boro, Maine, must stand trial on charges of illegally transporting explosives from New York through Boston to Vancouver, the supreme court held today, dismissing Horne's appeal.

**Compensation Law Valid.**  
Washington, March 6.—Declaring valid the New York state workmen's compensation act, the supreme court held today that railroad employees in interstate commerce may recover damages for personal injuries under its provisions.

**Iowa Law Sustained.**  
Washington, March 6.—Iowa's workmen's compensation law was today declared constitutional by the supreme court in the case of J. C. Hawkins, Newton, Iowa, manufacturer of paper clips, against John L. Bleakley, Iowa state auditor, and Warren Garst, state industrial commissioner.

**Can Collect Demurrage.**  
Washington, March 6.—The supreme court today affirmed a decree of the Ohio supreme court which held the Hocking Valley railroad had a right to collect demurrage charges from the Swift Packing company for cars owned by the Swift company held on tracks it claimed as its own.

**Washington Law Upheld.**  
Washington, March 6.—The workmen's compensation industrial insurance law of the state of Washington was today declared constitutional by the supreme court in a test suit of the Mountain Timber company.

**Gets Right of Way.**  
Washington, March 6.—The supreme court today dismissed an appeal from a decree of the superior court of Washington state granting the Coats Fordney Logging company a right of way through property of the Grays Harbor Logging company under a state right of way ordinance.

**Lose \$25,000,000.**  
Washington, March 6.—The supreme court today reversed a tariff board decision that had granted to importers \$25,000,000 in tariff discounts allowed by the Underwood tariff act on goods imported in American bottoms.

**TO REDUCE AGE LIMIT OF POOL HALL VISITORS**

**New Auto License Ordinance—Much Other Business Transacted**

Although a petition signed by Ed Blessing and 250 others asking that the age limit for minors in pool halls be reduced from 21 years to 18 years was received by the council at its regular session last night, the attitude of the city fathers in this respect is such that it is highly probable that should an ordinance be introduced reducing the limit it will go down to defeat.

Unless the attitude of the council changes by the time an ordinance is brought in, as Councilman Urub promised, at the next council meeting, such an ordinance will have hard sledding. Councilman Ward was not in favor of reducing the age limit; neither was Councilman Elliott. If the ordinance was to be introduced by the ordinance committee, Councilman Elliott moved that the committee be instructed to incorporate in it that all card tables be removed from the pool hall to which the boys-between 18 and 21 would have access.

**Rigidon Favors It.**

In the talk of Councilman Roberts it was evident that this was not an anti-vice crusade but a move on the part of the billiard and pool hall proprietors to secure a larger patronage from the young men between the ages of 18 and 21 years. It was pointed out that the age limit in Portland and other larger cities was only 18 years, and that the pool halls in this city were conducted in a proper and high class manner, and that therefore it would not be detrimental for the young men to visit them.

Councilman Rigidon stated he was in favor of reducing the limit because it would prevent many young fellows from falsifying concerning their ages. Councilman Urub, who presented the petition, promised to bring in an ordinance reducing the limit and put it up to the members of the council.

**New Auto License Ordinance.**

Because several jitneys or automobiles have been operating under one license, and because some of those automobile owners who do not carry city licenses have been "having the laugh" on those who have taken out city licenses, and because there is one automobile owner who operates without a license under the pretense that he does not take a fare for carrying passengers but takes what is given him, which he indicated should be as much as others get for like services, the city council suspended the rules and read an ordinance the third time amending the ordinance relating to the licensing of vehicles and fixed it so that a license will be required on each and every machine in operation for hire.

This ordinance was passed and it requires a jitney or taxicab first to obtain a license from the city treasurer. This license must show the name, state license number, and model of the car. The ordinance states as follows: "The transfer to and use of such license upon any other car is hereby prohibited, unless the licensee shall surrender his old license and obtain from the treasurer a new license for the unused portion thereof in the same manner as the original was obtained, for which he shall pay the treasurer \$1; provided, that in case of accident or emergency, such license may temporarily transfer his license to another car for a period not to exceed 10 days, provided that before doing the licensee must file with the city marshal a statement of the reason therefor, the date of such transfer, and the name, model, state license number, of the car to which such license is temporarily transferred."

