## BOTH HOUSES GRIND

(Continued from page one.)

Floor were extended her and she spoke briefly in advocacy of the bill. Of course it passed.

### Appropriations Approved.

Appropriations totaling \$737,498 were also passed by the senate, after having previously passed the house. Of this total, the largest item was \$650,930 for the maintenance of the Oregon state hospital for the insane for the coming two years.

This was said by Senator Wood, chairman of the joint ways and means committee, to be probably the largest single appropriation item the legislature will be asked to pass.

The other appropriations included \$15,000 for the Oregon Naval Militia, and \$75,498 for support of the state tuberculosis hospital.

The total of appropriations that have passed both houses now amounts in round figures to \$1,020,000.

### Many Bills Passed.

The senate passed the following bills:

S. B. No. 252, by joint insurance committee. For the regulation and supervision of insurance in the state of Oregon.

S. B. No. 251, by senate committee on claims. Providing for audit and payment of claim of insurance commissioner for premium of his official bond, totaling \$225.

S. B. No. 187, by Orton. Relative to compensation of election officers.

S. B. No. 200, by Pierce. Providing for modification of tax levy in school districts.

S. B. No. 223, by Pierce. Reducing interest of certificates of delinquency from 15 to 12 per cent.

S. B. No. 254, by Pierce. Permitting members of county court to become road overseers without additional compensation.

S. B. No. 256, by Huston. Providing

for filing charters and amendments of incorporated cities and towns.

S. B. No. 235, by Olson. To prohibit bulls and other domestic animals from running at large on Columbia river highway in Multnomah county.

S. B. No. 250, by Olson. To require county treasurer of Multnomah county to pay over to county \$15,522.43, raised by taxation, to make good deficit of a former county clerk.

S. B. No. 219, by Moser. Providing tax levy of one-fiftieth mill for organization, maintenance and support of Rose Festival.

S. B. No. 5, by Barrett. Requiring the state highway commission to adopt standard specifications for paving and providing for competition between patented and unpatented pavements.

S. B. No. 170, by Huston. Authorizing Port of Portland to improve Oregon and Columbia sloughs.

H. B. No. 210, by Sheldon. Requiring eighth grade diploma or its equivalent for admission to high school.

H. B. No. 149, by Mrs. Thompson. To raise standard of rural schools by increasing school terms from six to eight months and increasing maintenance required of each district from \$300 to \$400.

H. B. No. 133, by Meek. Fixing standard formula for condensed milk.

H. B. No. 362, by joint ways and means committee. Appropriating \$15,000 for maintenance of Oregon naval militia.

H. B. No. 364, by joint ways and means committee. Appropriating \$650,930 for maintenance, betterment and improvement at Oregon state hospital for the insane.

H. B. No. 153, by Langer. Providing for bounty on gophers and moles in Yamhill county.

H. B. No. 249, by Anderson. Designating Frances E. Willard day as fourth Friday in October in public schools of the state.

H. B. No. 397, by house committee on revision of laws. Amending law extend-

ing liens on chattels.

H. B. No. 352, by house committee on forestry and conservation. Amending state forest fire laws to authorize state to fire safety work when owners refuse.

H. B. No. 361, by joint ways and means committee. Appropriating \$75,502 for maintenance, etc., of Oregon state tuberculosis hospital.

H. B. No. 29, by Deschutes county delegation. Fixing salary of district attorney of Deschutes county at \$800 a year.

### These Were Killed.

H. B. No. 165, by Stephens. Creating Cascade county from eastern Clackamas county.

S. B. No. 246, by Farrell. Declaring all county roads in the city of Seaside to be streets of said city.

S. B. No. 143, by LaFollette. Eliminating state aid from industrial accident fund.

S. B. No. 221, by Eddy. Requiring that political parties, to be represented on the ballot, must have polled five per cent of vote for representative in congress at last preceding election instead of 20 per cent, as at present.

