Market Is Nervous Wheat Goes Lower

Chicago, Mar. 21.—Nervousness caused by the unsettled international situation coupled with renewed peace intimations from neutral European sources continued to be felt in the grain market today.

All futures showed slight declines at the opening and suffered further losses. May wheat opened down 1-4, subsequently falling off an additional 2-8 to \$1.84; July dropped 5/8 at the opening and later declined 1-3/4 to \$1.55 1/2; September was down 1-4 at the opening and later lost 1-8 to \$1.43 1-8.

Corn was sympathetic, though firmer. May opened down 1-8 and declined later one cent to \$1.11; July opened down 1-8, subsequently losing 7-8 to \$1.09 3-8; September opened down 1-8, later declining 5-8 to \$1.08 1-8.

Oats were slightly lower with major grains. May opened unchanged but subsequently declined 5-8 to 58 1-4; July opened down 3-8, later dropping 3-8 to 56 1-8.

Provisions were irregular.

Reward of \$500 Is Offered for Kidnaped Boy

Five hundred dollars reward is the sign blazoned on a poster received by county School Superintendent Smith today announcing that James Douglas Glass, of 13 Lianna Place, Jersey City, New Jersey, has been kidnaped since May 12, 1916.

If information concerning this child is given to Charles Glass at the above address the money will be paid and no questions asked. The child's age when kidnaped was 4 years. He has a fair complexion, heavy light hair, cut Buster Brown, blue eyes, good teeth, a full face, and does not talk plainly.

He was last seen at Greely, Pike county, Penna., and was in a Ford automobile with a woman and two men. It is believed he may be in some of the public schools of the county and county school superintendents are asked to make a search for any child about five years old who answers to the above description.

NOTICE Notice is hereby given that I have impounded the following described dogs in compliance with ordinance No. 1494, to-wit: One female, black with white spots, weight about 30 pounds; one male black shepherd, white neck, nose and feet, weight 55 pounds; one female bull terrier, black, weight 45 pounds; one male cur black with white spots, 50 pounds; one female, black and white spotted shepherd, 38 pounds. The above dogs will be killed if not redeemed by owners on or before March 22, 1917, as provided by said ordinance.

HIRAM GILL TRIAL DRAGS ALONG SLOWLY

District Attorney Reames Turns Guns On Defense's Star Witness

Seattle, Wash., March 21.—Demand that Assistant Attorney General Clarence L. Reames investigate the alleged payment by Logan Billingsley of fifteen thousand dollars to Eddie Mesdorf, waiter in Chancery Wright's Third Avenue restaurant, Tuesday to induce him to stubborn testimony in the booze-graft case, and that prosecutor Alfred H. Laidie file charges against Logan and Fred Billingsley for perjury, were sudden moves made by Defense Attorney Walter Polton, Wilmon Tucker and Frederick Bausman, counsel for Mayor Gill and Chief of Police Beckingham in the federal conspiracy case against them and Detectives Peyer, Poolman, McLennan and Doom late Tuesday.

Reames was in consultation with Defense Attorney Tucker over the matter until 2 o'clock this morning. Logan, according to Polton, went to Mesdorf Tuesday night in Wright's restaurant and is alleged to have paid the \$30 to induce the waiter to substantiate testimony that Arthur Hutton was in Billingsley's rooms August 30.

At the trial this morning, Reames turned his guns on Otto Fry, star witness for the defense, in an effort to break down cross-examination of his story of how Logan Billingsley told him of "framing Mayor Gill" by manufacturing the rumor of the \$4,000 bribe.

Reames demanded of Fry to tell whether or not he was a German spy, or even had been. Fry denied any connection with the German government but admitted having been shadowed by United States secret agents during the recent Franz Bopp trial in San Francisco.

KNIGHTS OF PYTHIAS OFFER SERVICES Central Lodge K. of P. Uniform Rank Will Tell Uncle Sam It Is Ready

Central Lodge No. 18, Knights of Pythias of Salem, Oregon, is the first uniformed rank of any fraternal organization in the United States to plan to offer its service to President Wilson in case of war.

This action was taken at the meeting of lodge last night. And not only did the Knights of Pythias offer their services, but the keeper of the records and seals, W. B. Gilson, was instructed to correspond with the adjutant general as to what action should be taken. A meeting will be held next Tuesday evening to further take up the proposition.

Lodges at Silvertown, Dallas, Woodburn and of other adjacent towns, affiliating with the Knights of Pythias have been invited to take similar action and to aid the Salem lodge in raising a company.

By an act of Congress passed and approved in 1881, the uniformed rank of the Knights of Pythias is recognized by the government as a military order and all that will be necessary to go into active service is that of mustering in. It is expected that 50 members of the lodge will report for the meeting next Tuesday night.

Court House News

A marriage license was issued this afternoon by the county clerk to James A. Burns, a farmer of Shaw, and Mrs. Pearl Miller, of Silvertown.

C. A. Heltzel has filed a complaint for the collection of a promissory note alleged to be due and owing from D. A. Yoget, et al., in the sum of \$1,050. Judgment for the sum of \$1,139.13 and foreclosure of the mortgage given as security is demanded.

A decree declaring that Gilbert G. Evans is sole and exclusive owner of certain land against the interest or claims of the unknown heirs of William Langlois was granted today by Judge Bingham.

