Market Unruffled by Strike Situation

New York, March 15.—The New York Evening Sun financial review today said:

Financial and securities circles awaited with more than usual interest the outcome today of the parley between the railroad managers and the brotherhood representatives on the strike situation. A variety of opinions were offered. Those all converged toward the view that there would be no strike on Saturday nor at any other time in the immediate future.

However this may be, the stock market continued the even tenor of its way quite unruffled by news of the day, whether favorable or otherwise. It is a matter for surprised comment daily that the general list steadily re-

sists all pressure, actually advancing at intervals in the face of bearish influences.

There are several reasons for this firmness. One of them is that there is unquestionably a very large short interest and that speculative lines have been practically all liquidated.

Prices in general ranged above the previous closing level, at times as much as two to three points and in case of certain of the specialties four to six points or so, until well into the afternoon session. When reports of revolutionary outbreaks in Russia began coming by wireless from Berlin, the market hesitated because it did not know how to interpret the news at once.

GERMAN SAILORS REPORTED SHOT

Philadelphia, March 15.—Two sailors of the interned German raider Kronprinz Wilhelm, at the Philadelphia navy yards were shot and wounded by United States marines, according to a report today, during a fight on the deck of the vessel last night. The story was denied at the navy yard hospital and the commandants office would not discuss it.

BATHE INTERNALLY And Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the lower intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help nature in nature's most effectual way by internal bathing and in an easy, non-habit forming way keep the intestine as sweet and clean as nature demands it to be for perfect health and sure defense against contagion.

Over half a million keen, bright, healthy people testify to its results.

Mrs. Harry J. Rhodes, of Rickreall, Ore., writes:

"The Cascade arrived. I have used it about a week. I presume you are accustomed to the revelations your patients send you. I deeply regret that I had not bought it a dozen years ago, when I thought I could not possibly afford it. I only wish it were possible for every sufferer to know; when they would make a sacrifice to buy. Yours truly—"

Just call at Daniel J. Fry's drug store Salem, Oregon, and request free booklet "Why Man of Today is only 50 per cent Efficient." The most efficient device for internal bathing, the "J. B. L. Cascade," will also be shown and explained to you if you so desire.—Adv.

ATTORNEYS SWITCH LIGHT ON SHERIFF

Inquire Into \$1,050 Contribution by Billingsley To His Campaign

Seattle, Wash., March 15.—United States attorneys switched the spotlight on Ex-Sheriff Robert Hodge today when they called Mike Hally, his campaign manager when he ran for governor last fall, to testify in the booze-graft conspiracy case against Mayor Gill, Chief Beckingham, Hodge and City Detectives Pysker, Poolman, McLennan and Doon.

Hally was asked to explain campaign contributions amounting to \$1,050 donated by Logan Billingsley, bootlegger, whose stories of municipal graft have entangled the local official.

William H. Pielow, co-worker with Billingsley, was on the stand and subjected to a grilling cross-examination following his testimony yesterday that he saw Fred Billingsley, brother of Logan, pay Chief Beckingham \$600 for a truckload of contraband liquor, and declared Fred had told him that Logan paid Mayor Gill \$4,000 for the return of papers seized in a police raid on one of their drug stores.

That Walter S. Patton, attorney for Chief of Police Beckingham told him in the latter's office "to keep away from George Vanderveer because, if there was any crooked work among city officials Vanderveer was mixed up in it," was a sensational bit of testimony by W. H. Pielow, Billingsley's transfer man, in the booze graft conspiracy this morning. It precipitated the most bitter fight yet staged between government and defense attorneys. It followed quickly announcement by Assistant Attorney General Reams that the government expected early tomorrow to close its case against Mayor Gill and the other defendants.

USE "TIZ" FOR SORE, TIRED, ACHING FEET

No More Puffed-Up, Burning, Sweaty, Calloused Feet or Corns

Just take your shoes off and then put those worn, shoe-rinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wiggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz"! It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." Its only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25-cent box of "Tiz" at any drug or department store—don't wait! Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

There are several reasons for this firmness. One of them is that there is unquestionably a very large short interest and that speculative lines have been practically all liquidated.

Prices in general ranged above the previous closing level, at times as much as two to three points and in case of certain of the specialties four to six points or so, until well into the afternoon session. GOVERNOR JOHNSON STEPS DOWN AND OUT

William Douglas Stephens Became Governor at Noon Today

Sacramento, Cal., March 15.—Hiram Johnson resigned his office as governor of California at noon today to become United States senator.

The resignation was handed to Secretary of State Frank Jordan who then prepared a commission for William Douglas Stephens, California's new chief executive.

A joint session of the senate and house of representatives was called in the assembly room at noon for a fitting ceremonial on the occasion of Johnson's retirement.

United States Senator-elect Johnson is expected to leave shortly after April 1 for Washington, D. C., to attend the special session of congress called for April 16. It was the calling of the special session which occasioned Johnson's resignation from the gubernatorial chair at this time.

Arthur H. Breed, Oakland millionaire, virtually becomes lieutenant governor upon the resignation of Johnson as governor. Breed is president pro tem of the state senate.

Governor Stephens is expected to follow closely the program of his predecessor in all departments.

Official Bulletin of State Game Warden Gives Information of Interest

Portland, Ore., March 15.—Fishermen and hunters may save fifty cents on each license by buying them before May 21st, as on that date the law passed at the recent session of the legislature goes into effect increasing the price of hunting and angling licenses from \$1.00 to \$1.50, and a combination license from \$2.00 to \$3.00.

State Game Warden Carl D. Shoemaker says that there has been quite a rush for licenses in many parts of the state, due in all probability to the fact that the raise in licenses will become effective soon. Other changes in the game code made at the session of the legislature just closed are as follows:

Free running dogs, or dogs following upon the track of any game animal, may be declared a nuisance after notification in writing to the owner of dogs, and the animals may then be killed without any criminal or civil liability on the part of the person killing the same.

One-half of all fine moneys will hereafter be sent to the credit of the Game Protection Fund.

Women are exempt from purchasing angling licenses, but must obtain a hunting license if they desire to hunt for any of the game birds and game animals of the state.
