HOUSE MAY ORGANIZE ON BIPARTISAN BASIS

Independents Ask Too Much—Extra Session Will Have To Be Called

Washington, Mar. 7.—(Reassurable closure, a compromise to modify unlimited debate rule of the senate—was agreed upon at a conference between President Wilson and senators at the White House this morning as a formal proposition to be presented to the republicans.

There is reason to believe that the president has been informed by the state department—that this cannot be officially confirmed—that he can arm ships if he wants to, the president is represented as desiring to take the step if empowered with the legal right.

In the house there is talk of a bipartisan organization, especially if independents show a tendency to tie up proceedings.

The revival meetings at the First Christian church are growing in power and enthusiasm. A splendid audience was present last night.

The revival meetings at the First Christian church are growing in power and enthusiasm. A splendid audience was present last night.

Further conferences of democrats and republicans were on today to augment the agreement reached last night to curtail the unlimited debate rule. There is expected to be a great deal of talk before the suggested change goes through, especially by LaFollette, Norris, Gronous and Cummins, who led the sensational filibuster which defeated the president's armed neutrality resolution.

Early today the president went over the senate program carefully with Senators Owen, Reed, Walsh, Swanson, Smith of Georgia and Jones.

The chances for a change in the rules were discussed in detail.

An extra session to pass supply bills before July 1 is admittedly inevitable but it is not believed the president will call one until the senate changes the unlimited debate rule, unless, of course, he needs congress for war declaration.

NOTICE—Don't forget the recital at the Bungalow Christian church on Friday night at 8 o'clock. Corner 17th and Court sts.

100 ACRES FOR SALE—Well improved, good location, crop and possession given at once. Phone 1222, evenings. 845 Marion street, Owner.

PRESIDENT MAY ORDER MERCHANTMEN ARMED

Has Been Told By High Authority He Has Power To Do This

Washington, March 7.—(United Press Staff Correspondent.) Washington, March 7.—Formal announcement by the president that he will instruct secretary of the Navy Daniels to arm American merchantmen is expected within a few hours.

The president, it became known today on highest authority, has been told he has the power to do this.

Immediately the order is issued Secretary Daniels will instruct commanders of navy yards at Boston, Philadelphia, San Francisco and other yards to issue the guns they have available.

In the meantime arrangements for additional armament will be rushed to completion.

The president's decision was reached shortly after a conference at the white house today with senators. He conferred also with Secretary Lansing, whom he had instructed, together with Attorney General Gregory to prepare for him a formal opinion as to whether he had power to go ahead with his armed neutrality plans for protecting the lives and property of American citizens, despite the filibuster that deprived him of congressional sanction.

Following his conference, the president is said to have wasted no time in reaching a decision.

It is said to have decided suddenly to await change of rules by the senate, which were designed to eliminate the unlimited debate rule and thereby make certain the passage of a resolution identical with that which the "wild few" men killed at the close of the session which died at noon Sunday.

Revival Meeting Growing in Enthusiasm

The revival meetings at the First Christian church are growing in power and enthusiasm. A splendid audience was present last night.

The special music by the Fagans is attracting a great deal of attention. Mrs. Fagan's solo work is receiving the highest approval of all.

A question box has been placed in the vestibule and the evangelist invites any bible question. A number were received and answered last night.

Rev. Porter, pastor of the church says: "The Fagans are giving more than satisfaction, on every hand we hear nothing but praise, and never a word of complaint. One must think as they listen to the evangelist's masterful sermons. People are reading the word of God to find if these things are true. One book store says they are selling more bibles than ever before."

The sermon last night was a logical presentation of the three fundamentals of Christianity, as stated by the evangelist: 1st, faith in God; 2d, an inspired bible as our only rule of faith and practice; 3d, a divine Savior.

Tonight the subject will be, "The Last Night in Sodom." Baptismal service at the close.

Went to Sleep in Auto Plunged to His Death

Portland, Ore., March 7.—Antone Cetero fell 160 feet to death today while he slept at the wheel of his automobile. His smashed machine was found at the bottom of the precipice near Sellwood, Cetero lay under the wreckage.

Wheel marks on the road indicated that the man headed straight for the cliff and shot from its brink at considerable speed. The coroner believes he must have been asleep as there were no signs of skidding or an attempt to stop. Cetero was a market gardener.

