FOR THROAT AND LUNGS STUBBORN COUGHS AND COLDS Eckman's Alternative SOLD BY ALL LEADING DRUGGISTS

SOCIETY

By ALICE THOMPSON

HONORING her house guest, Mrs. Thomas Sims of Portland, Mrs. W. S. Mott yesterday entertained with a charming Kensington.

A small group of friends of Mr. and Mrs. A. N. Gilbert gathered at their home Sunday to be guests at the charming dinner given in honor of Mr. Gilbert...

Mr. and Mrs. Hay Gilbert's small daughter, Miss Eleanor Gilbert, also shared honors with her grandfather, on the occasion and the guests included not only their older friends but several little tots.

The dinner table for the older folks was most artistically appointed with a long floral piece of lovely pinkish lavender primroses, and lavender candles, while pink and white hydrangeas adorned the table circled by the youngsters.

The guests were: Mr. and Mrs. Isaac Lee Patterson, Mr. and Mrs. Bernard O. Schucking, Mr. and Mrs. Ray D. Gilbert, Mrs. G. W. DeBeek of Vancouver, B. C., Miss Margaret Cosper and Little Tommy and Dorothy Livesley and Charles Bier.

Mrs. Charles A. Thompson and daughter, Miss Rosa Thompson, of Portland, are visiting the former's mother on Capitol Hill.

Mr. and Mrs. Roy T. Bishop and two small children of Pendleton, are the guests of Mr. Bishop's parents, Mr. and Mrs. C. P. Bishop. They arrived yesterday and are accompanied by Mrs. Bishop's sister, Miss Louise Burmaster, also of Pendleton.

Mr. and Mrs. William H. Burghardt Jr. will be hosts tonight for a small informal dinner. Their guests will number eight and later in the evening several more friends will join the party for dancing.

Mrs. Charles Gray who came to Salem Saturday to attend the tea for which Mrs. John H. McNary was hostess, has returned to Eugene.

A small informal dinner was presided over Monday evening by Mr. and Mrs. William Cobell Dyer.

The affair was planned as a little attention to the Misses Gertrude and Margaret Gray and their house guest, Miss Eva Bailey of Hillsboro, and Miss Greta Looney of Jefferson.

Foreign Missionary society of the Methodist church assembled at the home of Mrs. Ray L. Farmer, several days ago to meet Miss Ada Holmes, who for sixteen years was a missionary in India.

The hostesses for the afternoon were Mrs. Farmer, Mrs. U. G. Boyer, Mrs. W. D. Smith and Mrs. Frank Wilbur Chase.

During the afternoon Miss Holmes gave an interesting talk, and Miss Lelah McCaddam sang several pleasing vocal solos. The Kings Herold and Light Bearers class composed of about 20 little folk, also entertained the guests with fancy drills and songs.

Miss Eva Bailey of Hillsboro, who has been the house guest of Miss Gertrude Gray and Miss Margaret Gray for the past week, left yesterday for the Steiwer ranch near Jefferson where she will visit Mrs. Karl Steiwer (Janet Gray). Before returning home Miss Bailey will return to Salem for a short visit.

Saturday was the occasion for a pretty St. Patrick's party at the home of H. H. Vandervort on North Winter Street, when Mr. and Mrs. Vandervort and Mr. and Mrs. U. G. Holt were joint hosts for the Cherry City Flinch club.

Graceful spikes of pussywillow effectively combined with shamrock and other decorations suggestive of the occasion, made an appropriate background for the players who circled several tables of flinch. The card games were followed by a dainty repast.

Ralph Miles and Miss Lyra Miles who are attending Pacific college, came home the latter part of the week to spend several days with their parents, Mr. and Mrs. B. C. Miles.

At the home of Mr. and Mrs. J. E. Hockett, 215 Highland avenue, a reception will be given Friday night for the new members of the Highland Friends church.

