"Varsity Honor Men Day" at Willamette Yesterday

Although the basketball game with Dallas was not ended until nearly ten o'clock, the official celebration of "Varsity honor men day" was a complete success. Due to some unknown cause the sweater awards did not arrive in time for the presentation last night, consequently each man received a certificate only.

Opening the program the men's glee club sang "We're a bunch of good old students" by Meadhall and Soum. "The Stars and Stripes Forever."

Are You Worn Out? Does night find you exhausted—nerves unsettled—too tired to rest?

SCOTT'S EMULSION

is the food- tonic that corrects these troubles. Its pure cod liver oil is a cell-building food to purify and enrich the blood and nourish the nerve-centers. Your strength will respond to Scott's Emulsion—but see that you get SCOTT'S.

Scott & Bowne, Bloomfield, N. J.

a generation, and gave us his hope that they would leave a rich heritage of high ideals, embodying "Obedience, Loyalty and Hard Work," to each succeeding class.

Attorney A. F. Flegel of Portland was the main attraction on the program. "Some values in athletics" was his subject. He spoke of play, professionalism and college athletics. In discussing the latter he said "athletics typifies life, as you succeed here you must succeed in life."

As president of the girls Willamette club, Miss Gladys Carson presented a brief sketch of its history and purpose. Brief and to the point were the remarks of Coach Mathews, he spoke of training rules and paid a tribute to the men who had worked hard but did not earn an official award.

President Doney presented the awards to the men in football, basketball, baseball, tennis and track. The cardinal and gold supporters in debate and oratory were also honored by a presentation of the bar "W" pins.

Sells Flax Seed and Orders Retting Tanks

Tanks for the purpose of rushing the retting of the 1916 crop of flax have been ordered constructed by the board of control and Robert Crawford, superintendent of flax for the state, will supervise the construction. The tanks will be 500 feet long and 20 feet wide and of sufficient depth for the retting. This decision was reached because of the unfavorable weather last fall dew retting was found practically impossible.

Today the first carload of flax seed to be shipped by the state is being loaded under the direction of Superintendent Crawford. The loading will probably be finished Saturday. The car

STORY HOUR

Saturday morning at 9:30 Miss Paxson will tell a group of animal stories. All children are invited to come to the public library to hear the story of "Badlands Billy" and the other stories. "The hare and the hedgehog," and "The fox and the bear in partnership."

After the story hour a number of new books will be displayed for the first time. Some of the new titles are: "Drake, Indian history for young folks. Stories about King Phillip, Pontiac, Blackhawk, and other Indian chiefs and their wars with white settlers."

"French, Sir Marrok; a tale of the days of King Arthur. Grierson, Tales from Scottish ballads. How Thomas the rhymist was carried away into fairyland, the tale of the Earl of Mar's daughter, and other old stories retold.

Singsonster, Emmeline, the story of a little girl who fell into the hands of the rebels during the battle of Gettysburg. Vawter, The rabbit's ransom. Short stories and poems about some very winning children.

Company M's Dog "Shep" Spends Night In Pound

Considerable indignation has been aroused among the members of Company M, and especially the ire of the armorer, Harry Plant, on account of the "arrest and confinement in the city pound" of Shep, the mascot. "Shep" was playing on the street in front of the armory when Walt Low, street commissioner, who has police authority of take up unowned dogs, have in sight and arrested him as a vagrant. In spite of Shep's protests that he was innocent he was taken to the city pound and incarcerated.

Shep, according to Armorer Plant, is an honest dog, a good dog, and these appeared to be no reason for hauling him to prison. Shep did not like his incarceration one bit. His joy can be imagined when Plant came in sight yesterday morning, paid the fine of \$2.50, and he was released.

contains 1,500 bushels or about 84,000 pounds of the seed, which is consigned to Montana. The seed is sold for \$2.75 a bushel f. o. b. Salem.

NEW YORK GIANTS TO TRAIN IN TEXAS

John McGraw and His Herd of Rookies On Way to Training Ground

By H. C. Hamilton.
 (United Press staff correspondent.)
 New York, Feb. 22.—Regarded as better fortified than ever before in his baseball history, John McGraw, manager of the Giants, boarded a train here today and started to Marlin, Texas, with a gang of rookies and a few veterans. They will begin training immediately.

New York is all worked up over the chances of the Giants. A brand new infield, with the exception of Arthur Fletcher, will be drilled together in the Texas climate. New pitchers will be on tap and a new catcher, Lew McCarty, probably will bear the brunt of catching.

The psychological possibilities of such a baseball club are numbing up the mathematical brains of all the dopsters in New York. In the first place, history takes an awful leap at the team when it chortles and points out that the Giants last summer won 17 ball games in a row and then tried to make a world's record for losing them.