Washington Paper Used Stone's Picture As Leading Editorial

Washington, March 7.—The Washington Times today ran a half tone editorial headed "An Editorial That Needs No Reading."

Just above Stone's picture was the following: "Treason against the United States shall consist only in levying war against them or in adhering to their enemies or in giving them aid and comfort," article III, section III, constitution of the United States.

Just below Stone's picture was printed: "Expert officials of the navy department have devised a scheme or program for placing on board the merchant ships when they go out from our ports, and as part of their equipment, two or more small boats, submarine chasers, having unusual speed capacity. The plan is to have these boats, which shall be power boats, lowered to the surface on reaching a zone of danger. They are then to hover about the merchant ships, scout for hostile craft and attack when seen."—Senator Stone in his speech in the senate on Saturday

***** HOT TEA BREAKS ***** A COLD—TRY THIS *****

Get a small package of Hamburg Brew Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grippe, as it opens the pores, relieves congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

SALEM IN DANGER OF LOSING CO. M

Major Abrams Says This Will Happen Unless Company Is Recruited

Within sixty days, in the opinion of Major Carl Abrams, commanding the Third battalion of the Third regiment, Oregon National Guard, unless Salem gets back of Company M and places it on the footing required by the United States government, it will be mustered out of the service and the big armory located here will be closed to the public.

There are other places in the state of Oregon that are eager to have a company of national guardsmen, and are willing to furnish the requisite number of men, if they will be granted the authority to raise an outfit.

It was pointed out by the major that it is up to the city in which a national guard unit is stationed to require that unit up to the standards required by the government. Heretofore, when the state had charge of the guards, there was a great deal of laxity, but since the United States government has taken over the guard, it will not spend money in a community where it gets no encouragement or return.

A military company, when up to the requirements of the government, brings into the community from five to six thousand dollars each year.

It has been pointed out also that the young men of military age who should be training whether war comes or not, are not as willing to give their services here as they are in the east, where there is a keen patriotic fervor.

Girls and women in some of the eastern cities are stopping young men of military age on the streets and asking them if they are in training for service to their country, and if they reply they are not, the girls ask them "Why?"

Already, the state has received a preliminary order from Washington, D. C., to recruit to war strength, and this order is being carried out as rapidly as possible. This preliminary order was similar to the preliminary order sent out last June before the call came for service on the Mexican border.

COURT HOUSE NEWS

Signed by President Wilson, and with the real seal of the United States land office attached to it, and a dainty blue ribbon affixed, a patent to 40 acres of land in Marion county was filed with the Marion county recorder yesterday by the Northern Pacific railroad company. The patent was under the act of Congress of July 1, 1898, extended by the act of May 17, 1906, by which lands held by other persons than the company and a patent issued thereon. The entire patent to lands in Oregon covers 2157 37-100 acres.

A petition for his second naturalization was filed with the county clerk this morning by John Wirth, of R. P. D. No. 6, who was born in Berwold, Germany, in 1867. He sailed from Bremen, Germany, in April 1905 and took out his first papers in San Diego, 1906.

County School Superintendent Smith is visiting schools in Jefferson today and will be in Marion tomorrow.

A motion to make more definite and certain the complaint filed against him by Adolph Ask, was filed this morning in the circuit court by Earl Wood. The action is a breach of contract for the sale of potatoes and the defendant desires to know exactly the dates of delivery, the amount, and whether the deliveries were made on an express contract or on one or several agreements.

A marriage license was issued yesterday afternoon to Lawrence G. Bulgin, a farmer of Salem, and Vera Mae Diley, also of Salem. The wedding is to take place this evening.

In the action brought by A. Smiley against Fred Leifheit and wife, an action for breach of contract, the defendant has filed an answer denying certain parts of the complaint and admitting others. As a defense they set up that they did agree to accept the services of the plaintiff from September 24, 1915, until February 12, 1916, in return for board and lodging. They admit that the plaintiff loaned them \$16, which they agreed to repay after the sale of their potato crop. This sum they say is justly due and tender payment into court. They ask that the complaint be dismissed.

BICYCLISTS BREAK RECORD

San Francisco, Mar. 7.—The leaders in the six day bicycle race here were 20 miles and three laps ahead of the world's record in the 6th hour at 2:30 this afternoon.

Lawrence and Thomas, the leaders, at that hour, had made 1,327 miles and eight laps.