The reception committee for the evening includes Mrs. C. A. Cole, Mrs. W. P. Bingle, Mrs. M. McLeod and Mrs. Joseph N. Smith and they will be assisted by Miss Veve Moorman, Miss Isola Smith, Miss Hazel Lucher and Clifford Armstrong.

Mrs. Carey F. Martin left yesterday for Grangeville, Idaho, where she was called on account of the illness of her mother.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box, 25c.

Certificate of Award for Non-Tardy Pupils

As a reward to those boys and girls of Oregon who can establish records of having been neither absent nor tardy during the school year, J. A. Churchill, superintendent of public instruction, is preparing a beautifully lithographed Certificate of Award.

SOME RAINFALL San Francisco, Mar. 21.—Honolulu, T. H. was wet yesterday with a rainfall of 13.34 inches for 24 hours, ending at 8 o'clock this morning, according to a report received here by the United States weather bureau, whose records show the precipitation double that ever recorded for the area.

There was no wind and no reports of damage were received.

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound."

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, nervousness, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

ILLIHEE GOLF CLUB WILL HAVE FINE HOME

Spacious Building of Peeled Logs To Be Built On Old Golf Grounds

After so long a time and years and years of waiting, Salem will soon boast of a country club house that will compare favorably with any in the northwest. This announcement is made by Asahel Bush, president of the Illihee Golf club and by T. A. Livesley, who has been active in urging the building of a home and through whose efforts the logs have been secured.

For the country club home is to be of rustic design, of peeled logs. It is to be built in the form of a Maltese cross, after plans and specifications drawn by George M. Post. These specifications are all now completed and within a few days contractors will be asked to submit bids. The building will cost about \$4,500.

From a view standpoint, probably no more beautiful location could have been found for a country home. It will be located on the crest of the hill of the old grounds at Finzer, overlooking the Willamette river on the east; and with a view of Salem and the dome of the capitol on the north.

The dimensions of the building are to be 40 by 60 feet. The lower floor will include men's locker and women's locker, wood rooms and boiler rooms.

The main lounge room with its large fireplace will be 37 feet wide and 44 1-2 feet long, with an alcove six feet deep and 20 feet long on one side and the same for an entrance on the opposite side. The dining room on this floor, adjoining the lounge or dining room will be 10 by 14 1-2 feet with a kitchen 10 by 13 1-2 feet.

The entire structure will be of peeled logs 20 feet long and eight inches in thickness. At the south end of the building there is a gallery opening into the care taker's room and the card rooms. A well is now being drilled and is already 200 feet deep. The building will be lighted by an Edison B 430 volt lighting system, which has already been purchased.

The building will probably be completed by the first of July. It may be of interest to those who are interested in dancing that the lounge or dancing room of the club, compared to the Moose dancing hall, will be just one foot narrower and seven feet shorter.

MILITARY TRAINING TO COME UP LATER

Nothing Doing In That Line Until After Summer Vacation

There will be no military training in the Salem high school during this semester and if the boys wish to drill next week their weapon will possibly be a broom stick instead of a musket. The law passed by the legislature for military training in the high schools of the state does not become effective until May 21 and this would not permit of a proper organization this semester.

Although there could be no regular company of cadets formed at once, there was a disposition among the directors at the meeting held Monday night to give the boys the drilling and exercise they have been asking for, and this matter will come before the board at the meeting Monday evening.

Whatever is done in the way of military training will be done next fall and even then, the military side will be made subordinate to that of physical exercise. The board really prefers to give the youth proper physical training and then add a mixture of the military.

The recommendation of Superintendent Todd were along this line, with the physical training for every girl and boy coming first. His recommendations were—first, that the student be given compulsory physical exercise and physical training which will develop not only the body, but the education of the boy or girl; second, the teaching of military history, personal hygiene and camp sanitation; third, the teaching of the love of country and willingness to serve it; fourth, military training, in the sense of training with the musket annual of arms and close formation.

Out of the 400 minutes per week assigned for this work, the military side will have only 75, while the physical training will be given 225 and the remainder of the 400 for preparation of recitations and study.