### ANTI-PICKETING BILL WAS SUBJECT OF HOUSE DEBATE

Representative Kubli's anti-picketing bill was the cause of a warm skirmish in the house in the early part of yesterday afternoon's session when it came up for third reading and final passage.

The bill was taken up at the request of Mr. Kubli and a fight immediately ensued to have it re-referred to a committee for further amendment as its provisions were considered too drastic and inimical to the rights of all liberty-loving men and women.

That the move to refer was considered as an attempt to slow the bill away until it was too late to consider it was apparent by the strenuous attempt to keep it from that fate. The motion to refer the measure was made by Representative Crandall who asked that it be sent to the judiciary committee. It had been reported back favorably by the revision of laws committee but he said he understood there was division of opinion concerning among the members of that committee.

Representative Burdick said he was pledged to vote for such a measure although in its present form he did not like the bill but would vote for it against his best judgment.

Kubli stated that the bill had been in the hands of the revision of laws committee for 10 days and public hearings had been held and that therefore it had been given consideration he declared it was up for final passage now. He suggested that if it was shifted from one committee to another maybe the opponents of it might find a committee that would return an adverse report.

He said the people were demanding legislation of that nature and he demanded that side-stepping the issue cease. If the members were honest with themselves he said they would not vote to re-refer.

Small, of Union believed the bill went too far and that everyone who had the fire of liberty burning in his heart

satisfaction. The public here is strongly anti-German and the unbridled submarine policy announced by the German government has served recently to increase this hostility. No disorders have yet been reported.

The entire Peruvian press reports the protest which has been determined upon by the Chilean government against Germany's announcement of unlimited submarine warfare.

### Steamer Torino Taken

London, Feb. 8.—The British steamer Torino has been sunk by a submarine, it was announced today.

Sinking of the Torino brings the total number of vessels reported since February 1 as victims of German submarines to 59. The total of tonnage represented in these merchantmen is 118,191.

The Torino was a steel screw steamer of 1,850 tons, registered at Liverpool and owned by the Atlantic and Eastern Steamship company.

### Three More are Victims

London, Feb. 8.—The British steamer Hollinside has been sunk. Her captain was safely landed. The crew took to the boats.

The Hollinside was a steel screw steamer of 2,682 tons, registered at New Castle. The vessel was owned by the Charlton Steamship company.

Sinking of the British steamer Boyne Castle and the Swedish steamer Varg was announced late today, making a total of five.

The Boyne Castle was a small steel vessel of 245 tons, registered at Banff, and owned by the Banff Steamship company.

The Varg was a small steel vessel of 210 tons, registered at Hlmsborg, Sweden, owned by Rederiakt Menckel.

### Two Lives Were Lost

London, Feb. 8.—Two lives were lost in the sinking of the British steamer Dauntless, reported today.

Six of her crew were brought ashore and taken to the hospital, where two subsequently died.

Lloyd's registry lists five British steamers named Dauntless, four of them under 150 tons. The fifth is the Dauntless of New Castle, a 2,157 ton steel screw ship, owned by the Bolivian General Enterprise, Ltd.

### Danish Lives Lost

Copenhagen, Feb. 8.—Seventeen Danish sailors were killed when the Danish steamer Lars Kruse was torpedoed and sunk by a German submarine February 6. Word received here today should vote to refer.

Forbes said that if the bill went to a vote as it is now he would vote for it as it goes too far. He said he was not side-stepping. He said it was drafted to fit conditions in Multnomah county.

Sheldon stated that a substitute house bill No. 591, had been introduced to take the place of 201 as it was too drastic. He hoped the bill would be sent back.

Eaton was in sympathy with the motion as was Peck.

The fight was general and amendments to the amendment were made and the house was pretty well tangled up. Crandall wound up the talk with a challenge to Kubli or any other person who doubted his sincerity and appreciation for the rights of labor. He declared he never had been accused of side-stepping. He said he made the motion in all fairness. He declared it was challenged the right of labor and was a test between labor and capital.

