J. E. Adams, who is in charge of the navy recruiting station in Salem, with quarters in the postoffice building, reports that recruiting for the navy shows a net gain of 2,086 for the 28 days of February, the greatest gain that has been made in any month since the Spanish-American war. There has been a gratifying increase in recruiting, especially in the southern states. There are now 217 navy recruiting stations in the country. There are 22,622 vacancies in the allowed complement of the navy. Now-a-days, if the young man who enlists in the navy is ambitious, he is given ample opportunity for study and advancement.

"The Cookery" is the latest in Salem to help the good housekeepers who haven't time or inclination to do their own cooking or who need specialties for any occasion. Mrs. Chas. E. Bier and Mrs. M. H. Farrar have opened a home cooking establishment at 307 North Liberty street at the Bier home. They have remodeled the residence and will have their formal opening next Saturday. Mrs. Bier has lived in Salem nearly all her life. At the opening Saturday every one is invited to attend, especially the ladies who will appreciate the advantages of securing their fancy and staple cooking that is really home made.

LEGS ARE TABOO Cambridge, Mass., Mar. 15.—Legs, even men's legs, are still a shock to Boston. When the Harvard Hasty Pudding club applied for permission to have some of its actors at the home talent show next month, dance a bare-legged back to nature affair, Censor John McCassey put his foot down on their legs, as it were. "Men's legs, or women's legs," said he, "it makes no difference. Bare legs are shocking, unless as part of a bagpipe player. As women's legs, men's legs cannot appear."

Hauser Bros. Collection of Arms Interesting For variety and period of time represented, the collection of antique firearms which has been the cyrene of all eyes in the Hauser Bros. store window for several days, is unique in its way. The Hauser Bros. have been in the sporting goods business in Salem, Albany and Eugene for several years, and during this time only have succeeded in bringing together a collection of firearms which is probably the largest private collection in Oregon. There are pistols, revolvers, guns and knives and the exhibit has had a crowd of admiring and interested spectators all this week. Have a look.

Captured 300 Quarts of Real Skid Grease Tacoma, Wash., March 15.—More than 300 quart bottles of whiskey packed in five barrels labeled "skid grease" and estimated to be worth \$2000, are in possession of James Wood, internal revenue officer here today. The shipment was seized last yesterday by Wood at a local dock after it had been unloaded from the steamer Governor.

Early Morning Fire Causes Dress Rehearsal Los Angeles, Cal., March 15.—Eight hundred of the exclusive Rosslyn hotel fled into the streets thinly clad early today as a result of a fire discovered in the older part of the establishment. The basement of the hotel and some of the business houses in the hotel block were damaged. The loss is estimated at \$100,000. Y. K. Lee, a Korean, was injured by jumping from the third floor. Confusion reigned as smoke swept through the upper floors of the hotel and for a time it was feared the panic among the scantily clad men and women would result in loss of life. However, the majority of the people escaped by the stairways and elevators, and the rest were rescued from fire escapes or their rooms by firemen, police and hotel attendants. The hotel itself was not greatly damaged. Small business houses in the Rosslyn building facing on Main street were badly damaged by both fire and water.

WILL BUILD CRUISERS Washington, Mar. 15.—Dissatisfaction with recent bids offered by American ship builders for naval vessels has virtually caused the navy department to decide to construct four of its five new battle cruisers on a cost basis, plus a 10 per cent profit, to the private builders. The fifth cruiser will be constructed in a government yard, according to present plans.

WANT THE APPAM Washington, Mar. 15.—Motion for a mandate to turn over the German prize ship Appam to her British owners, in accordance with the supreme court decree on March 6, was filed in the supreme court today on behalf of Henry G. How to Prevent Croup When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overloaded stomach may bring on an attack, also watch for the first symptom—hoarseness, and give Chamberlain's Cough Remedy as soon as the child becomes hoarse. Obtainable everywhere.

High School Notes The baseball situation at the high school is in a doubtful way. On account of lack of funds the student body cannot appropriate any money to this activity which in the past has been one of the main athletic activities of the school. Manager Ross however has scheduled games with teams that will pay Salem's way to their town but will not demand a return game in Salem. These teams are Amity, Woodburn, Silverton and Mouse and are not expected to put out good teams, so Salem will not play any team of her own class as the prospects are now. If any funds are raised games will be likely to be scheduled with the larger Willamette valley teams if those teams have an open date.

Track season will soon begin. Coach Fletcher will call a meeting Monday for the purpose of lining up track prospects which from present indications seem to be good. Manager Bales has so far scheduled meets with Eugene, Lincoln high of Portland and the O. A. C. freshman. He has also scheduled a dual meet between the Willamette valley high schools sometime in May.

Many students have secured tickets to attend the Cadman concert given Friday evening at the opera house. The concert is under the direction of Miss Magers of the singing department, and many of her pupils will attend in a body. Rank Foolishness You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in mid-summer as in mid-winter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effective and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.