Chairman Lee was strongly in favor of compulsory physical exercise and all agreed that physical exercise was first and then the 75 minutes a week for the military training.

NEW LINE GERMANS (Continued from page one.)

parts have chosen every feature of topography as an aid. All natural advantages have been utilized and developed.

All this change comes at the very point where Germany's enemies had planned a new spring offensive—and an offensive backed this time with redoubled power. The French and British had planned to take the initiative from the old positions, which they had perfected.

Terrific Task for Allies. The German withdrawal secures for Germany the initiative for the fighting while putting the enemies at a disadvantage because they will lack prepared positions.

As officials here express it—the entire troops must now go forward over desolated fields into uncertainty, facing the unknown, the sinister possibilities of the latest master stroke of Hindenburg.

PERUNA in Your Home

A housewife must give the first aid in colds, coughs and other ailments. Her promptness in applying the remedy often saves a serious illness. Her experience with remedies has led her to know that PERUNA is always reliable, that she should have it on hand for the immediate treatment of coughs and colds, and that it is always to her.

The Family Safeguard

The experience of one woman, given herewith, is typical of thousands of letters that reach the Peruna Company from grateful friends who have found their homes incomplete, and their family safety in danger without PERUNA.

Colds and Catarrh

The great weight of testimony that has accumulated in the 44 years that PERUNA has been on the market proves it, beyond question, to be the reliable family remedy, ever ready to take, preventing the serious effects of colds, coughs, grip and disarrangements of the digestive organs. This proof is published from time to time and many families have profited by it.

Remember you can obtain PERUNA in tablet form for your convenience. Carry it with you and be fortified against sudden attacks. The Peruna Company, Columbus, Ohio

German experts think weeks and months will pass before the entente can strike at the real bulwarks of the new German system. Even before this strike they will be compelled to make enormous sacrifices.

German soldiers have labored like ants to change the face of the country. Not only will Germany have the advantage of a carefully prepared line in her new move, but army officers pointed out today through shortening her front, Germany can save her offensive power. That saving may be of decisive importance in future operations to follow very soon.

The shortened line will free a large number of troops. Not only will Germany have these men—but the victorious army which conquered Rumania is likewise free.

When She Lounges She Lounges In This

ALSO FRENCH. Made of velvet and satin brocade and voluminously trimmed with white fur, this negligee gives a rich effect with its drapes and feminine softness that is very appealing to youth. Please note how the black spangiel contrasts with the white fur.

Painless Parker---Outlaw His Confessions

CHAPTER VI. My new experience as an itinerant, street preaching dentist stiffened my resolution to practice my profession as I saw fit, no matter what my brother tooth-mousters might have to say about it.

That next day I took in \$8. Out of this sum I sent my mother \$5 to help the family in its straggle of circumstances. The other \$3 I stuffed into my jeans.

The chatter of those silver pieces in the place where coin had been absent so long was one of the most delightful sounds I ever heard. It made me feel like a man again.

Once more I looked that "ethics" question in the face, and had a stand-up talk with myself. I couldn't see why, because I was striking out on a new line, I was doing anything wrong, even if all the dentists in the world objected to my peddling my goods like a huckster. "Ethics" might make pleasant reading, but it had proved poor collateral at a lunch counter, —Adv.

I labor under the delusion that this is a free country, and no man can dictate to me just what I shall do. I shall employ so long as I keep within the law, charge fair prices and molest no other man. By the way, don't that sound like a pretty good definition for "ethical"?

Satisfied that I had finally caught my stride and tickled to death that, last, I had a chance to try my professional training into real, clanking dol-

lars, I made up my mind to establish myself in the town for a time. I opened an office in the hotel, rigged up an old rocking chair and an upholstered soap box, and went after the business like a cat-tailor.

Incidentally, that's exactly the way I have felt about it ever since.

Incidentally, that's exactly the way I have felt about it ever since.