Judge Bingham has granted a decree of divorce to Hannah C. Steelman from Sol Steelman. The hearing was held March 17. They were married in North Carolina and he deserted her in Washington state.

NEW FRENCH PREMIER ISSUES DECLARATION

Asserts France Is Determined to Continue War To Successful End

Paris, Mar. 21.—"We are now in a position where we can fight with equal strength of arms as long as necessary—having what our enemies do not have, the sentiment that we are defending the cause of right and of civilization." So read a stirring statement issued by the new premier, Alexandre Ribot, today, to the people of France. It was his formal cabinet declaration.

Ribot reaffirmed France's intention to continue to the end. He lauded France's victorious soldiers, "already liberating part of the invaded territory—which is only a preface to new and supreme efforts against the enemy."

The new premier likewise declared his intention to direct general politics, with parliament, leaving a generalissimo in complete direction of army operations.

He announced new taxes and a law to prohibit importation from foreign countries of articles unnecessary to the life of the country.

"With our allies," he concluded, "we have the common ideal and spirit of liberty and brotherhood, which guarantees the future peace wished by the president of the great American republic, as to condition and organization of society and of nations."

The message also "salutes Russia," and expresses the hope that the "revolution will go on without shedding of blood."

9,000,000 IN AMERICA OF GERMAN STOCK Of These 1,869,590 Were Born in Germany—Many Went to Mexico

Washington, March 21.—There are about nine million persons of German stock in the United States, according to information obtained by the United Press from the census bureau of the department of commerce.

The 1910 census shows that there were in the United States at that time 8,232,915 persons of German extraction, distributed as follows: Born in Germany 2,501,182; born in America of German parents 3,911,847; born in America and having one parent born in America and another in Germany 1,820,886.

Of the 2,501,182 persons born in Germany, 1,278,567 were under 21 years old and over. Of these 829,007 were reported as naturalized, 92,039 as having taken out their first papers and 127,103 as aliens. The enumerators were not able to ascertain any facts as to citizenship of the remaining 170,537.

Records as to the number of Germans who were returned to the fatherland since the European war broke out are not available.

Since the relations between Germany and this country became strained the number of males over 21 born in Germany has greatly decreased by reason of the fact that thousands of these Germans, most of whom are German reservists, have gone to Mexico.

This exodus of German reservists to Mexico is one of the "vital matters" this country has to consider in case of hostilities, according to a high department official.

High School Notes

Coch Pipal of O. A. C., spoke to the students this morning on the importance of athletics in life. "This is an age of strenuous endeavor where we are all striving to do something and to make everything count for something. To be able to meet the daily tasks our body must be in condition. To keep our bodies in condition we must take some form of exercise."

With these thoughts as his main topics Coach Pipal gave an interesting and convincing talk. He also told how harmful tobacco is to the growing boy. Taking the reports that various colleges had made on the subject he showed that the non-users were from 13 to 75 per cent more efficient than the users of tobacco.

The members of the senior class are having their photographs taken for the annual. Two members go to the studio every day. In this way the photographer's work is divided. The work is being done by the Jenks studio.

The sophomores defeated the seniors 37 to 7 in the first of the interschool basketball championship games last night in the gym.

The sophomores took the lead at the start and steadily piled up a large score. The seniors were unable to hit the basket or pass to any extent.

The lineup: Sophomores: Gregg, Thrapp, Hulsey, Gill, Latham. Seniors: Weller, Durbin, Huggins, Bayes, Wilson, Hagedorn.

OLD-TIME GOLD CURE—DRINK TEA!

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Printers Grabbed Three In A Row

The Printers upset the "pi" as far as the Salem Alleys was concerned in the city league bowling contest held last night when they grabbed three games straight. Doolittle of the Printers again captured high game with 234 points and high average with 222 points.

The following is the score of last night's contest:

Weekly Reort of Union Stock Yards

North Portland, Ore., Mar. 20.—Cattle.—Offerings of cattle yesterday totaled about 900 head. The market hauled a slow and drizzly opening at 10 cents to 15 cents lower prices, but the late trading rallied and the market closed rather steady to last week's quotations.

Closing transactions were the highest of the day. There was a good many beefs in the run, probably the largest offering for many months. The quality of the run as a whole was not very good, there being only three or four loads of real prime beefs here.

Several loads of prime grain fed steers crossed the scales at \$9.85, which equalled the record these yards established two weeks ago. Several other bunches sold at \$9.50. The big end of the beef steers sold from \$8.50 to \$9, the bulk of which were very light. Good fat dairy steers brought from \$8 to \$8.50, while the medium kind sold from \$7.50 to \$8. There was a good trade in feeders, a number of loads being sold from \$7.75 to \$8. Several small loads of heifers sold at \$8.25, while the best cows sold from \$7.50 to \$8. The market on she stock was fully steady with last week.

Most all the cows were the medium grade, selling from \$6.50 to \$7.75. Ordinary light-dairy cows brought from \$5 to \$6.50, while canners sold around \$5. There were only a few good heads here yesterday. They sold steady, bringing \$6.50 to \$6.75, while a few ordinary bulls brought from \$6 to \$6.50, and several common light dairy bulls brought from \$5 to \$5.50.

Hogs.—There was rather a moderate supply of hogs here again totaling about 1,500 head. Demand was good and market

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You—Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatism, twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jial Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jial Salts cannot injure anyone; make a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