Then along came fall and the Giants, with some young blood peeping things up, whacked off a list of 26 straight, thereby establishing a major league record for consecutive games won. They wound up the season by ignominiously bowing to the Brooklyn club and being charged by John McGraw with kicking one.

It's the same team that finished the season last fall that will take the field this spring. Stellar performers and very little of the veteran class are included in its make-up. McGraw has the most remarkable young pitcher in the business in young Ferlic Schupp and he has a remarkable young catcher in Lew McCarty. Also Bonnie Kauff is expected to do better and the entire infield is backed to show the National league some new tricks.

In the party that left today were: Babe Benton, Walter Holke, Bill Ritter, Jimmy Middleton, William Morissett, George Sandberg, Sterling Stryker, Lew Way, Fred Schupp, George Smith, Pie Mcarty, Bradley Koeber, Bonnie Kauff, Al Schacht, Joe Wagner, J. G. Josephson.

The following will reach Marlin Sunday, going direct from their homes: George Kelley, G. E. Cansey, Ernest Krueger, Jim Thorpe, Ross Young, Jose Rodriguez, Peter Kilduff, L. A. Jaynes, Hans Lobert, A. W. Baird, Zeke Lohman.

Ad Santell Not In It.
 San Francisco, Feb. 23.—Too much class defected Ad Santell, friends of Santell admitted today in reviewing yesterday's wrestling match here when Joe Stecher, the Nebraska marvel, pinned the German's shoulders to the mat twice in less than an hour of wrestling.

From the beginning to the end Stecher stood head and shoulders above his opponent in speed, strength, science and knowledge of the game. Santell, who has shown great aggressive power in the past, was forced to remain on the defensive during the entire match yesterday. Stecher got the deadly body scissors on him almost at will and punished him severely with it and with wrist locks as well.

Stecher's share of the receipts is \$3,792 and Santell's \$4,425. The champion will remain on the coast for several weeks and may engage in some more matches here.

Westergaard Defeated.
 Chicago, Feb. 23.—Windek Zhyzsko, the Pole, won over the veteran mat man, Jess Westergaard, in straight falls at the Coliseum last night.

The Pole's superior strength and aggressiveness overcame the advantage of the Des Moines wrestler's experience. The first fall came after 20 minutes and 15 seconds of fast wrestling, when Zhyzsko secured a body scissors, and the second fall in seven minutes 15 seconds, with a cross body and wrist lock.

Stopped in Four Rounds.
 New York, Feb. 23.—Frankie Burns, Jersey heavyweight, stopped Young Sulu Kid in the fourth round. Soldier Bartfield outpointed Marty Cross in 10 rounds.

Dillon to Meet McCoy.
 New York, Feb. 23.—Jack Dillon, of Indianapolis, and Al McCoy, of Brooklyn, will meet in a scheduled 10-round bout at the Broadway Sporting club, Brooklyn, Tuesday night, according to an announcement today. Dillon, according to Grant Hugh Browne, will be matched after this bout with Les Parry, the Australian, although he overrules the fact that McCoy holds a previous contract from Browne, ending for a Darcy-McCoy battle.

Fighting to Keep the District Wet

Washington, Feb. 23.—"The last stand" was being enacted by "wets" today in what appeared to be a futile effort to save the District of Columbia from becoming "dry" territory after November 1.

At 1 o'clock the house rules committee began hearings on a special rule for quick action on the Shephard bill, ousting the capital city from the "wet" column.

After the hearings, close the committee will go into executive session and determine when the Shephard bill, already passed by the senate, shall come up for final vote before the house.

The prohibitionists are leaving nothing undone to get action on the measure on this session.

Advocates of a referendum will give their chance to move recommitment of the bill after discussion ends in the house but such a motion could not survive the opposition, it is believed today.

SHOES

FOR WORK AND DRESS

We are receiving New Shoes for dress by every freight and hundreds of pairs by express; all of the new designs as fast as they are produced. If you want to save money on the newest and best footwear you must come to

Professor Peck to Lecture On Plant Life

Professor Arthur L. Peck, of the Oregon Agricultural College will deliver an illustrated lecture on plant life Monday evening, March 5th, in the Commercial Club. The lecture which will be given under the auspices of the Salem Floral Society will be free and all citizens of Salem, who are interested in a Salem Beautiful are urged to be present.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets
 That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" box, and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Hospital Station, Salem, Ore.
 Dear Sir: Your letter of February 12 and the accompanying application blank for a lecture by Prof. A. L. Peck, has been duly received.

