BRIDGE SITUATION REMAINS UNCHANGED

Planking May Proceed But Permission to Use R. R. Bridge Is Withheld

The Willamette river bridge situation, according to the common expression of the legal fraternity, remains in 'status quo'.

The county courts of Marion and Polk counties discussed the bridge proposition all yesterday afternoon.

But as there is a general feeling in Polk county that the bridge should be of cement and the next proposition to investigate is whether the proper foundations can be sunk for a cement bridge.

It is understood that the committee from the Commercial club appointed to arrange for the planking of the bridge can go ahead with building the 800 foot approach on the Polk county side.

Word was received that Attorney W. C. Winslow's father, a resident of Polk county, died this afternoon from a stroke of paralysis.

Professor Sweetzer of the University of Oregon will deliver a lecture this evening at the First Presbyterian church.

The state legislature, or as many as care to go, will visit the state university at Eugene.

State Office Holder Is Among Those Indicted

Cincinnati, Ohio, Jan. 26.—A state office holder, it was said, will be included today's haul of deputy United States marshals.

So far two city councilmen, a deputy sheriff, an assistant clerk of council and nine other men—mostly connected with precinct politics—have been taken into the net.

According to the charge in the indictments, the price of votes in Cincinnati was \$1.

According to information from the district attorney's office all of the ninety nine indictments returned in the partial report are of Cincinnatians.

The dragnet, however, it is said, covered other southern Ohio counties and additional indictments are expected.

GROCCERS CONCLUDED SESSION LAST NIGHT

Annual Banquet Is Pleasant Occasion at Close of Labors

The Oregon Retail Grocers' convention closed its second annual session in Salem last evening with a banquet and smoker at the Commercial club.

An event of the evening was the introduction to the grocers of A. N. Gilbert, who was introduced by L. H. McMahon, as the Nestor of the grocers in Salem.

C. L. Dick urged the grocers to push home products, especially that of loganberry juice.

L. H. McMahon, although talking to grocers, intimated that not many of them made a very big living and blamed it to some extent on the high rate of interest.

The Oregon Retail Grocers association honored Salem by electing a secretary from Salem, a man who is not a grocer—Walter A. Denton.

STATE TAX LEAGUE IN SESSION TODAY WITH MANY PRESENT

Much Discussion Is Aroused by LaFollette's Industrial Commission Bill

The State Taxpayers League in session today at the Commercial club, with about 60 delegates from all parts of the state, went on record, in the way of a resolution, that it was not in favor of the state officials adding even six per cent each year to the tax count raised for taxes the preceding year.

Governor Withycombe spoke in favor of a more elastic system of taxation, rather than the six per cent limitation.

A resolution committee was appointed this morning, of the following: C. E. Spence, chairman; James Stewart, E. Brodie of Clackamas; George Miller of Union county; Henry Reed of Multnomah county; O. T. Taylor of Clatsop; Elliott Beale of Lane county.

Whereas, the 6 per cent tax limitation amendment adopted by the people of Oregon as part of its constitution, is being interpreted by many tax levying bodies as a guarantee of the privilege of increasing tax levies 6 per cent each and every year, and

Resolved, that it is the sense of the State Taxpayers' League, in regular convention assembled, at Salem, Oregon, January 27, 1917, that notice be served by local and county taxpayers associations upon all tax levying bodies that the application of a guaranteed in-cent limitation as a guaranteed in-cent increase of 6 per cent compound annual-ly should not be tolerated by public sentiment and will accumulate ruinous burdens upon the taxpayers of the state, and be it further

Resolved, that we recommend that the subject of how to readjust periodically such tax levies as increase at the compound rate of 6 per cent per annum be made a special order for discussion and report at the first 1918 meeting of the league, and be it further

Resolved, that a committee be appointed by the president to prepare a report upon this subject, with recommendations for consideration by this league.

The resolution committee this afternoon reported to indefinitely postpone the resolution presented providing that state aid should be withdrawn from the state industrial accident commission when the act is made compulsory. A motion was passed providing that before the league committed itself to any resolution, it must be carried by a two thirds vote.
