Mr. and Mrs. Howard Blyven visited relatives in Salem Sunday. Joe Maguire called at Frank Mahony's Sunday afternoon.

Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but Does the Work Quickly.

The finest cough syrup that money can buy, costing only about one-fifth as much as ready-made preparations, can easily be made up at home.

Any drugstore can supply you with 2 1/2 ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup.

Shake thoroughly and it is ready for use. The total cost is about 54 cents and gives you a full pint—a family supply—of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat, moistens, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely.

Nothing better for bronchitis, spasmodic cough, whooping cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with guaiaicol and is known the world over for its prompt healing effect on the throat membranes.

Will disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