This is to notify you that we shall take pleasure in scheduling Prof. Peck for the work you desire the evening of March 5 if this is satisfactory. Our reason for selecting the Monday date is that we understand from your previous letter that your regular meetings are held on Monday nights.

Prof. Peck will bring with him a set of lantern slides on "Eastern Gardens," showing a wide range of plant materials and ideas that can be worked out under Oregon conditions.

Will you kindly let us know at your earliest convenience if the date set is satisfactory and if you can arrange for a stereopticon or whether or not

Prof. Peck should bring one with him. Indicate also whether or not you have electric lights in the hall to be used for this lecture.

Very truly yours,
 EXTENSION SERVICE,
 H. A. Vickers, Sec'y.

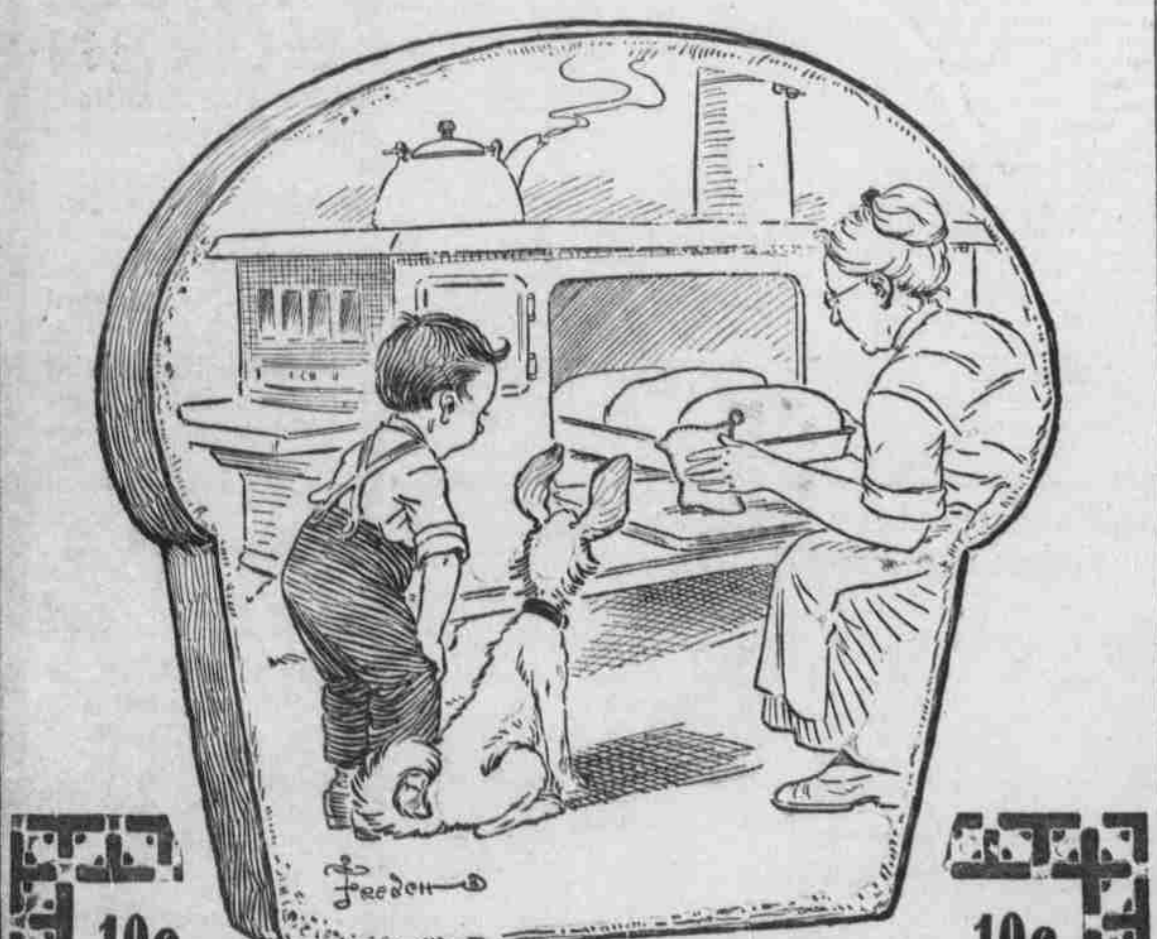

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her— That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia), Try Musterole for croupy children.

10c

What a big event bake day used to be! How the appetizing aroma seeped into the other rooms of the house and out into the woodshed. My but it made you hungry!

HOLSUM BREAD

"Takes You Back to Younger Days"

And remember how good that first crust tasted! How you'd like to eat bread like that again! You may. (Those old-fashioned methods are followed in the scientific process that makes each day the wonderful loaf of HOLSUM.)
