Illustrated Lecture at Bethel Literary, Bethel News

(Capital Journal Special Service.) Bethel, Ore., Feb. 21.—The chief attraction at Bethel last Friday night was a stereopticon illustrated lecture on "Industrial Club Work" given by Mr. L. P. Harrington assisted by Superintendent W. M. Smith. Mr. Harrington has been interested in the industrial club movement for several years and at present is one of the two field workers in the State of Oregon. He gave an outline of the aims and purposes of the industrial clubs which is to awake in the boys and girls an interest in the industrial life about them and to keep more of them on the farms. This object is attained by encouraging the boys and girls to raise or to make something they may call their own. This fosters pride of ownership and confers the satisfaction of a chosen task well done. It is said that members of the clubs are more proficient in their school work as a result of having their interest and attention aroused by their industrial work. Many of the pictures were of stock raised or of things made by club members. The members of one club built a hall in which industrial fairs are given. Two fanning clubs were shown together with exhibits of their products. Mr. Harrington announced that one of the banks in Salem will lend \$1,000 this year to club members in the Salem district. This money will be used to buy pigs and feed for those who wish to enter the pig raising contest. Other banks in different parts of the state are doing the same thing for their localities. The clubs are multiplying in numbers and are getting the results expected of them even though the club members in some cases do not receive the co-operation of their parents. Mr. and Mrs. F. K. Wells, of Salem, were present. Mr. Wells is assistant superintendent of public instruction. The house was much too small to comfortably accommodate the people present and all expressed themselves as pleased with the lecture. The following program was given: Song, by Ida Zak and Vera Roth. Recitation, by Harriet Wolfe. Recitations by Ella D. Wolfe. Song, by Carroll and Lucile Robinson. Recitation, "The Way His Mother Made Mine Pies," by Christine Bahnsen. Recitation, "When Father Was a Little Boy," by Chester Sundberg. Music, by the orchestra. Reading, by Harlan Hoffman. Play, "New Moon," by Editor Harlan Hoffman. The next meeting will be March second and there will be debate on the question whether the state should issue \$7,000,000 of bonds for road purposes. The Bethel Industrial club had a valentine party at the school house a week ago last Friday night. The evening was most pleasantly spent with games. One was a game of "Find the candy." A quantity of candy hearts were hidden. Margaret Lowrey found the most hearts and won the prize, which was a box of candy. Another game was target practice with a baseball. A number of hearts shaped targets were suspended on a wire. The targets were of various sizes, the large ones having small numbers and the small ones having large numbers. Elmer Roth made the highest score and received the prize, which was a fine valentine. A lunch was served and the party broke up about 10 o'clock. Three new members have recently joined the club, making a total of 22. The following attended the dance at Macleay last Saturday night: Roy Marchand, John Henry and Walter Hain; the Misses Ross, Christine and Minnie Battalio, Chris and Mike Battalio, Mr. and Mrs. W. C. Creech, Mr. and Mrs. G. O. Swales, Mr. and Mrs. C. F. Johnston, Albert and Walter Vanderbeck, Virgil Sundberg, Miss Alta Matten, Miss Lucy Nichols, George Martin and Cass and Lucy Nichols. Mr. John Hain has sold over 500 bushels of potatoes and most of them at \$1.75 a bushel. He has one more load of choice potatoes that he hopes to sell today for \$2 a bushel. He also has about 75 bushels of small potatoes that will be sold in Pratum for seed at \$1 a bushel. W. R. Baker is working for the Lewisburg Mutual Telephone company. All of the phones on the 43 line have been equipped with condensers. The phones are being adjusted and the line will be completely overhauled; all of which will make a great improvement in the service. Mr. Kuehler had the misfortune to lose his best horse last week. It got cut with barbed wire and died of blood poisoning a few days later. Guy Johnston lost a calf last week. It got down in the barn and injured it.

WOMEN! READ THIS!

Lift off any corn or callus with fingers and it won't hurt a bit. Your high heels have put corns on your toes and calluses on the bottom of your feet, but why care now? This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this other compound and named it Freezone. Small bottles of Freezone like here shown can be had at any drug store for a few cents. Don't limp or twist your face in agony and spoil your beauty but get a little bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers. Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses with out suffering one particle. You feel no pain or irritation while applying Freezone or afterwards. It is magic!

YOU KNOW YOU NEED A GOOD COURSE OF MEDICINE.

We recommend Hood's Sarsaparilla and Pepsin Pills. It is found that many people who feel the need of a good tonic, an immediate uplift, of pure blood and strength—get wonderful help, perfect satisfaction, in a course of Hood's Sarsaparilla and Pepsin Pills. Hood's Sarsaparilla is especially recommended for conditions that are radically or characteristically serous or dependent on impure blood. Pepsin Pills are recommended for conditions that are radically or characteristically anaemic and nervous. All the ingredients in this combination work together in harmony, and are absolutely harmless. No opiates, no heart-depressants, no habit-forming drugs. Why not begin taking these two medicines—one before meals, the other after—as soon as you can get them.

WEEKLY REPORT OF UNION STOCK YARDS

North Portland, Feb. 20.—Yesterday's cattle trade had an excellent tone. There was but a light supply with a very good demand. Practically all the best packers were in the market as well as a very good butcher demand. The market was active and sellers disposed of everything in short order.
Beef Steers
Beef steers that sold from \$9.00 to \$9.25 last week sold from \$9.25 to \$9.60 yesterday. There was an excellent supply of good killing steers on the market from central Oregon points, demand was keen and buyers had to step lively to get in on the moderate supply. Several loads of prime hay steers shipped by Geo. Russell brought \$9.60 with several others at \$9.50. The bulk of the best loads of heaves sold from \$9.25 to \$9.40. Several loads of good 900 to 950 pound feeding steers brought \$8.25 and \$8.50.
Cows
Cows were a scarce article yesterday all offerings being in small bunches. All good cows easily brought \$8.00 while medium kinds brought from \$7 to \$7.50. Ordinarily dairy cows brought from \$6.00 to \$6.75 with common stuff at \$5.00 to \$6.00.
Bulls
The bull supply was fairly good but did not near fill the demand and prices took another jump of 25 cents to 50 cents. One prime bull brought \$7.00 with a number of sales from \$5.75 to \$6.75.
Hogs
Swine prices yesterday were rather erratic. There was a very good demand, but buyers were not willing to pay the high asking prices of sellers. Early sales were the highest of the day. Four loads of prime hogs brought \$12.00 while the late trade was only on a 10 to 15 cents higher basis. The bulk of the good light hogs selling from \$12.25 to \$12.35.
