

German Americans Will Follow President and Fight for America

Philadelphia, Feb. 9.—The resolutions endorsing the action of President Wilson in severing diplomatic relations with Germany and pledging its loyalty to the United States were adopted by the German-American National Alliance at a meeting which continued in session here until yesterday.

It was also decided, in case of hostilities, to form regiments of German-Americans and turn over to the American Red Cross funds which the alliance has been collecting for German war relief.

The German-American National Alliance, representing 3,000,000 constituents, has passed a resolution backing up President Woodrow Wilson in handing passports to Ambassador Bernstorff and recalling Ambassador James W. Gerard from Berlin.

SUFFERED NINE YEARS

Many Remedies Tried in Vain. Well and Strong After Taking Lydia E. Pinkham's Vegetable Compound.

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities, and I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong. I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."

The reason women write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved. This is a praiseworthy thing to do and such women should be highly commended.

GERMAN-AMERICAN SYMPATHIZERS MEET

Declare Loyalty But Condemn the Policy of Adopted Country

A resolution in which loyalty of Americans regardless of birth or ancestry is pledged and in which war between the United States and Germany is declared to be unwarranted, was adopted at a meeting at Union hall last night by a body of people signing themselves "The Citizens of Salem."

Fate of Thomas Mooney Now in Jury's Hands

Deputy District Attorney Edward Cunha finished the state's argument at a protracted session which closed at 1 p. m. It is expected the case will be in the jury's hands by 3:30.

German Reports Claim Small Successes Today

Berlin, via wireless, Feb. 9.—Loss of terrain in two places to British forces was announced in today's official report. One was near Valenciennes, and the other north of St. Pierre Vaast wood. The statement said: "In the Ypres and Wytchete bends and from the Aene to the Somme there was a lively artillery duel. In the morning the English attacked near Zeone and were repulsed. On the north bank of the Aene, after a short interruption, new attacks were launched during which we lost a little terrain near Valenciennes. "North of St. Pierre Vaast wood in an advance which in its totality failed, a small place of entrance remained in the English hands."

IT'S YOUR KIDNEYS

Don't Waste Another Day.

When you are worried by backache; by lameness and urinary disorders. Don't experiment with an untried medicine. Follow Salem people's example. Use Doan's Kidney Pills. Here's Salem testimony. Verify it if you wish: Mrs. L. L. Barrett, 1299 Mission St., Salem, writes: "When I was back east I had a general sore and one of the most used medicines for backache and kidney disorders was Doan's Kidney Pills. Everybody who bought them, couldn't speak too highly in praise of them. I have taken a great many of Doan's Kidney Pills myself for backache and kidney trouble and they have never failed to do me good."

PROFIT BY THIS

in which England's desire was to destroy the colonies, impress our seamen in her service and bring about a divided America, should cause us to be neutral, or favor Germany. "Resolved, that we condemn the 30,000 Americans who are in the service of England, whom Lord Northcliffe boasts of doing such grand work for the allies; and they should be declared by congress as no longer American citizens, having violated the neutrality that should exist between the United States and Germany. "Resolved, that while England was engaged in the attempt to destroy our commerce during the civil war, in fitting out the Alabama and manning her with English seamen, Americans of German birth and descent were using their best efforts to save this nation. "Resolved, that the loyalty and patriotism of Americans of German birth and descent, who fought for the union under Rosenbergs, Sigel and Schurz, are still vividly remembered by the American people. "Resolved, that we urge President Wilson and congress to consider fully what it means to declare war against a nation that has always been friendly to this country. "Resolved, that such a course would tend to turn back the wheels of civilization and produce a spirit of barbarism unthought of by our people. "Resolved, that the welfare of our country demands that we should not espouse the cause of either one of the warring nations of Europe. "Resolved, that we believe in peace, prosperity and progress of our country, which cannot be attained by plunging it into a brutal war. "Resolved, that the American people should bear in mind that Frederick the Great was the first monarch of Europe to recognize our republic after believing our independence from England. "Resolved, that the United States should show no partiality to the belligerents of Europe and declare in unmistakable terms that neither the allies nor the central powers should say there should be a danger zone on the high seas. "Resolved, that England is as much to blame in this respect as Germany. "Resolved, that if war is declared against Germany for establishing a danger zone, that in all justice it should be declared against England for the same reason. "Resolved, that the ties that have bound us to Germany for so many years should not be lightly severed without just cause or provocation. "Resolved, that we owe a debt of gratitude to Germany that should be remembered. "Resolved, that Americans of German birth and descent in the trying times of our nation's history have ever been loyal and bore their part in preserving this country when England was engaged in a dastardly attempt to destroy it. "Resolved, that the policy, teaching and aspirations of this nation, the greatest in the history of the world, preclude the idea of entering into a war with Germany. "Resolved, that the people of the United States should have the right before war is declared, to vote as to whether or not war should be entered into between the central powers and the allies."

During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Nobles of Mystic Shrine Held Delightful Gathering

Nobles of the Mystic Shrine held a delightful gathering and entertainment in the Masonic Temple last night to which were invited visiting nobles in attendance at the session of the legislature. The program started off with an exhibition of athletic skill and prowess by the junior boys of the Y. M. C. A. under the direction of Oscar R. Gingrich, physical director. The older boys entertained with an excellent rendering of "The Sailor's Hornpipe," and pyramid building and tumbling. Musical numbers were rendered by Mrs. W. Carlton Smith, who sang with excellent voice; and Alfred Schramm, whose fine tenor was very pleasing. Two readings were given by Perry Prescott Reigelman, which were well-received and enjoyed. The latter part of the program consisted of esthetic dancing by the girls of the Y. M. C. A. classes. Refreshments were served and talks made by the visiting members of the order.

Children Cry FOR FLETCHER'S CASTORIA

There Was Nothing So Good for Congestion and Colds as Mustard. But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

THE MARKETS. The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily. The general livestock market continues strong in all lines. Pork on foot is quoted today as high as \$11.25. The low price of hogs has made them rather scarce in the market and the scarcity has advanced the price as high as 16 cents. A fruit commission man says fine broccoli can be raised in this country. The Roseburg product will be in the market in about ten days. The few who are raising broccoli in this vicinity find a ready market after Roseburg is off the market. Wheat \$1.20@1.23 Oats, new 45c
