A GOOD WINTER HABIT

Many people dread winter because the sudden climatic changes bring colds, grippe, rheumatism, tonsillitis or bronchitis. But thousands of well-informed men and women today avoid much sickness for themselves and their children by taking a few bottles of Scott's Emulsion to make richer blood, fortify the membranes of the throat and chest and create body-heat to resist sickness. Soldiers at war receive cod liver oil; it will also strengthen you.

WHAT OUR NEIGHBORS IN CALIFORNIA SAY.

Pasadena, Cal.—"I want to extend to you my heartfelt thanks for the benefits derived from the use of your medicines, also for the kind and good advice obtained. I am a proud mother."

"I had been a great sufferer; three times I was given up to die—the last time being four months ago. I doctored with several doctors but obtained no relief. Was told that an operation would effect a cure, so I submitted to one, but this proved like all the medicines I had taken—not beneficial. I obtained, and started at once taking 'Favorite Prescription.'"

"Four months ago the doctors and nurse said it would be a year or more before I would be able to do my household and, of course, I thought so myself as I was not able to walk across the floor for several weeks. I am now able to do my household and to care for my children and I do not feel as though I could ever thank you enough for the benefits I have received."—MRS. MABELLE KIPP, 154 South Pasadena Ave.

Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiaecol and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Following the visit of Lansing and Gregory today, the committee announced it would take action on the bill Thursday.

If this bill passes it is understood the president will not go before congress at all unless some act should occur which would force him into a request for a declaration of war.

Espionage Bills Pass

Washington, Feb. 20.—Senate administration espionage bill passed the senate today by a vote of 60 to 10.

The espionage bill is aimed to arm the justice department to prevent what is now believed to be a widespread, organized system of obtaining information relating to the nation's defense and production capacity.

So thorough has the bill been made that it has aroused Senator Cummins and others to denounce it as a "draconian encroachment upon individual rights." It pre-supposes, its opponents contend, that every American is a spy.

The department of justice is known to have information showing the United States for the past three years has been a hotbed for conspiracies against foreign countries. Frequent plots have been uncovered against present and past Mexican governments. In nearly all cases the government was powerless through lack of laws.

Discussion of the bill on the senate floor has revealed the serious concern the department of justice in the spy situation.
