167 North Commercial St., Salem

### BEAVERS ON WAY TO SUN-DOWN ISLANDS

### Will Train Among Hula Hula Steppers and the "Uke" Twangers

Portland, Ore., Feb. 13.—En route to Honolulu, 18 Portland Beavers pull out for Victoria tonight. They sail on the steamer Niagara tomorrow afternoon, reaching the islands about next Tuesday. The spring training begins with a game February 22, when the Beavers will appear among hula-hula steppers and "uke" twangers as a feature of

### A Woman's Trouble

Troutdale, Oregon.—"I was troubled with weakness from which women suffer and after taking two bottles of Doctor Pierce's Favorite Prescription I was entirely relieved."—Mrs. M. E. JOHNSON, Troutdale, Oregon.

The mighty restorative power of Doctor Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. For nearly 50 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer, in either liquid or tablet form; or send 50 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for trial box of tablets.

the Honolulu carnival. Leaving for home on the Great Northern, March 16, McCredie's crowd will duck at San Francisco March 21 and go to Stockton for a final week of conditioning. Judge McCredie, his wife and Manager Walter McCredie go with the team today.

Portland, Ore., Feb. 13.—With Seattle fans betting their family jewels on him, Archie Wynn will meet "Murk" Bronson here tonight, over the six round route. Joe Gorman, of Oakland, is billed to punch Jimmy Duffy in the semi-windup.

Stovall is in Bad. San Francisco, Feb. 13.—George Stovall, manager of the Vernon club of the Pacific Coast league, is decidedly unpopular in the McCredie family today. Pursuing his course of accumulating a few enemies in Pacific coast baseball circles, Stovall today is on record with a statement that Walter McCredie, manager of the Portland Beavers, didn't treat him as nicely when they were 2,000 apart as he does now that they are in the same league.

Fulton Climbing Up. New York, Feb. 13.—The championship hopes of Fred Fulton, the Minnesota giant from Nebraska, are considerably stronger today. Negotiations are said to be on for a match between Fulton and Frank Moran, Jim Coffey or Carl Morris, preliminary to a match with Jess Willard, world's champion.

Sister Lizzie Backs Him. San Francisco, Feb. 13.—With his sis-

### WHERE IS THE MOTHER

with a child who is rundown, has pale cheeks or thin blood, who will hesitate to give that child the very thing it needs to start it growing and keep it going? For over forty years the concentrated liquid-food in Scott's Emulsion has been changing thinness to plumpness—changing poor blood to rich blood.

### MAKE DEMAND

(Continued from page one.)

entitled to armament, and is trying to furnish some means of providing it either directly or indirectly.

Some congressional objection to the move is expected, especially as Senator LaFollette has already moved against such armament in peace times.

The state department announced that, as its first step, it has instituted inquiries regarding Germany's intentions about the prisoners.

Preparing for War. Washington, Feb. 13.—The United States is rapidly preparing for war—it is coming.

Army men, railway heads, navy officials, heads of the biggest industrial plants in the world, the head of the American Federation of Labor and financial kings are cooperating. They have mapped out in almost complete detail, plans for mobilization not only of men and uniforms, but of labor, capital, transportation facilities and all things that would go to make for strength and power behind as well as at the front.

Preparations for quick mobilization of Uncle Sam's military and industrial resources took definite shape today at a second meeting of the council of national defense, which was attended by Secretaries Baker, Daniels, Redfield and Wilson.

Brigadier General William Kuhn, military, Elizabeth, "egging him on," Frankie Tucker, of Oklahoma, will box another four rounds with Jimmy Dundee tonight. Elizabeth is Frankie's manager. Last time Tucker and Dundee boxed they didn't mar one another very much and Tucker was given the decision.

fighting in the first round. Two hard rights to the jaw and a pair of body punches knocked Chavez cold.

Italy attacks in Germany at the outbreak of the great war, detailed at length the system by which Germany mobilized her men and materials.

E. S. Steinius of Morgan and company, who has handled the details of all purchases in this country for the entente allies, will tell the council tomorrow of the best way for mobilizing supplies.

Special committees were appointed to handle the various angles of the work. The committee on labor will be headed by Samuel Gompers, president of the American Federation of Labor.