SCOTT RE-APPOINTED

Washington, Mar. 7.—President Wilson today re-appointed General Hugh L. Scott chief of staff of the army.

Re-appointment was necessary as the term of a chief of staff expires with the term of the president.

It was regarded as significant in view of General Scott's pronounced view in favor of universal military service.

Cuban Revolt Leader Is Captured by Federals With Members of Staff

Havana, Mar. 7.—General Gomez, leader of the revolt against President Menocal, and his entire staff were captured today by government troops.

Colonel Collazo, commanding the government troops which have been searching for Gomez, reported this afternoon that he surprised the revolutionists in camp near Placetas at 11 o'clock this morning.

Collazo's troops surrendered the rebels, he said, and attacked them. Gomez and his entire staff were captured in the running battle which followed.

Small bodies of men broke away from the Gomez band as the attack revealed overwhelming numbers against them, and escaped.

Collazo reported he was remaining at Placetas to pursue and round up the remnants of the band.

Gomez will probably be executed.

Think More Guards Should Be In Wards

Coroner Clough spent yesterday afternoon investigating the circumstances surrounding the death of D. B. Fitch an attendant at the Oregon state hospital, who died there yesterday of complications setting in in conjunction with wounds received in an insurrection of the patients of the criminal insane ward.

Coroner Clough examined the patient who struck Attendant Fitch, and he admitted readily that he struck him, and showed no remorse for it whatever. He went on to explain also that the uprising was planned for several days before. The coroner attaches no blame to the patient as he believes him to be irresponsible.

This morning the question was raised by several officers in an unofficial capacity as to the responsibility of the hospital authorities in allowing only two attendants on duty in the ward with about forty patients of criminal insane nature. It was suggested that this should not have been allowed on account of the danger from the patients. It was declared that the fact that such an uprising had never occurred at the asylum was no sign that among the criminally insane it might not take place at any time. It was also pointed out that some of the patients in the criminal insane ward are not really insane, but accepted insanity as a defense rather than go to the penitentiary.

With these men in the ward, it was declared not to be good judgment to allow only two men in the ward when there were so many who might be plotting to get away no matter what course might be pursued.

Cheese Factory Raided In Search For Liquor

F. A. Schubinger, whose cheese factory was raided yesterday evening by Constable Varney and Deputy Sheriff Oscar Bower and about 800 gallons of extremely hard cider confiscated, and who was placed in jail last night, was released today on furnishing \$500 bond He will be given a hearing Thursday morning at ten o'clock in Justice Webster's court.

The raid was made on authority of a search warrant issued by Judge Webster on instructions of District Attorney Max Gehlhar. Schubinger is charged with selling intoxicating liquor. The cider obtained in the raid was extremely hard, in fact it had 7 1/2 per cent alcohol in it, which is declared to be more than twice as much as contained in the strongest beer.

The liquor was in barrels, bottles, etc. Fifteen full barrels were found, and numerous half filled barrels and kegs, several dozen bottles of the home

WEIRD STORY OF PLOTS AND POISON

Prosecution Ends Its Case Against Conspirators to Kill Lloyd George

By Lowell Mellett, (United Press Staff Correspondent.)

London, March 7.—As weird a story of plotting and poison as ever was attributed to the Medici came to a close in Old Bailey this afternoon when crown, through Attorney General Sir E. Smith closed its case against the quartet accused of conspiring to kill Premier Lloyd George and Minister Arthur Henderson.

Attorney S. H. Riza, the Indian barrister who appeared as counsel for Mrs. Alice Wheeldon, Miss Hetty Wheeldon and Mr. and Mrs. Alfred Mason, the accused, announced in his opening statement that he would call each of the four to the stand. He indicated that the defense would be prosecution by police officials and unjustifiable linking of purely circumstantial evidence.

Mrs. Alice Wheeldon, eldest of the conspirators, mother of Miss Hetty and of Mrs. Alfred Mason, was the first witness for the defense.

She swore that inspector Gordon of Scotland Yard approached her as 'conscientious objector' to military service, concealing his true character as a secret service agent, and sought to obtain from her poison with which to kill certain dogs guarding friends of his—other 'conscientious objectors'—who were imprisoned in concentration camps, that they might escape.

brewed beer, a quantity of alcohol, some wine and whiskey were found by the officers. Part of the stuff was brought to the city but nine full barrels had to be left. They were brought in today.

According to the officers,
