

A Genuine Rupture Cure Sent On Trial To Prove It Don't Wear A Truss Any Longer

After Thirty Years' Experience I Have Produced An Appliance For Men, Women and Children That Actually Cures Rupture

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon today and I will send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember, I use no knives, no harness, no ties.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.
Dear Sir:—
Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as if it were the spot, no matter what position I was in.

The above is C. E. Brooks, inventor of the Appliance, who cured himself and who is now giving others the benefit of his experience. If ruptured, write him today, at Marshall, Mich.

Ten Reasons Why You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never chafes or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or unsightly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliance are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Child Cured in Four Months

21 Jansen St., Dubuque, Iowa.
Mr. C. E. Brooks, Marshall, Mich.
Dear Sir:—The baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you. If we could only have known of it sooner, our little boy would not have had to suffer nearly as much as he did. He wore your brace a little over four months.

Remember

I send my Appliance on trial to prove what I say is true. You are to be the judge. Fill out free coupon below and mail today.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich.
Dear Sir:—
Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 2 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,
WM. PATTERSON, No. 717 S. Main St., Akron, O.

Confederate Veteran Cured

Commerce, Ga., R. F. D. No. 11.
Mr. C. E. Brooks,
Dear Sir:—I am glad to tell you that I am now sound and well and can plough or do any heavy work. I can say your Appliance has effected a permanent cure. Before getting your Appliance I was in a terrible condition and had given up all hope of ever being any better. If it had been for your Appliance I would never have been cured. I am sixty-eight years old

SOCIETY

By ALINE THOMPSON
Mrs. Armin Steiner entertained informally yesterday afternoon, with a delightful bridge, her guests being the members of her club and a few additional matrons.
Four tables were placed for bridge, the score honors falling to Mrs. John Coughell and Mrs. W. D. Flecker.
At the refreshment hour the guests circled the table which was decked artistically with daffodils and St. Patrick novelties.
Mrs. Joseph Rothchild (Margaret Egan) has returned to her home in Portland after a short visit at the country home of her father, William H. Egan.
News has just been received from San Francisco, telling of the marriage of Ardee L. Wallace of this city and Miss Dora L. Patterson of Scranton, Pa., which took place in the bay city last night at the home of Mr. and Mrs. Edward M. Honnagan, 3219 Twenty Third street.
Mr. and Mrs. Wallace will leave San Francisco for Salem tomorrow and will

home on the Wallace road.
Her guests included about 15 members of the Sweet Briar club, and the afternoon was pleasantly devoted to sewing.
Fragrant violets and daffodils adorned the rooms, and the hostess was assisted in serving dainty refreshments by her daughter, Miss Patty Olinger.
The guests gathered about the table the places being marked with clever sketches of each member as she appeared at a recent masquerade party.

Mr. and Mrs. Lawrence G. Bolgin (Vera Dilley) whose wedding was an event last week have returned from a honeymoon trip to Portland and Astoria. They are the guests of Mrs. Bolgin's mother, Mrs. Mae Dilley, on State street and will be here for several days before leaving for Astoria, where they expect to make their home.

The Woman's Alliance of the Unitarian church will meet tomorrow afternoon at the home of Mrs. A. H. Moore, 1040 Leslie street.
Miss Ila Spaulding has as her house guest, Miss Janet Dawson of Albany. Miss Dawson came this afternoon and is a member of the Albany High School Orchestra, which is to appear at the Bligh theatre tonight.

Arrangements are being completed by the Elks for a ladies night to be given at the club house Tuesday.

March the twenty-seventh.
Entertainers from Portland have been engaged for the event and the evening will be full of delightful features.

Charles Wakefield Cadman, the eminent American composer and Princess Tsaianna, the Indian mezzo-soprano, who will appear in concert at the Grand theatre tomorrow night arrived in Salem today, and are at the Marion hotel.

COMMERCIAL CLUB TO STICK TO OLD HOME

Voted by One Majority to Move But Steusloff Withdraws Offer

Mysterious forces were at work last evening at the Commercial club to such an extent that when President Joseph H. Albert called for a vote on the proposition whether the club should accept the Steusloff offer of new quarters, there wasn't a man who favored the move that had the nerve to speak right out loud in meeting and say "yes."

But when the same motion was made and a vote taken by written ballot 56 registered themselves in favor of moving and 49 against. At this stage of the proceedings Fred H. Steusloff announced that in the interest of harmony and for the good of the organization, Steusloff Bros. would withdraw their proposition for new quarters in the building they erect on Liberty street opposite the Elks Temple. And by so doing Mr. Steusloff earned the good will of the members of the club and received the thanks of President Albert for solving a problem that for a time endangered the working spirit of the club.

Orators Are Scarce

The meeting last evening was called to give the members a chance to vote on the proposition of Steusloff Bros. to construct the second and third stories of a building on Liberty street for the Commercial club according to plans drawn by George M. Post. The rest figured out about the same that the club is now paying, but in the new building there would be much additional room and more conveniences. One of the advantages of the new quarters as stated by Manager McDaniels was that of an auditorium suitable for a Commercial club.