**A Street Department.**

An ordinance creating a street improvement department of the city of Salem was passed. This department is composed of a committee of three members of the council, the chairman of the sewer committee, and the mayor. The work of the street department is under the control of this committee, which is to have control of all equipment and power to hire employees, etc.

Councilman Ward asked that the council authorize the city attorney to give notice to the Oregon Electric either to comply with the regulations concerning electric signs or remove their big sign at the corner of State and High streets, which sign has not been kept lighted. Although Councilman Jones was of the opinion the railroad would take the sign down and the city would therefore be deprived of the light it gives at that point, it was pointed out that if it is allowed to be kept up and dark it would make no difference and the authority was granted.

\$2,000 for Library.

Councilman Ward moved that the sum of \$2,000 be turned over to the city library board as the first half of their annual appropriation. The total sum the library a \$5,000 and it has secured \$500 already. The motion carried.

The deed to Bush's pasture from A. N. and Sally Bush was read and referred to the committee on parks.

Plans and specifications for the improvement of Meyers street, which have been drawn by the city engineer, were

**"WEATHER OR NO"**

I judge a stenographer by the file she uses, mail or letter.—Old Man Sage.

referred to the street committee.

Mrs. Louis Lachmann was appointed by Mayor Keyes to fill a vacancy on the library board. As there was no objection the appointment was confirmed.

**Several Business Matters.**

In the request of Dan Fry relating to having the curb on Church street placed at a certain distance from the property line, it was stated that it would make the street wider by seven feet than the plans and specifications called for and therefore necessitate additional paving, the city engineer was instructed to draw up a contract with Mr. Fry covering the payment of the additional paving.

The report of the street committee in the matter of the bid for re-enforced steel stating that the bid of Ray L. Farmer was the lowest and best was adopted.

Regarding the hearing in Portland by the public service commission on the valuation of the Portland Railway, Light & Power company for the purpose of making rates for light and power, the matter of sending a representative of the city to the hearing was referred to the committee on lights.

The question of payment of an assessment against the city of \$650.41 for paving the Fairgrounds, in front of city property came up and was referred to the city attorney.

**Remonstrance Filed.**

The question of the payment of the expense of maintaining the signal lights on the condemned Marion-Folk inter-county bridge was the source of a lively debate for a short time, when it was endeavored to fix the exact amount to be paid between the city and Marion county court. There have been three watchmen on the bridge from the time it was condemned until it was closed to traffic and it was agreed by the city to pay for one watchman. Now it finds it has to pay its proportionate share of three watchmen. The matter of the lights was referred to the committee on lights.

An application to construct an entrance to the basement of the Hubbard like the entrance to the U. S. National bank building basement was made by W. H. Norris, receiver for the building. The matter was referred to the street committee.

A remonstrance against the improvement proposed on Fairmount avenue was filed with 600 feet of abutting property against the work. It was referred to the street committee.

A holdover resolution from the 1916 council was read authorizing the repairing of the sidewalk on Columbia street. It was referred to the street committee.

A petition for the construction of a sidewalk on Fitz and Miller streets was filed by Mrs. Kate Weiss. By special request it was referred to the ways and means committee.

Numerous bids for furnishing piping for the city were referred to the building committee.

**ZIMMERMAN SAYS**  
(Continued from page one.)

Germany appears to support the foreign secretary whole heartedly although there was a disposition to criticize the bungling by which a perfectly legitimate move by Germany became known. Count Von Reventlow, apostle of extreme ruthlessness, however, bitterly assailed the foreign secretary in the Berlin Tageszeitung declaring the alliance scheme "showed lack of intimate acquaintance with Mexican affairs and American relations." He estimated the revelation of the proffer would unite sentiment behind President Wilson in America.

**PEOPLE CALL FOR POPULAR KIDNEY REMEDY**

The splendid sale which I have enjoyed on Dr. Kilmer's Swamp-Root during the past fifteen years is a sufficient guarantee that it possesses merit in the ailments for which it is intended. It is a medicine that speaks for itself in kidney, liver and bladder diseases.

