss Lucy Nichols and Mr. and Mrs. J. M. Nichols.

Lyv Roth is the champion speller of the Bethel school, having made a perfect grade in each of the three monthly tests. Margaret Lowrie missed only one word and Minnie Battalio missed but two words in the three contests. Elmer Vanderbeck made a grade better than 90 per cent in each contest. In the first contest the fifth grade had the highest average grade which was 90 per cent. In the second contest the seventh grade took first rank with 90 per cent. But in the third contest the fifth grade was again in the lead with 90 per cent. Evidently the lower grade was better able to withstand the distractions of the holidays. The average daily attendance during the past month was 94.6 per cent.

The most important industrial news of the past week is the recent strength of the potato market. Several farmers here have sold their potatoes in Pratum some for a dollar and some for a dollar and five cents a bushel. It is reported that sufficient potatoes have been purchased to fill the warehouse and that no more will be bought until they are available to ship the month. There is a shortage of potatoes in nearly all parts of the U. S. A. and the Oregon crop can be marketed at attractive prices if the railroad company will only furnish the necessary cars.

The Big Four Telephone company was represented by its executive committee at the annual meeting held last Saturday afternoon. The following were elected directors for the coming year: E. A. Aufrean, A. E. Aufrean, H. R. Curtis, L. Schulz, A. H. Penstman. Officers will be elected at a meeting of the board of directors to be held some time in the near future. It was decided to make a change in the stockholders of four dollars for line service for the coming year.

Miss Margaret Bahnsen and Madison Nichols visited the school last Thursday. The chairman of the board of directors was a visitor yesterday. It is hoped that all of the patrons of the school and all others interested in the school will visit the school at least once during the term.

Roy Marchand had an exasperating experience with his new Maxwell last week. The fool thing would go a few paces and stop then move a little further and stop again for all the world like a balky horse. But a tinker from town made necessary repairs and Roy is happy again.

Mr. and Mrs. A. F. Fuestman and little daughter of Salem were recent visitors at the A. H. Fuestman home. Mr. and Mrs. A. L. Sundborg called at the Fuestman home Sunday afternoon.

A. E. Marchand dressed five hogs yesterday afternoon. They will weigh about a hundred fifty pounds apiece.

J. D. Clark has also been making hogs into pork, having killed two Monday afternoon.

Miss Gladys Johnston called on Miss Hazel Fuestman last Sunday.

The literary society will meet Friday night and a good program is promised. It is known that there will be a play entitled "Jimmy's wife" and there will be several musical and literary numbers.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, a successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective remedy.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

STRAY SHELLS BURSTING

(Continued from page one.)

yet been attached to the high explosive shells, the property damage in the vicinity of the plant would have been much heavier and the loss of life would probably have been great. The shrapnel shells exploded, scattering bullets broad and fast.

The high power shells merely shot up into the air, however, and fell without exploding. They would have done heavy damage had they let go.

Upwards of 800 men, women and children were cared for by the authorities of Jersey City and other surrounding towns last night. All were routed from their homes at Kingsland immediately after the fire and explosions started. Some slept in school houses, others in private homes and many women were cared for at hospitals.

Red Glare Lights Sky
Throughout last night a red glare lighted the sky of the Jersey shore. Up to midnight great puffs of smoke followed by terrific explosions told of new batches of shells that were letting go.

In all about five hundred thousand shells were destroyed. They were the last of an \$83,000,000 order the car and foundry company had taken from the Russian government. The last shells completed—the order would have been finished this week. The shells which are in Kingsland school houses all night long, were about half shrapnel and half of high explosive type.

Investigation Starts
Mayor Clay of Kingsland, the county authorities and officials of the company started an investigation today. Clay declared it had been virtually established that the fire and subsequent explosions were caused by an electric wire falling into a vat. This started a blaze. The fire quickly spread and within a short time the first explosives were reached. In rapid succession the 39 frame buildings comprising the plant were set ablaze and the explosion of the shells stored there could be heard for miles.

With the issuance of orders for the people of Kingsland to leave their homes, the police were instructed to shoot down possible looters who refused to surrender upon command. About 50 arrests were made. Most of those taken into custody, however, were merely suspects and were released today.

Permits were also issued today for the inhabitants of Kingsland to return to their shell-wrecked homes. Only four houses in the town were destroyed by fire but none escaped the shelling which came from the plant.