### Accountants' Bill Beaten

When it came to a vote on re-referring the house decided to re-refer to the judiciary committee, with instructions to report back not later than 10 o'clock Friday morning.

The second fight staged yesterday afternoon was over the bill authorizing payment for the accountants who audited the books of the counties of the state under the contract with Insurance Commissioner Ferguson. The bill provided that the auditors should have the right to bring suit to secure payment of a reasonable fee for their work.

When the accounting was done it was under the insurance commissioner, who let the work by contract instead of deputizing persons to do it. The experting was made for two years and the amount charged by the experts was deemed high and unreasonable and a few of the counties refused to pay. Among these was Marion county.

The accountants appeared before the ways and means committee and asked for action by the legislature. An agreement was reached by which arbitration would be tried in the hope of securing a settlement with the county courts and the bill was introduced to make everything legal.

The bill was fought on the floor by Representative Seymour Jones, who asked that it be voted down. He declared that when the experts went to work they thought they were getting a good thing as the result of the measure passed by the 1915 legislature authorizing the experting of the books of the counties of the state. He said they did the work a Marion county and then presented a bill for \$10 a day for every one who was in on the job. He objected to them going before a jury where they could introduce experts who would testify that their work was worth \$10 a day.

Representative Langer, of Yamhill county, could not see why such an experting bill should be paid for the work, although he thought the accounting was worth something.

Support to the bill was given by Forbes of the Deschutes, who said the suit in the supreme court was lost on a technicality, because the insurance commissioner let the work by contract instead of doing it himself. He thought the men ought to get something for their labor.

When it came to a vote it was voted down.

Wants Open Sessions. The bill that was occupying the attention when the house adjourned for noon was Al Jones' bill to prohibit "star chamber" sessions of the state boards. Shortly after the session re-opened the bill was killed.

Disposed of 18 Bills. With 33 measures before the house yesterday when it convened yesterday

## TRYING TO MATCH

### DARCY AND GIBBONS

#### Sherman Offered Purse of \$60,000 Split Fifty, for Ten Round Go

Chicago, Feb. 8.—The U. S. of L. apparently isn't bothering Mike Gibbons or Les Darcy.

Harry Sherman, Minneapolis promoter, has offered a purse of \$60,000 to be split 50-50 between them for a 10-round mill. He backed his offer with a certified check for \$10,000 as evidence of his business-like intentions. Sherman demands his club name three judges and the fighters two. The decision to rest with the majority of the judges. Such a decision, he says, would be legal in Minnesota.

Darcy and Gibbons agree to think it over until Tuesday, when a conference will be held in New York, at which they will definitely accept or decline Sherman's offer.

### Williams Unsigned

Chicago, Feb. 8.—Cy Williams, Cub center fielder, has not signed a contract, but the proposed strike of Dave Fultz's baseball fraternity has nothing to do with it.

"I'm one of the signers of Dave Fultz's pledge, but I object to being the 'goat.' Other players who do not start on a training trip until February 20, the date named for the 'walkout' can sit back and see how the Cubs come out. If we fall and get kicked out of baseball, they would have time to save themselves and sign," was the way Williams put it.

Williams said he would sign as soon as terms were agreed upon.

### Baseball Writer Dead

Boston, Mass., Feb. 8.—Timothy Murnane, one of the oldest and best known baseball writers in the country, is dead. He succumbed to heart disease last night in the lobby of the Shubert theatre a few minutes after meeting members of his family for a theatre party.

Born at Nougatuck, Conn., June 4, 1851, he began a baseball career as a player at an early age, soon breaking into the big leagues. Since 1888 he has been well known as a writer. He has at one time president of the New England league.

### Easy for Santel

San Francisco, Feb. 8.—William Demarest proved easy for Ad Santel when they met on the mat here last night. Santel threw the Greek twice in less than an hour and a half. He used an arm scissor and a combined head scissor and arm lock.

