A MOTHER'S TROUBLES

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time.

Any mother who is weary and languid should start taking Scott's Emulsion of Norwegian Cod Liver Oil as a strengthening food and bracing tonic to aid richness to her blood and build up her nerves before it is too late.

Now, while the funds provided under this bill for the improvement of the road beds in the above described counties cannot be available, nor any of the work done, until after this bill becomes a law in June, the other counties out of their own funds may prepare now and have ready for road surfacing this fall such portions of the roads as are on proper grade and have a solid foundation.

The counties in the lower Willamette valley all have more or less of such roads and will doubtless make application for road surfacing the same this fall.

Outside of the valley there are few counties in the state that are prepared either physically or financially for immediate road surfacing improvement, so that the problem will be to get enough roads ready for road surfacing before the winter sets in.

The egg market continues firm in Portland as the impression is that storage has diminished on the present figure.

The school program given in the hall here March 3 was very good and the whole enterprise is a great thanks to the faithful efforts of the teacher.