Scores of employees who were in the plant when the fire started were still being placed in hospitals today. They were suffering mostly from exposure. In the wild panic which followed the first burst of flames and the first explosion men began leaping from the windows of the plant. They fell into the river along which the shells were built. After struggling in the icy water they were rescued by the fire department. Barbed wire fences surrounded the plant.

As he crept behind the stove to thaw out more, a villager came in with the still angry saloonkeeper.

"I got up kind of early," said the new comer, "to see what had happened since yesterday. I know the air was still full of flying shells because about

Children Cry FOR FLETCHER'S CASTORIA

Greece Must Answer Definitely Without Delay

London, Jan. 12.—Greece must return more definite answer to the allies' ultimatum. An authoritative report today was that such a demand had been cabled to Athens, acquiescence in which would be necessary before the allied blockade of Greece would be raised.

An instance of the "vagueness and indefiniteness" of the Greek communication stating that government's acquiescence in the recent allied ultimatum, the fact was pointed out today that this note failed to specify when release of imprisoned Venizelists would be ordered.

WOOD CHARGES

(Continued from page one.)

face shot through with tragedy. He declared Wood desired to "rival another Indiana gentleman, George Ade, who writes farces for the stage and farces for the newspapers."

"Many people think," he said, "that Lawson ought to be confined. Some think in jail; others in an asylum."

"Is it the purpose of the rules committee to punish Thomas W. Lawson?" asked Representative Fields, Kentucky.

"Yes," replied Henry. "If we can't punish him here we will send him to the district attorney of the district and send him to jail."

Republicans Win
Washington, Jan. 12.—Republicans demanding further investigation of the leak on President Wilson's note to Belgium, were victorious after a three hour fight in the house today when by unanimous consent on motion of Chairman Henry, the Wood leak resolution was referred back to the rules committee with instructions to report back in ten days.

Monmouth News

(Capital Journal Special Service)
Monmouth, Ore., Jan. 10.—The will of W. W. Percival, of Independence, who died several weeks ago was admitted to probate this week. In the will the testator leaves to two children, Carl H. Percival and Pearl A. Percival, the sum of \$5 each. The remainder of the estate goes to the widow, Ida M. Percival.

The county clerk has ordered more insurance placed on the court house and accordingly E. J. Craven and J. G. Van Orsdal each were given authority to write \$5,000 additional protection for the building.

Two more county board supervisors have been appointed by the county court, Carl McBea has been made supervisor of District No. 17, and Morris Hughes of district No. 12.

Lumber Mill Resumes Operations.
After a shutdown of about two weeks in which time the machinery of the plant was put in first class condition, the Willamette Valley Lumber company plant in Dallas resumed operations Monday morning. The logging camps of the company located about Black Rock will be closed for another month, however.

Oregon Women, Attention!

Many women in Oregon are needlessly suffering, and for the benefit of these the following statements are published:

Mrs. Edith Willey, of 4817 S. E. 60th St., Portland, says: "I was tormented with irregularity and had terrible headaches and severe backache. The doctors did me no good at all. A friend persuaded me to use Dr. Pierce's Favorite Prescription. I improved from the very first. I continued taking it until I had taken three bottles and was then a well woman. It is great, and I am glad to recommend it."

Mrs. A. Patehin, who resides at 305 S. 16th St., this city, says: "When I was going through middle life I had drops in my back and kidneys bothered me all the time. I also had a weak heart. I finally decided to try Dr. Pierce's Favorite Prescription and it helped me through without any more trouble. I always give it to my daughters. I think it is especially good for young girls and I always advise mothers to give it to their daughters."

For over forty years, an herbal tonic for women has been sold by all dealers in medicine throughout this country, known as Dr. Pierce's Favorite Prescription. Through its use thousands of women all over this land have been relieved of many diseases of a womanly nature.

MRS. EDITH WILLEY

If not obtainable at your druggist's send \$1.00 to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will send large package of tablets, or send fifty cents for smaller size.

Mrs. M. B. Hughes, of Mosher St., Roseburg, Oregon, says: "There is nothing so good as Dr. Pierce's Favorite Prescription for all diseases with which a woman is troubled. I took it when I had inflammation and it cured me. I also took it during expectancy and I was so well all the time; had no headache, no backache, no morning sickness, no sour stomach, no bloating."
