

—but pleasing your taste isn't all

Not by a long shot! Because lots of cigarettes may please your taste—you've never expected a cigarette to do more than that.

But Chesterfields do something else besides please the taste—

Chesterfields just "touch the spot," they do what cigar smokers say a cigarette can't do—they "SATISFY"!

And yet, they're mild!

It's the blend—that's the idea! That, together with the extra high-quality of the Imported and Domestic tobaccos. And the blend can't be copied.

If you want good taste in a cigarette, and then more than that: a cigarette that "satisfies"—try Chesterfields, today.

TEX RICKARD IN LINE TO GET BOXING GAME

Brown Has Only 24 Hours to Dig Up \$300,000, and Digging Is Poor

By H. C. Hamilton.
(United Press Staff Correspondent.)
New York, March 15.—Tex Rickard, forced to back out of the way once, today loomed as the real, brass-bound contender for the boxing privilege at Madison Square Garden. Unless Grant Hugh Brown, who at last reports was running things in Madison Square and dig up a little matter of \$300,000 today he will be invited to move his office safe and other incidentals and the New York Life Insurance company will look for other tenants.

There was no reason to believe that ten or twelve hours more would mean any more to Brown than a month did. He couldn't convince Paris Singer yesterday that \$300,000 more would save the \$100,000 already invested. However, he was granted the extra time in the hope that something might develop.

Mesaville Rickard and his partner, Sam McCracken, sat back to await developments. When it all over Tex will begin where he left off when Brown was given the Garden boxing license.

Tiresome Tongue Boxer.

Milwaukee, Wis., March 15.—Fight fans believe that Les Darcy is planning to accept a match here soon. The boxing commission is today in receipt of letters from Fred Gilmore, the Australian champion's sparring partner, and from Darcy's lawyers. These letters give Darcy's side of the Whitman incident and also state that no one is authorized to sign for the champion. Gilmore asks the commission whether it intends to follow the Whitman ruling in case Darcy signs for a bout in Wisconsin.

Ryan To Meet Burns.

Baker, Or., March 15.—According to Charles N. Ryan of Portland, Tommy Burns has signed articles to meet Willie Meehan of San Francisco over the four round route at Seattle, April 25. Ryan is a close friend of Burns. He declares that Burns told him these facts in Butte, Mont., and that the former champion is training hard to get rid of his excess poundage.

Will Meet Stecher.

San Francisco, March 15.—Antone Irsa, a Bohemian wrestler, who tips the scales at 240 pounds and says he has no fear of the scissors hold, will meet Joe Stecher Tuesday evening at the Civic Auditorium. Irsa is inclined to question Stecher's right to the title of champion of the world.

Wrestler Versus Boxer.

San Francisco, March 15.—To decide whether or a boxer is superior in the game of self defense "Fighting Dick" Hyland, once famed as a lightweight will meet tomorrow night at a local cafe. Hyland will adhere to the Marquis of Queensberry rules while Miller will conduct himself according to the rules for wrestlers.

Capital Nationals Won Championship

The championship of the Commercial Basketball League of the Y. M. C. A. was last night won by the Capital National bank team by defeating the Price Shoe company in the second game of the championship series by the score of 7 to 5. The game was probably the most important of the year. The Price company in order to have one more opportunity at the championship had to win the game which they were unable to do.

At no time since the beginning of the Commercial league series did the bankers play as good a game as they did in the contest last night and the guards, Ryan and Socolofsky, are particularly to be commended on the work they did in intercepting passes and breaking up the team work of their opponents.

Captain Baker scored the total seven points made by his team. Baker had his eye for baskets from the foul line with him and was successful in scoring five of a possible six throws. He also scored a basket from the field early in the game.

For the Price company Gill scored one from the field and foul line each and Bayes also scored one from the field.

Captain Utter for the Price company, congratulated the members of the bank team after the contest and said that while he was sorry that he lost he knew that the better team won. The loss of Dr. R. T. McIntire by the Price company during the important games of the series seriously crippled the Price team. His leaving is held to be responsible for the loss of the championship by the Price team.

The line-up:
Capital Nat. Bank—Price Shoe Co.
Johnson..... Bayes (2)

Baker (7)..... Fruits
Ryan..... Utter
Socolofsky..... Collins
Officials: O. E. Franke, referee; H. S. Radcliff, timer; O. B. Gingrich, scorer; Glen C. Niles, doorkeeper.

State House News

According to the tariff filed with the public service commission by the railroads the new rates from Portland to Chicago from all cities in the Northwest has been increased \$3. Under this new ruling the traveler will pay \$109 to go from Portland to Chicago and return. If he goes by way of San Francisco direct to Chicago and return the same way he will be required to pay \$133.10; if he takes the steamer instead of the train from Portland to San Francisco his fare will be \$128. Should the traveler desire to go by way of Seattle on the Prince Rupert route, it will cost him \$121. In going from Salem, the fare from this city to Portland will be added.

Edward J. Judd, Astoria; C. G. Wilson, Linton; Jacob Spicer, Portland, and W. E. Mahoney, of Portland, were re-appointed yesterday by Governor Withycombe as members of the state board of pilot commissioners. They are to serve for two years, and were first appointed by the governor in 1915. In making the appointments, the governor

DON'T LET SOAP SPOIL YOUR HAIR

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

commended highly the work of the board.

In reply to a query from R. L. Oriatt, publisher of the Insurance Intelligence of New York, asking whether the laws of the state of Oregon allow the writing of insurance against bombardment and explosion, Insurance Commissioner Wells stated yesterday that the insurance laws of the state do not permit the writing of such insurance. The communication states that in the east, on account of so many explosions in munition plants, it has been found necessary to write this kind of protection. Commissioner Wells stated also that when the new insurance code goes into effect on May 29, insurance companies will be allowed to insure against explosion and casualty companies against bombardment.

An extension of time until May 1, 1917, is asked by the state highway commission of Oregon of the secretary of agriculture through the office of the attorney general, for the purpose of coming under the federal act to secure aid for the roads of Oregon. The commission cites the fact that it was not created until February 28, 1917, while the federal act requires that applications for the federal aid must be made before October 1, 1916.

Governor Withycombe yesterday re-appointed A. C. Marsters, of Roseburg, a member of the state fair board. His term of office expired yesterday. The reappointment is for four years.

This part of Polk county is without the daily mail today, as the mail carrier could not get his rig across the river, on account of the ferry boat not running. These ferry tales are different from the fairy tales of our childhood, when the fairies performed our wishes as soon as spoken. Here's hoping for better times.
