Court House News

A marriage license was issued by the county clerk yesterday afternoon to Ralph D. Adams, a farmer of Silverton, and Anna Storlie, also of Silverton; and Charles W. McCracken, a candy-maker of Pendleton, and Florence Belle Wilson, of 1460 Market street.

In the case of W. T. Gilbert against the Gloge and Rutger Fire Insurance company of New York, a bill of exceptions was filed yesterday afternoon in the appeal from the judgment of the lower court to the supreme court.

In the boundary line dispute of Sarah May Hansen against W. M. Bouffleur, the report of the commissioners appointed to fix the boundary line was filed today with the county clerk. The report states that the boundaries have been determined and the markings fixed. The commissioners were Walter Skelton, W. L. Skipton and M. E. Sullivan.

An amended answer of the defendant in the case of the Oregon Fruit Juice company against J. C. Gregory, the defendant, denying the allegations made in the complaint and sets up the statement that prior to the commencement of the suit against him he brought an action against the plaintiff company to recover the sum of \$1,918.82 damages for alleged wrongful conversion of a hydraulic pressing machine and equipment. He states that judgment was rendered against the juice company but that it remains unsatisfied. The company then appealed the case to the supreme court, which court has not yet made its determination. He asks that the suit against him be dismissed.

H. Herschberg, Lulu Strickland and Walter Strickland were appointed appraisers of the estate of Harriet A. Wanless, who died here recently.

The final account of the executors of the estate of Joseph Boehler was allowed yesterday afternoon and the executors relieved from liability. The share of the minor Joseph Kaspa Klost, amounting to \$500, which had been placed in the hands of the county clerk, was ordered turned over to the county treasurer.

Attendant Fitch Injured by Insane Patient Died Today

D. B. Fitch, the attendant at the state hospital for the insane who was battered about the head by an insane patient in an insurrection about two weeks ago and who was thought to be recovering rapidly, died today soon. Complications of a nature that have not yet been ascertained set in and caused the death. Coroner Clough, who is away from the city, will be notified when he returns and an investigation will probably be made.

Attendant Fitch and his wife came here a few months ago from Napa, California, where they were employed in a similar institution. They had been in the California institution several years.

When the insurrection broke out in the criminally insane ward two weeks ago, Fitch was sitting in a barber chair and was the first one struck in the attempt to overpower the guards and make a get-away. The first blow partially dazed him and cut a large gash in the back of his head. The second blow practically knocked him unconscious and cut another gash in his head. Still he fought against the patients.

That his life was not snuffed out was due to a patient who jumped into the fight and saved him.

Would Make Street Most Beautiful in City

If the property owners and residents of Marion street will co-operate with the Salem Floral society, within a few years it will be one of the most beautiful streets in the city. At the meeting held last evening of the society at the Commercial club, the society announced that it had 12,000 rose cuttings to give away and that the residents, of Marion street, which the society wishes to beautify, can have what they need for planting in the parkings. And it will not cost them a cent.

The society expects to plant roses in the center parking of Marion street and the city will take proper care of them. But cuttings given to the resident for side parkings are to be taken care of and planted by those living in the adjoining properties.

The official flower for Salem was not selected but a committee was appointed to suggest several and the people will then be called on to indicate their preference. This committee is composed of J. W. Mahoney, Ivan G. Martin, Mrs. Edward Tallman, J. J. Worcester and Mrs. Ross Moores.

Professor Peck in his address suggested that each street should follow out some special design in its parkings and that if possible there should be a general uniformity in the landscape work on each street.

'Star Spangled Banner' Must Not Be Made Medley

In order to prevent the desecration of the national anthem "The Star Spangled Banner" in theaters, music halls, or in any other public place by being played as part of a medley, or otherwise than a single selection, Councilman Nelson last night introduced a resolution in the council asking that an ordinance be passed covering that phase of the subject.

It was pointed out in the resolution of Councilman Nelson that the present was a time of national crisis, when keener ideals of patriotism should be aroused and the symbols of the nation be cherished. With these things in view during these troublous times, and to come within the nation wide movement to prevent any desecration of national song or emblem, the resolution was adopted and referred to the ordinance committee to be drafted into an ordinance.

TWENTY KILLED WHEN FAST FREIGHT RUNS INTO HALTED EXPRESS TRAIN

TWENTY DEAD IN RAILROAD WRECK AT MT. UNION, PA.