Transportation and communication will be put in charge of President Willard of the Baltimore and Ohio railroad.

Science and research, including engineering and educational problems, will be handled by Commissioner Godfrey of the council.

Bernard Baruch will be in charge of rounding up raw materials, minerals and metals.

Munitions, manufacturers and the work of standardizing industrial processes for war will be in charge of Howard E. Coffin, of Detroit, president of the Hudson Motor Car company.

The rounding up of supplies, including food, clothing, etc., will be under the direction of Julius Rosenberg of Sears & Roebuck and company; medicine and problems of general sanitation will be handled by a committee under Commissioner Martin.

Willard said today that he held a meeting yesterday in New York with the heads of fifteen of the largest railway lines of the country, at which it was decided to make the American Railway association the instrument for handling all transportation of men and supplies.

Committees of railway presidents will be organized in each of the four military departments—northern, southern, eastern and western—and the problems of each department's transportation problems will be worked out by each divisional committee.

propagandists should bring their pressure to bear on the Kaiser.

A delegation representing the friends of Irish freedom, headed by Victor Herbert, the composer, left a peace appeal at the white house today, one of scores of its kind that have come in since the propaganda against war got into full swing.

Mr. Bryan Explains. Boston, Mass., Feb. 13.—Replying to a telegram from the Christian Science Monitor regarding his alleged participation in the sending of the wireless private peace plea to Germany, William J. Bryan telegraphed as follows:

"Miami, Fla.—I have not seen the story to which you refer, but can give the facts.

"I did not see the German ambassador or anyone representing him. An American citizen asked me how to communicate in the interest of peace could be sent to Germany by wireless. I advised him to take the matter up with Secretary Daniels, who has supervision over wireless stations and gave him a letter of identification to the secretary.

"I have no knowledge as to the contents of the message, and do not know whether it was sent."

### GRAIN ELEVATORS

(Continued from page one.)

yards, waiting to be delivered to eastern points. The freight tied up consists mostly of grain, hay, alfalfa meal and lumber. The Santa Fe probably is the worst hit, because of its being the largest line tapping the middle and far western markets. Other roads entering Kansas City, also report great difficulty in getting cars to seaboard destinations.

That there are more than 10,000 cars tied up in Chicago yards alone was the statement of Chicago, Burlington & Quincy officials.

According to H. E. Byron, vice-president, the C. B. & Q. alone has about 2,000 cars on its hands. Many of these are from other roads, however. A similar condition exists on the Chicago, Milwaukee & St. Paul and the Big Four. Officials of the Big Four stated that not a single western road was accepting shipments for the east except upon special orders and guarantees that the cars would be given clearance.

More than 2,000 cars loaded with lumber and cotton are being held in the Big Four yards, according to J. H. Porterfield, general superintendent of transportation of that line. In addition to these 600 are held at Indianapolis and 2,400 at other Indiana and western Pennsylvania points. Eastbound shipping is at a standstill.

It is explained that the German submarine embargo is holding goods to the limit of eastern storage and as a result eastern roads are unable to unload cars. With warmer weather predicted and a continued embargo on shipments east, Chicago commission men look for a big decline in prices on foodstuffs. The inevitable result, they point out, will be a flooding of western markets with perish-

able and non-perishable foodstuffs. The uncertainty of the national political situation will prevent speculators from holding on or cornering the market and farmers are loath to overlook the present opportunity for securing top figures for their produce.

San Francisco, Feb. 13.—Santa Fe freight officials were ordered today to stop soliciting eastbound freight. All freight is accepted now by the Southern Pacific and Santa Fe subject to a flock of embargoes on eastern railroads.

Except for perishables, no freight whatever is being moved from the Pacific to the Atlantic seaboard.

Grain dealers of the Pacific coast see no relief and some are demanding government action.

Native of Silverton Dies at 62. Silverton, Ore., Feb. 13.—Mrs. Sarah Wolfard, a native of Silverton, died at the home of her daughter, Mrs. M. G. Cooley, last night at 8 o'clock, aged 62 years. The funeral will be held here tomorrow. Mrs. Wolfard was a member of the pioneer Small family and lived in Silverton all her life. She is survived by seven children.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

In Use For Over 30 Years The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.