Very truly yours,  
H. R. STREHLOW, Druggist,  
Sept. 19, 1916, Casselton, North Dak.

Letter to  
Dr. Kilmer & Co.,  
Binghamton, N. Y.

Prove What Swamp-Root Will do for You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Salem Daily Capital Journal. Regular fifty cent and one dollar size bottles for sale at all drug stores.

**Adamson Case Passed.**

Washington, March 6.—The supreme court failed to give a decision in the Adamson eight hour case today. Prominent railway attorneys had crowded the court room to hear the opinion.

**"The Evil Eye" at Ye Liberty Theatre**

A certain young lady aspiring to be a motion picture actress had her ambitions nipped in the bud during the taking of the scenes of "The Evil Eye," the thrilling Lasky production which will be seen at Ye Liberty today, tomorrow and Thursday with the ever popular star, Blanche Sweet, in the stellar role. The young woman had headed with Miss Sweet for a long time to be given an opportunity to appear in a scene. Finally Miss Sweet secured director George H. Melford's permission for her to appear as one of the mob of superstitious Mexicans. She was called to the studio at seven o'clock morning, traveled fifteen miles over rough roads in a sight seeing truck, set around in the hot sun until four in the afternoon when she was put to work, and arrived back at the studio at eight that night. Since that one strenuous day, Miss Sweet has not seen the young lady, nor has she been discovered around any of the other studios. It is a Paramount picture.

**More Oranges in the City Than Ever Before—Saturday Is Orange Day**

There are more California oranges in Salem today than ever before in history. Immense shipments by fast freight have been coming in for the past week to supply the big demand by local merchants in preparation for National Orange Day, which, this year, falls on Saturday, March 10th. Fruit dealers say that there will be more oranges bought and eaten during the next few days than during any similar period preceding the orange days of past years.

Reports from California indicate that the same condition is true throughout the country. This great annual fruit festival nationally inaugurated a few years ago has grown to such proportions that in the California groves, professional orange picking gangs have been kept tremendously busy for the past week taking the fruit from the trees fast enough to supply all markets. Trainload after trainload has left the Golden State already, and they are still coming.

Last year at Orange Day, Mayor Thompson of Chicago issued a proclamation designating the day as one on which to eat oranges freely and be thankful for the low price and delicious quality of this healthful fruit. It is expected that a number of city mayors will follow Chicago's example this year, and make the day one of semi-official observance. This recognition is given solely on the basis of the huge fiscal quantities of oranges and their widespread distribution within reach of people everywhere at prices that permit all to enjoy them.

Orange Day comes at the height of the navel orange season, and the crop this year is of the largest and best in years. Many local fruit dealers report that they have sold more boxes and half boxes of oranges this year than they sold in dozen and half dozen lots ten years ago.

Between now and Orange Day watch the front windows of the stores where oranges are sold. There will be considerable competition locally in the effort to produce the most attractive and interesting window display for Orange Day.

**Fat That Shows Soon Disappears**

Prominent fat that comes and stays where it is not needed is a burden and hindrance to activity, a curb upon pleasure. You can take off the fat where it shows by taking after each meal and at bedtime, one Marmol Prescription Tablet. These little tablets are as effective and harmless as the famous prescription from which they take their name. Buy and try a case today. Your druggist sells them at 75 cents or if you prefer you may write direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. You can thus save good bye to dieting, exercise and fat.

**Will Join Musical Colony in Chicago**

Salem's musical colony in Chicago will be increased by one talented person and Salem will be minus a favorite musician when Miss Vera Kitchener leaves at the end of this week for "The Windy City" to take up special studies on an organ especially adapted for picture theatre work.

Already Salem is well represented in the studio life of Chicago, and consequent gaps are left in the music circles in the Capital City. However, it is believed to be only a temporary loss as these talented people are expected eventually to return to Salem to brighten and enliven the town.