WHERE WINTER LINGERS

(Linho EXchange)
Backward turn backward, O time in your flight, give us July again, just for tonight; soften the ground where the frosts king has lain O let me hear one mosquito again. I am so weary of snow drifts and ice, weary of paying the coal man his price; weary, so weary of frost bitten pig—give us a slice of the 4th of July. Backward, swing backward, O seasons of snow-merry fifteen or twenty below; turn on the heat of the tropical zone, roast me until I am cooked to the bone. I am so tired of freezing my nose; weary of children and frost bitten toes; weary of trying to sleep with cold feet—turn on the heat, Mister, turn on the heat.

FRIDAY IS A LUCKY DAY

To prove this assertion we are going to put any style or color of rubber heels on your shoes for exactly one-half of the regular price or 25c. You can bring your shoes in any day this week and get them Friday. Do not miss this opportunity to save money. The Price Shoe Co.

RAYMOND ROBINS CONCLUDES LECTURES

Series Ends in Mass Meeting at First Methodist Church Last Night

Raymond Robins concluded his series of special lectures to the students of Willamette university last night at a mass meeting held in the First Methodist church. Governor Withycombe presided and introducing him, he referred to Robins as "one of the world's greatest social workers."

After thanking President Doney, the faculty and the student committees for past three days, he began a vigorous discussion of the subject of "Faith," as applied to an active career in a critical period of the world's history. "The supreme need of democratic institutions is leadership. The incarnation of democratic ideals in the men who care is the end." For the accomplishment of this purpose Mr. Robins gave as his reason for talking to some 70 student bodies in America. After 17 years of work he abandoned the hope of getting leaders from each class. "Class leadership makes men partisan," the labor leader can not be fair to capital in times of stress, and capitalist leaders cannot be fair to the just rights of labor. "We need leaders, who are as big as the state, the nation, who are big as the whole people." Among the students of America are the men and women who will run the nation in the next generations.

Speaking more directly on the subject of faith, Mr. Robins said: "Ideals precede reality and fashion reality." Bridges and all other great constructions of man were preceded by a mental vision of some man. "Every student needs a great faith in the moral universe." In elaborating this point he developed the ideals that governed Moses, Paul, Savonarola, Luther, Cromwell, Wesley and Tolstoi. "I wish you might have faith in the people. The future of America will come out of the great common spirit. Dare believe in life, people, and institutions that they may yet fulfill the plan of the universe. Each has his work to do, if world is to do its utmost best.

"Don't be a two-thirds man or woman, have your entire heritage, physical, mental, and spiritual. You will never have the full illumination of your life without spiritual factor. "I had three master motives in my life: I want money, mental dominion, and spiritual power." In the development of the latter Mr. Robins told of his experiences in the north. "For 18 years I have never challenged the ultimate results of righteousness. The Christian life needs three foundations: the Bible, and fellowship, Christianity is a social enterprise. Men and women, who have led in the advance of human liberty have been Christians.

Referring to the problems of the day, and especially those after the war, he stated that only three nations will be able to speak regarding the world affairs. They are Japan, Russia and the United States. Japan is dreaming the dream of Caesar. A greater Japan is master passion of all Japanese high or low. Russia will speak, for the war is awakening the nation to a consciousness. The only other nation equipped to speak is the United States. With her ideals in democratic and industrial institutions, America should lead the world. "There have been great leaders and great leaders in history, but never a great leader in the present. Mr. Robins left today for Corvallis where he will conduct a similar series among the O. A. C. students.

He Finds "Kondon's" on the Job.

Don't try to work with your head all stuffed up. A tube of genuine Kondon's Catarrhal Jelly will make you clear as a bell. 50 million intelligent Americans have used Kondon's for cold in head or nasal catarrh. Some druggists offer you complimentary trial cans. All druggists offer 25 cent tubes with the understanding that if the first tube does not do you a dollar's worth of good, you can get your quarter back from Kondon's Catarrhal Jelly, Minneapolis, Minn.

Painless Parker---Outlaw

His Confessions

CHAPTER I.
My legal name used to be Edgar Randolph Parker.
It's Painless Parker now by due process of law.
The reason? I'm an "unethical" dentist—and the "ethical" gentlemen of my trade didn't like my name, my ways, or me. Not one little bit.
They made me change my name.
And I am going to keep on advertising. For you, gentle reader, don't care whether I satisfy an old graver yard idea or not, so long as I do equally good dentistry for less than the men who call themselves "ethical."
I'm here, and I propose to stay here—just doing tooth-work, and incidentally, as a job, explain to you what the "ethical" dentists mean by "ethics."
Before I get through with the story I'll make you understand where some of this mysterious "bunk" came from. That will take us back to the sunny days of the original "medicine man," who, as far as I know, was the first successful faker.
(To Be Continued.)