Twenty persons were killed when the eastbound Mercantile express on the Pennsylvania railroad was run into short by after midnight by a fast freight train at the station at the little mountain town of Mount Union, 43 miles east of Altoona, Pa. Several others were injured. The most seriously hurt were taken to the Blair Memorial hospital at Huntington, 12 miles west of Mount Union.

The express train had stopped to discharge passengers at Mount Union, and members of the crew were testing the air brakes when, without warning, the heavy freight crashed into the passenger train from the rear. A dense fog prevailed. Alongside the express train at the station was an accommodation train carrying workmen from the Mount Union powder plant, and this train had barely moved away from the station when the crash occurred. All of the dead were killed in a sleeping car.

Representative Bean Objects to Ballot Title of Land Grant Tax Bill

Four reasons for dissatisfaction with the ballot title to the Oregon-California land grant taxation bill that is to be submitted to the people at the special election on June 4 are given by L. E. Bean, of Lane county, author of house bill No. 302, which purports to give the state of Oregon the right to tax the O. and C. grant lands the title to which has been declared to revert to the United States government.

The action against the ballot title as prepared by the attorney general was filed in the circuit court for Marion county this afternoon by L. E. Bean, representative from Lane county, through McNary & McNary, attorneys. Declaring the ballot title unfair and insufficient he says:

First—The title purports to limit the right of taxation to unsold lands while the bill declares the right extends to all lands known as the Oregon-California grant.

Second—It fails to set forth mention of direction to list upon the assessment rolls of the respective counties the grant lands for taxation.

Third—It unfairly states the purpose of one section in the following words: "but purporting to exempt payment of state taxes thereon unless they are collected by the counties."

Fourth—That a portion of the title is an argument against the bill and prejudicial to a fair consideration by the people.

He suggests a title which he would like to have adopted in lieu of the one prepared by the attorney general.

TODAY'S WAR BULLETINS

Berlin, via Sayville wireless, March 6.—Attack of British forces, ceased by druffire, was repulsed again east of Beethausen, and a further attack in the same place was frustrated by "an annihilating fire," today's official German statement declared.

Desperate Fighting. Paris, March 6.—Desperate fighting continues in the region of Carrières wood and Douaumont, but violent efforts of the Germans to drive French troops from trenches which the French reconquered yesterday have failed, according to today's official report.

No Bread for Belgium. London, March 6.—After Saturday Holland will be compelled to prohibit the export of bread to Belgium, on account of the German submarine warfare, according to announcement made here from Dutch sources.

An Aeroplane Attack. London, March 6.—Naval reconplanes on Sunday dropped numerous heavy bombs over the German blast furnaces at Brebach, an official statement declared today.

Articles of incorporation were filed by the Moulton Lumber company of Portland for the purpose of conducting a general logging and saw mill business. The capital is \$2000 and the incorporators are F. M. Kottenberg of Vancouver, Clark county, Wash.; Otis Arnold, C. E. Moulton.

Judge Moreland Praises Chamberlain

Just at this time when Oregon is in the lime light on account of its senator who engaged in the filibuster that killed the bill giving President Wilson power to act in arming merchantmen, the fact that Senator Chamberlain backed the president is the cause of a letter of congratulation being sent him this morning by Judge J. C. Moreland clerk of the Oregon supreme court. The letter to Senator Chamberlain is as follows and is self explanatory of the feeling that is keen in the breast of every Oregonian:

"My dear Senator: "In the midst of these stirring times I am glad that Oregon has one senator who stands up for the flag, and I am proud that we have one who is doing it so splendidly as you are. I congratulate you on the work you are doing and have done in standing by the president. These are not times when men can afford to carry out their individual opinions. If they are citizens and patriots they must stand by those in authority."

Judge Bushey Pleased That Suit Is Brought

Judge Bushey, when seen this afternoon concerning the original proceedings of mandamus in the supreme court to compel the building of the Marion-Polk inter-county bridge, declared that anything was all-right with him so long as no dilatory tactics were employed in the bridge matter. That this was probably one of the best moves that could be made was his opinion, as it would shut off a long course of procedure through the lower courts to the supreme court.

That this proceeding had been kept a profound secret was evident because Judge Bushey was considerably surprised to find that both he and Judge Kirkpatrick had been made defendants in the suit. Judge Bushey planned shortly to go over and interview the Polk county court regarding coming to terms concerning the building of the bridge. If nothing satisfactory could be secured then he intended going ahead.
