

MANY MEASURES

(Continued from page one.)
by the state of right of escheat or forfeiture of real estate which has been sold to Chinamen and by their resale; passed.
S. B. No. 88, was badly tangled at the noon hour. It was by Smith, of Josephine county and regulated driving of automobiles and motor vehicles. It was timed, so the author of the bill stated, to deprive doctors especially, of a right given them under present laws to travel at any speed regardless of whether they were going on professional business or that there was a necessity for it.
Adjourned to 2 o'clock.
Bills were introduced as follows:
New Bills Today.
The following bills were introduced in the senate today:
S. B. No. 104, by LaFollett. Amending 10 hours a day and 60 hours a week law for women to exclude women employed at harvesting, fruit drying or canning.
S. B. No. 105, by committee on municipal affairs. Requiring issuance of a certificate of public convenience by public service commission before competing utility company may be established.
S. B. No. 106, by Dimick. Requiring that contracts for paving be awarded to lowest bidder, irrespective of royalties.
S. B. No. 107, by Dimick. Making it a crime to threaten public officials with a view to influencing their official acts.
S. B. No. 108, by Olson. Relating to return of execution.
S. B. No. 109, by Orton. Providing that circuit judge shall hear cases in which county judge is interested.
S. B. No. 110, by Huston. Empowering Port of Portland commission to proceed with improvement work in Oregon slough.
S. B. No. 111, by committee on revision of laws. Relating to suits of equity.
S. B. No. 112, by Huston. Limiting the right of Courtney.

HOUSE EXTENDS LIMIT FOR INTRODUCTION OF BILLS

Permission to introduce new bills in the house of representatives until Wednesday was granted this morning after a motion to suspend the rules which prohibited introduction of new bills after the twentieth day was passed with a rush and roar of "ayes."
When it became evident yesterday that today would probably be the last day for the introduction of new bills, there was a flood of them come in yesterday afternoon. Another flood came in this morning. Several members who had special bills being drafted requested permission to introduce either on Monday or Wednesday. Then there came a number of other requests and it finally became imperative to extend the time until Wednesday. This met the approval of the members and they unanimously passed the motion suspending the rule.
The bills withdrawn were house bill No. 200, by Brownell, which he said was introduced without his knowledge; house bill No. 144, by Mackay, for correction of a defect; and house bill No. 205, for redrafting.
Senate concurrent resolution No. 6, by Senator Farrell, providing for a committee of six members of the house and five from the senate to act with a like committee from the state of Washington legislature to confer on the fishing industry legislation, passed the house without any opposition.
House bill No. 25, by the Clatsop county delegation, to prohibit fishing for salmon and other anadromous fish by means of purse seines in the waters over which the state of Oregon has original and concurrent jurisdiction, was passed after a short explanation by Representative Belland, of Astoria.

Debate Over Fish Bill

The only contest over a measure was on house bill No. 102, by Representative Sweeney amending the law in regard to preventing fish from entering irrigation ditches. A plea for the passage of the bill was made by Mr. Sweeney. Representative Crandall opposed the measure because the men who own irrigation properties do take care to protect the fish. These men have devices now in operation which are required to install others at heavy expense. He believed it would work a hardship.
Representative Laurgard declared that the idea was not to do away with the screens already installed. The law would apply in parts of the state where the screens were not in successful operation, to give the people a chance to change for screens that will operate successfully.
Representative Small stated that this would give the fish and game commission an opportunity to order out all in adequate screens, and would give the commission too much power. He declared it would apply to appliances in use and it might work to make heavy expense for someone.
Representative Jones, of Marion, was of the opinion that there was no irrigation property owner but who is interested in screening the ditches. He thought the law should be such that it made no difference to the fish and game commission what kind of a device was in operation so long as it did the work.
Representative Courtney stated that in his part of the country it was impossible to build a screen that would keep the fish out entirely. He did not believe it was the right thing to do to put the matter in the hands of the fish and game commission.
It was the opinion of Representative Belland that the fishermen were also interested in having two fish grow in the stream this year where one grew last year just as much as the farmer was interested in having two straw grow this year where one grew last year.