### Jack Coffey Sold

San Francisco, Feb. 8.—Jack Coffey, Seal shortstop, has been sold to the Des Moines Western league club and will manage that organization this year, it was announced by Manager Wolverton today.

### Angels Get Curly Brown

San Francisco, Feb. 8.—A trade whereby "Curley" Brown, Seal pitcher, declared that the captain entered the "barred zone" established by Germany ignorant of the new warfare decreed by Berlin.

The Lars (Gruze) was a Belgian relief ship, carrying grain from South American ports to Holland for distribution in Belgium.

### French Liner is Safe

New York, Feb. 8.—The Espagne of the French line docked at 9:30 a. m. today from Bordeaux.

The Espagne carried 167 passengers, including several Americans. She left Bordeaux January 28 and was out of the submarine zone before the new program was put into effect.

Elliott Cowden, an American aviator with the French forces, returning for a visit at his home in Tuxedo, N. Y., was among the passengers.

Among the measures that were passed yesterday afternoon were the following:

H. B. No. 182, by Corbit. Relating to the payment and rate of interest.

H. B. No. 217, substitute for H. B. No. 16, by Callan. Providing for the advertisement for sale of school district bonds.

H. B. No. 224, by Rowe. Regulating the use of saw nets in fishing in District No. 2 and fixing penalties.

H. B. No. 288, by Crandall. Fixing salaries of Harney county officials.

H. B. No. 353, by Tichenor. To authorize bridges over Chetco and Winshuck rivers in Curry county.

H. B. No. 358, by Gore. Abolishing office of recorder of conveyances in Jackson county.

H. B. No. 359, by Bardick. Outlining system of county governments.

H. B. No. 451, by Sweeney. Requiring all persons practicing the art of science of healing to report to the county health officer any contagious disease treated by such person.

H. B. No. 426, by Fuller. Providing for a closed season on net fishing on Yaquina bay.

H. B. No. 468, by Laurgaard. Limiting use of hard-surfaced streets by certain vehicles.

H. B. No. 482, by Unatilla county delegation. Relating to cremation of unclaimed bodies of patients dying at eastern Oregon state hospital.

H. B. No. 382, by Stott. Relating to foreclosure of liens on chattels.

H. B. No. 399, by Anderson. Authorizing counties of the state to join with counties of adjoining states in construction of ferries.

### New Bills Yesterday

The following bills were introduced in the house yesterday afternoon:

H. B. No. 510, by committee on fisheries (substitute for H. B. No. 221). Regulating fishing on Columbia river.

H. B. No. 511, by Maseay. Appropriating \$300 to entertain returning members of Oregon National Guard.

H. B. No. 512, by Callan. Extending powers of ports organized within state.

## Doctor Tells How To Stray

### Eyesight 50 per cent in One Week's Time in Many Instances

#### A Pres Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by

following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances, or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by D. J. Fry.

and unshakable firmness, the note continues, "gives her right to expect that the lives of her subjects engaged in sea trade shall not be placed in such grave peril. It also gives her the right to expect that that trade should not be troubled nor diminished by such an increase in the extent of the zones in which the Imperial government insists that, in order to attain its ends, it must use all weapons and suppress all limitations which it has hitherto imposed upon its methods of naval warfare."

Even before the Imperial government had set aside these restrictions, his majesty's government had protested, holding them insufficient to comply with the prescriptions of national maritime law. But the methods of war announced by Germany are being carried to such an unexpected and unprecedented extreme that the Spanish government, considering its rights and the requirements of its neutrality, must with still more reason protest calmly, but firmly, to the Imperial German government and must make at the sea the necessary reservation, imposed by the legitimate presumption, imposed by the legitimate presumption, the Imperial German government assumes, principally in view of the loss of life, which its attitude may cause."

An Australian has invented a "stump jump" plow for land not cleared of stumps and roots. But still the tip is scarcely worth following in the case of lands with stumps six feet through and higher than that yet.

Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.
