By ALINE THOMPSON

SOCIETY will rejoice to know that tentative plans are being made for a dinner dance to be given at the Hotel Marion Friday night.

However, if there are not enough reservations of tables to assure the management of a good crowd, efforts will not again be made to resume these delightful affairs this winter.

The Marion is an ideal place for these festivities and it is hoped by several prominent matrons who are responsible for this last attempt, that society folk will be eager in their desire to have these dances continued throughout the remainder of the season. Several already have engaged tables and more will make reservations to entertain parties today.

At the First Christian church a complimentary musicale will be given tonight by Mrs. Halliday Haight, contractor, of New York; assisted by Mrs. Leona Peterson, soprano; Henry Compton, tenor; Albert Gille, baritone; Miss Bernice Clark, accompanist; and Mrs. Vera Schupp Frickey, pianist and accompanist.

### Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but Does the Work Quickly.

The finest cough syrup that money can buy—costing only about one-fifth as much as ready-made preparations—can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any drugist can supply you with 2 1/2 ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 54 cents and gives you a full pint—a family supply of a most effective, pleasant tasting remedy. It keeps perfectly.

It is truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with eucalyptol and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your drugist for "big ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Considerable interest is being manifested in the programme for tonight, as it includes "In a Persian Garden," which will be presented in Salem for the first time.

Since Mrs. Haight has appeared in this song cycle in New York under the direction of the composer, Liza Lehman, and has given it herself several times, an excellent interpretation is assured.

Miss Ida Simmons has returned from a week end visit with relatives and friends in Portland.

### SEVEN OPINIONS BY SUPREME COURT

#### Confession Obtained by Third Degree Methods Held Admissible

Divergence of opinion among the judges of the Oregon supreme court marks the decision regarding the case of the state of Oregon, respondent, against Tommy Morris, jointly indicted with Martin Anchoberry for murder, appellant, which was appealed from Lake county.

Anchoberry was tried first and was convicted and is now in the penitentiary. Morris was also convicted as the result of a confession made by him, which confession he says later was not obtained legally and which was secured by means of drastic third degree methods.

He was charged with the killing of Bertha Bronson, who was strangled to death while he and Anchoberry were robbing her house of \$100. The reports of the case state that Bertha Bronson conducted a house of ill-repute and that the two boys visited her. Anchoberry held her on his lap and playfully put his fingers about her throat. When she found he was in earnest and choking her she fought. Morris then held her hands while Anchoberry finished the job.

Criticism of the indictment was made in the appeal but it was held valid. The principal reason for the divergence of opinion of the judges was concerning the method of securing the confession of Morris, on which his conviction was based.

Judge Burnett dissented from the opinions of the other judges on the ground that the confession was extorted by compulsion, and that it was not voluntary. Judge Benson specially concurred with Judge Burnett in that he thought it established a dangerous precedent in admitting such a confession.

Judge Bean affirmed the decision of the lower court, and Judge Harris specially concurred.

The other decisions rendered this morning are as follows:

O. E. Wilson, respondent, against the county of Wasco, et al., appeal from Wasco county. Judge Bradshaw; suit to enjoin defendants from issuing bonds in corn removers; reversed and dismissed by Judge McBride.

John M. Foulkes, appellant, against Henry Sevstacken, et al., respondents, appeal from Coos county. Judge Coke; to remove cloud from title of land; reversed and remanded by Judge Harris.

Columbia River company, respondent, against John A. and Suzannah Smith, appellants, appeal from Clatsop county. Judge Eakin; petition for rehearing; denied by Judge Burnett.

### A GREAT MEDICINE

That most successful of all remedies for woman's ailments, Lydia E. Pinkham's Vegetable Compound, owes its origin to a botanic recipe which came into the possession of Lydia E. Pinkham about fifty years ago.

This recipe had proved so effective in the practice of a skilled physician that Mrs. Pinkham prepared the herbs and steeped and prepared them in true old-time fashion on her kitchen stove for her friends and neighbors who suffered from woman's ailments. The fame of the virtues of this wonderful medicine spread, until it is today recognized as the standard remedy for woman's ills.