House Thursday Afternoon

On account of today being the last day that new bills can be introduced into the house of representatives, yesterday a flood of bills practically inundated the chief clerk's desk, and more are expected today. A total of thirty-nine were sent up for final reading yesterday afternoon. A majority of these were prepared by lobbyists and interests outside the house. Although today is only the nineteenth day of the session, as the two houses are to adjourn as usual over Saturday, which is the twentieth day, until Monday, this is the last opportunity for the presentation of new measures, especially those carrying appropriations.
The following bills were introduced in the house yesterday afternoon:
H. B. 252 by committee on forestry and conservation, to protect forests from fire and authorizing the state to do work.
H. B. 253 by Stott, giving public service commission jurisdiction over Carey act irrigation projects.
H. B. 254 by Mackay, authorizing payment of \$75 for John C. Shillock as attorney for state board of optometry.
H. B. 255 by Mueller, to assess bank stock same as other taxable property.
H. B. 256 by Mueller, permitting deposits of county warrants with county treasurer as security on parity with other securities.
H. B. 257 by Brownell, extending closed season on salmon in Columbia river west of Deschutes to December 1.
H. B. 258 by Thomas, permitting state engineer to cancel permits when holders have not complied with provisions.
H. B. 259 substitute for H. B. 54 by committee on corporations, permitting committee to incorporate for purpose of owning waterworks.
H. B. 260 by Sheldon, changing parole board from five members to three and creating office of parole officer.
H. B. 261 by W. A. Jones, fixing salaries of officers of corporations etc.

Mount Angel Items

(Capital Journal Special Service)

Macleay News

(Capital Journal Special Service)
Macleay, Ore., Jan. 26.—The Macleay grange hall will be the scene of a dance this evening, January 27, under the same management as the one held January 13.
The Parent-Teachers' association meeting last Friday evening was well attended, and the audience was well pleased with the program which was given. The next meeting will be held February 23, instead of February 16, in order that two teachers, who will be in the district at that time, will be able to attend. A special program is being planned.
The program which was given at the last meeting was:
Recitation, Albert Garrett.
Recitation, Marion Taylor.
Duet, Clara and Dorothy Chamberlain.
Recitation, Harmon Garrett.
Recitation, Alta Martin.
Talk, Supervisor John W. L. Smith.
Duet, Clara and Dorothy Chamberlain.
Mr. Smith gave an interesting address on the subject of "Mental Development of Children."
H. O. Taylor motored to Salem Sunday evening, accompanied by Mrs. Taylor, Miss Marion Taylor, Miss Jean Byers. On his return home he became stuck in the road near the B. E. Martin home and it was only with the assistance of Mr. Martin and a large amount of rope that he was able to proceed.
Mr. Farr, who lives east of the Macleay store, was somewhat seriously injured last night when he cut himself with an axe. The report which this item is based on stated that the fingers of one of his hands were almost severed from the hand.
Mrs. J. M. Martin has as her house guest, Mrs. Shamley, of Salem.
M. M. Magee was a caller at the Hillborn home Tuesday.
August Lentz is now engaged in training loganherries.

Scotts Mills Items

(Capital Journal Special Service)
Scotts Mills, Ore., Jan. 25.—The weather seems like moderating for which we are glad. Some houses here had the water pipes frozen, and some were burst.
Mrs. Anna White is still sick with the grippe.
Levi Hammer has been on the sick list the past week.
W. H. Commons had the misfortune to lose both of his horses last week with blind staggers.
C. A. White is in eastern Oregon. He writes home that he is feeling much better there.
Emmerson Hammer is clearing 10 acres on his place south of town and will plant it in prairie trees.
Chas. H. C. of the flouring mills here, is delivering several carloads of wheat to the railroad at Mt. Angel. He has 10 teams hauling in wheat and bringing back gravel to be used in building a dam across Bate creek. Mr. Scott thinks, with the prairie growers, that we need a railroad.
There is scarcely a home in this vicinity but what has been visited with the gripple.
A business meeting of the C. E. held at E. W. Coulson's was enjoyed by all present. After singing and transacting the business of the evening we were treated to ice cream and cake by our hostess.
Survivors to New York
Rio De Janeiro, Jan. 25.—Practically all survivors of prizes taken by the German raider and landed at Pernambuco ten days ago were today en route to New York on board the steamer Ituzema Maru and Francis. From New York, British, French and Norwegian consuls have arranged transportation of their citizens among the crews to home ports.