Among the former Salemites who are in Chicago engaged in musical work are

**SUFFRAGETTES SORE WHEN NOT RECEIVED**

**Will Go Home and Do Some Shouting from House Tops**

Washington, March 6.—Women suffragettes in Washington yesterday by the hundreds to "convince the president," spring their big surprise when they announced they would take no part whatsoever in the happenings of the day and would remain, entirely aloof.

Scores of purple and gold banners used Sunday in the encircling movement about the white house stood furled and drooping within Congressional Union headquarters.

"No, we are not going to use them," Miss Alice Paul, chairman of the National Woman's party said. "The president knows we are here. That is all we want."

A giant mass meeting, however, will be held at the Belasco theatre at eight.

Mrs. O. H. P. Belmont, Miss Vida Millholland, sister of Inez Millholland Boissevain, and other prominent suffrage leaders addressed the meeting.

Suffrage leaders expressed themselves as highly incensed at President Wilson's refusal to see their delegation yesterday after this reception had been heralded throughout the country for many weeks. State leaders declared they "would go back home and shout from the house tops the president's action."

"The women of the country shall know that their president kept a delegation of American women waiting in a cold drizzle, while grinning under-secretaries cheered from the white house windows," said Miss Paul.

**Senator Lippitt Declares He Would Have Supported Armed Neutrality Bill**

Washington, March 6.—Swinging in line, former Senator Lippitt, an absentee while the armed neutrality bill was being debated, wired here yesterday, asking that he be listed as one of the supporters of the measure.

He said he would have signed the "round robin" of Wilson's backers had he had a chance.

The following eleven refused to sign:

Republicans—Clapp, Minnesota; Cummins, Iowa; Gronna, North Dakota; Kenyon, Iowa; LaFollette, Wisconsin; Norris, Nebraska and Works, California.

Democrats—Kirby, Arkansas; Lane, Oregon; O'Gorman, New York; and Vardaman, Mississippi.

Stone, while opposing the bill and refusing to continue in charge of it during the fight on the senate floor, did not oppose a vote on it. He did not sign the round robin; it was not put up to him.

The following, who were especially active in opposing the vote and have been referred to as the "little four," are: LaFollette, Gronna, Norris and Clapp.

The addition of Lippitt's name and Tillman's brought the signers to 77.

**Jones is Denounced**

Olympia, Wash., March 6.—After bitter condemnation of United States Senator Wesley L. Jones, by Floor Leader Mark E. Reed, for Jones' disgraceful part in the filibuster in the United States senate, the house yesterday afternoon passed a joint memorial pledging the support of the state to the president.

Three representatives voted no. Reed declared Jones had "brought disgrace on this state" and that it was up to a republican legislature to show President Wilson that "this state stands with him down the line."

**Would Hang Both**

Boise, Idaho, March 6.—Former Idahoans residing in Canyon county, Idaho, declared yesterday that at Caldwell they would hang in effigy Senators Cummins and Kenyon of Iowa to show their displeasure over their opposition to the armed neutrality bill.

**Fewer Violations of Speed Ordinances**

The police department has been especially quiet the past few days, and has received scarcely a call. Rap on wood, Chief Cooper. The officers are well pleased with the way in which automobile drivers of the city are endeavoring to comply with the traffic ordinance. Fewer corners are being cut and fewer drivers attempt to make kindling out of the speed limit. The officers wish to have the people feel they are there to help them instead of merely being on the watch for violations. Information regarding the law will be cheerfully given. The only criticism is that drivers are inclined to go too fast when passing a street car that is discharging passen-

**VIOLENT GERMAN ATTACK REPULSED**

**Assault Made On Mile Front --Attackers Suffer Heavy Loss**

Paris, March 5.—A violent German attack over a front of a mile and three-quarters, made in repeated assaults, was repulsed last night with heavy losses to the Germans, today's official statement asserted.

The German forces failed to get a footing anywhere except in advanced position north of Courieres woods, the statement added.

The attack, which was in sufficient force to indicate a general offensive, was in the region of Courieres woods and north of Verdun. The enemy's repeated attacks were broken down by the French curtain of fire.

The German assault came after a redoubled and prolonged artillery preparation.