THE MARKETS

The following prices for fruits and vegetables are those called by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.
No changes are noted in today's markets. The Portland market is just fairly well supplied with eggs but the demand is not strong enough to justify a higher price locally than 29 or 30 cents cash. The potato market is holding up at \$1.75 and \$1.85, all of which seems to indicate that when it comes to making a guess at market conditions even the experts are likely

Many More Women Are Willing to Testify

Many women in Oregon and everywhere in the United States sing the praises of Dr. Pierce's Favorite Prescription, and many are the women in this state who are willing to testify to its merits as do the following:
Mrs. V. Boatwright, of 404 S. 10th St., Salem, Oregon, says: "At different times I have taken Dr. Pierce's Favorite Prescription and it never fails to help me. I have used it for sour stomach, pain through chest, nervous tired feeling, constipation, nervousness and headache, and it always helps me so much."
This herbal tonic is made up in liquid or tablet form and can be obtained in almost any drug store in Oregon. It contains no alcohol or narcotic, and its ingredients are printed on the wrapper. Purely an herbal tonic derived from nature's roots and herbs.
If not obtainable at your dealer's send \$1.00 to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will send direct large package of the tablets, or send fifty cents for smaller size.
Mrs. M. Hastings, who lives at 478 S. 10th St., Salem, Oregon, says: "I was weak, nervous, pale and thin. I just could not regain my strength. My back ached, I was constipated and had a starfish condition. I tried different remedies but got no help until I took Dr. Pierce's Favorite Prescription. 'Pleasant Pellets,' also the 'Extract of Smart Weed.' These built me up and I was just fine."
Pleasant Pellets for stomach, liver and bowels, are made up of the May apple, also leaves and july. This well known pellet was made up nearly fifty years ago, by Dr. Pierce, and can be had for a quarter from almost any apothecary—simply ask for Dr. Pierce's Pleasant Pellets.
Mrs. J. T. Harris, of 662 Cheshire Ave., Eugene, Oregon, says: "My daughter was sixteen years old before she entered womanhood. She was nervous and very thin and delicate and had headache and backache. I gave her different things but she got no help. Her teacher in school told her to try Dr. Pierce's Favorite Prescription. She only took one bottle and was all right, and never had any more trouble. Dr. Pierce's Favorite Prescription is all she needs for it."

Auxiliary of Spanish War Veterans Will Dance
The auxiliary of the Spanish War Veterans is preparing for one of the big events of the season in the way of a St. Valentine's dance to be given at the armory on the evening of Wednesday, February 14. The grand march will be led by Governor and Mrs. Wiskey, come, state officials and the state officials of the Spanish War veterans. Red, white and blue lights will be turned on following the grand march and the singing of the Star Spangled Banner. The Cherrians will be asked to appear in uniform and members of the legislature will be especially invited to attend.
The work of the Auxiliary is charitable to a great extent as it has done much during the past year in caring for the orphans and widows of Spanish war veterans and it is to place funds in its treasury for charitable purposes that the dance will be given.

FAMINE ON OREGON COAST
Portland, Ore., Jan. 26.—Near famine conditions exist in the Alsea bay country, on the Oregon coast, according to the story today of Walter Sterling, marine diver, just returned from that region. He said countless lambs with food had been unable to get into Waldport since early in December, and that the people are suffering.
